A REMINDER OF SENATE’S REASON FOR EXISTENCE

California Code of Regulations § 53200

Academic Senate means an organization whose primary function is to make recommendations with respect to academic and professional matters. Academic and professional matters means the following policy development matters:
1. Curriculum, including establishing prerequisites.
2. Degree and certificate requirements.
3. Grading policies.
4. Educational program development.
5. Standards or policies regarding student preparation and success.
6. College governance structures, as related to faculty roles.
7. Faculty roles and involvement in accreditation processes.
8. Policies for faculty professional development activities.
9. Processes for program review.
10. Processes for institutional planning and budget development.
11. Other academic and professional matters as mutually agreed upon.

These academic and professional matters are often called the 10 + 1 items over which the senate faculty have primacy. The intent of the law is to assure effective participation of all relevant parties, and to ensure that the local governing board engages in collegial consultation with the Academic Senate on matters that are academic and professional in nature. Consult collegially means that the district governing board shall develop policies on academic and professional matters through either or both of the following:
1. Rely primarily upon the advice and judgment of the Academic Senate.
2. The governing board, or its designees, and the Academic Senate shall reach mutual agreement by written resolution, regulation, or policy of the governing board effectuating such recommendations. (El Camino’s selection)

Education Code §87360 (b) requires that

Hiring criteria, policies and procedures for new faculty members shall be developed and agreed upon jointly by representatives of the governing board, and the academic senate, and approved by the governing board.

Unless noted otherwise, all page numbers refer to the packet used during the meeting, not the current packet you are reading now.

Summary of events during meeting
1. There have been several staffing changes, mostly among deans.
2. Faculty minimum qualifications are due to SD soon.
3. Two policies from the Educational Policies committee will be ready for the next meeting
4. $100,000 in one-time funds is being spent on faculty development. See page 32.
5. Senate officer elections are coming this semester.
6. Ann Collette is retiring at the end of the semester.
7. Core competencies (i.e. campus-wide SLOs) were distributed and will come to senate for ratification.
8. Senate’s constitution will need to change to incorporate Compton. CEC will get 5 senators if the current draft is enacted.
9. An emergency motion passed related to senate’s participation in the faculty reductions at Compton and the effect on Compton’s curriculum.
10. The senate’s executive council created a list of agenda items for the semester, including 4 high-priority items.

President’s report – Susan Dever (henceforth SD)
1. Potential agenda addition: potential endorsement of Mike Botello for Board of Governors.
2. Transitions – Ian Haslam (Dean of Health Sciences & Athletics) and Kristi Blackburn (Dean of Fine Arts), have resigned from El Camino College. Haslam was replaced by interim dean Neil MacCallen, while Blackburn is being replaced in-house temporarily. Ron Way (Dean of Industry and Technology) will retire at the end of the semester. Kathy Townsend (director of nursing) may soon retire also. We have a new Vice President of Student Services, Jeanie Nishine. Dipte Patel is now the permanent director of the Special Resource Center. We have a lot of vacancies both here and at Compton.
3. ECC has begun a review of minimum qualifications for being hired as a full-time faculty. Compton has adopted the state minimum; ECC has a few extra and/or different requirements for some areas. Make sure your division has sent any suggested revisions to SD as soon as possible. This should be finished in March.

Minutes – no action was taken during the meeting

Educational Policies Report – Evelyn Uyemura
Two board policies will be ready for senate at the next meeting: audits and library policy. Discussions about Board Policy 2510, regarding participation in governance, is at a standstill. On the agenda for the next meeting: dismissal policy and probation.

Faculty Development – Lisa Raufman
Page 32 contains a draft of a budget for Professional Development at ECC. There is a one-time source of $100,000 to use this year, and these funds will be primarily allocated for conference attendance. Note on page 33, item 7, that we are planning a local version of the Great Teacher’s Seminar. Everything you see is still in draft. Compton also received similar funding.

The senate’s VP of Faculty Development will need to be filled next year.

Finance and Special Projects – Lance Widman
*PBC*
Minutes appear on page 37 which primarily deal with the state budget. The state budget is quite supportive of community colleges. Page 41-42 contain PBC’s recommendations for $1 million for this academic year (from a total pot of $2.5 million, $1 million of which was previous allocated by the president). The recommendations focused on student retention. The $1 million in funds are one-time only. PBC expects the balance (approximately $500,000) will be devoted
to Program Review. On page 43-45 are a draft version of the PBC minutes of the October 19 meeting. This meeting dealt with a resolution passed by senate expressing disappointment in this year’s handling of the budget. However, when the minutes were officially approved, that discussion and the motion itself were expunged from the minutes. The Board of Trustees has seen (because it was also passed by senate) but not responded to this resolution. It was noted that law only requires the Board to respond if the Board disagrees with the motion.

Deans Council
The council is focusing on enrollment management, specifically almost entirely about recruitment. Retention and success are rarely mentioned in these discussions. SD noted that in most of the Enrollment Management meetings, the focus has been on the mechanics of getting students through. The people in the meetings feel that success and retention are supposed to be a faculty-driven process.

Elaine Cannon noted that the effect of financial aid and its dispersal is related to student retention and success.

Legislative Action – Pete Marcoux
A state daily report website has a link with a list with all of the relevant-to-us bills in the state legislature, including a few interesting ones about athletics, fees, student conduct. This will be

Accreditation is on our plates for the next year or so. We need faculty participation in this process. Similarly, faculty are needed for SLOs.

Elections for academic senate officers, excluding president, will be near the end of this semester.

Curriculum Committee – Janet Young
At the end of this semester, Ann Collette, who has served ECC for over 30 years, will be retiring. Good luck and may fortune be with you, Ann!

There are 6 curriculum meetings scheduled this semester, and the committee will focus on course review for courses that haven’t been reviewed in 10+ years. The committee is also working on revising the distance education approval process. Currently this process goes through the Distance Education Advisory Council, which is an additional step. The committee is also focusing on getting the electronic course outline system functional.

Compton Center report – Saul Panski
Report deferred to new business.

Student Learning Outcomes – Lars Kjeseth & Jenny Simon
Report deferred.

Calendar Committee – Lyman Hong
No report. One thing that occurred this year is this semester began on a Saturday, which was followed by a holiday, and then two days where computers were down to print class rosters.
Academic Technology Committee – Pete Marcoux, Michael Wynne
John Wagstaff announced during a committee meeting that software has been budgeted $900,000, although this may not include academic software.

Distance Education has begun to switch to Etudes (from Blackboard), and the transition has been problematic. It could be a powerful tool when the bugs are worked out.

ECC is focusing on enrollment management, but staff shortages are severely affecting certain areas, such as distance education (which is run largely by one person: Howard Story).

Accreditation – Arvid Spor & Susan Dever
Accreditation is moving forward. There has been some attrition on some committees, in particular, the instructional program standard IIa. We need more involvement on this particular subcommittee. See the email Evelyn sent out this morning (February 20).

Enrollment Management – Francisco Arce & John Baker
No report.

New Business
Student Learning Outcomes – Lars Kjeseth & Jenny Simon
The first two pages (51-52) of the report on SLOs, contain a good summary. Towards the end of the report are a few good examples of course level SLOs. Please thank your divisions for the work done to date, including on flex day. Much progress was made on Spring flex day.

Handed out: the list of core competencies, which also appear on page 50 and again on page 64 in the packet. The core competencies are basically a set of “folders” into which program-related and course-level SLOs will be sorted.

The SLO committee will ask senate to ratify the core competencies at a future meeting.

It was noted that there is no conflict with the core competencies and ECC’s mission & vision statements, although the core competencies were not developed in parallel. It was also noted that the college mission & vision statements may soon be revised.

The department and division level SLOs were developed by both ECC & Compton faculty. There is only one set of courses and one set of SLOs for the two institutions.

Academic Senate’s Constitution
The Compton Education Center needs to be incorporated into the ECC academic senate, and this requires revising the constitution. This revision needs to be done soon.

The ECC folks have been very supportive of the language that was drafted to revise the academic senate constitution. The gist is that the Compton center would count as a “division” in terms of senate representation. That would entitle them to 5 senators.
**Compton resolution**

A motion was handed out regarding “Consultation with Academic Senate to ensure provision of comprehensive educational programs at a formally designated center.”

According to AB318, Compton would continue to offer a comprehensive educational curriculum. However, low enrollment may cause elimination of faculty and possibly specific programs. The motion asks that the ECC senate be consulted before such decisions are made. Saul Panski asked that the motion be treated as an emergency.

There is a suspicion that faculty (and/or program) reductions are being done for financial reasons, but nothing has been indicated in public that suggests Compton is in financial trouble, such as using much of the $30 million loan permitted by the state.

The emergency motion was made by Doug Marston & Pete Marcoux. The emergency status passed. Then Pete Marcoux & Lisa Raufman moved to approve the motion.

It was noted that this is also relevant to ECC, because processes like these might develop at ECC.

It was also noted that the senate’s role regards effects on curriculum, and that this is a matter related to curriculum.

Several changes were suggested. Replace “consulted” with “integrai1ly involved, as stated in Code 53200, before any decision about any proposed program or faculty reductions at the Center take place, and …” and “requests” changed to “requires.” Change “offerings” to “programs.”

The “resolved” now reads:

> Therefore be it resolved that the Academic Senate does hereby require that it be integrally involved, as stated in Title 5, Subchapter 2, Sections 53200–53206, in any proposed program or faculty reductions at the Center, and that it be provided with a plan that will ensure that comprehensive educational programs will continue to be provided on that campus under the auspices of the El Camino College District.

The meat of this issue is that senate be involved in this decision.

The motion passed with one abstention.

**Upcoming business**

The senate executive council set 4 high priority items for this semester:

1. Senate constitution and structural changes (to incorporate Compton into senate)
2. Accreditation self study, program review, SLOs, and faculty participation
3. Enrollment management
4. Collegial consultation and shared governance

Other tasks include, in no particular order:

1. Elections for senate officers
2. Constitutional changes
3. Board policies (e.g. Ed policies committee outputs)
4. Review of minimum qualifications and equivalencies of faculty
5. Reviewing course pre-reqs, co-reqs.
6. Reviews and recommendations for online grade submission, attendance, etc.
7. Hard copy, printed class rosters vs online class rosters
8. Automatic class waiting list
9. Overlapping class times for courses
10. Increase Friday classes to meet needs and increase enrollment
11. Simplifying priority registration
12. Audit policy

Announcements
Fire Technology expects to graduate a woman from its program this year, for the first time in a little while.

ITS may shut down Colleague during the spring recess. These decisions are made primarily to reduce impact on ITS, rather than reducing impact on academic programs and registration.

Meeting was adjourned at 1:55pm.
Present: Dr. Arce, Dr. Baker, Ms. Jeffries, Dr. Dever, Mr. Middleton, Mr. Robertson, Ms. Smith, Dr. Spor, and Ms. Pickens.

1. Board Agenda – Administrative Services – Coca-Cola Contract. There was a concern that the machines were in place before Board approval. There was some political controversy involving this company and if Board members were politically concerned this could have posed a problem.

2. Guidelines for Addressing Disruptive Student Behavior – The final draft was presented by Dr. Baker. These guidelines have the support of ASO, Academic Senate, and the Student Council. Pages one and two of these guidelines will be printed on card stock – and will be made available to faculty. The accompanying forms (A&B) will be used to document these incidents and will be available in each division dean’s office. Harold Tyler will do the initial training on Flex Day. Donna Manno will coordinate additional training in the future.

3. District Vision Statement, Mission Statement, Statement of Philosophy, Statement of Values, Guiding Principles & Strategic Goals for 2004-2007 – It was decided that College Council will want to make revisions. Arvid Spor will provide definitions as to what “vision,” “missions,” and “statements of philosophy” should include and samples of best practices. The Strategic Goals section will be updated by the participants in the upcoming Planning Summit.

4. Build a Sense of Community – There is another Electric Cart Parade scheduled along with staff development opportunities. This semester the Compton Faculty are being invited to join our Flex Day activities. There will be a continental breakfast and then everyone will break out into Division meetings. Student Learning Outcomes will be a major topic. Dr. Dever reported that the Academic Senate will host a social-lunch during the lunch break. There are also many activities that occur in April and May. It was noted that perhaps the campus community is not being made aware of the various activities on campus that do promote a sense on community. Dr. Baker will work with Harold Tyler on identifying these types of activities and getting the information out to the campus community. It was noted that “mandatory” flex training activities do not “build a sense of community.” Some employees had a problem with being notified that the first session of “Why I Like you…” was mandatory. Dr. Marsee will work on changing the wording of that announcement. The fact is that there will be a follow up training on this one and without the first training – it would not make sense. Dr. Marsee will speak with management staff about this.

Agenda for the January 29, 2007 Meeting:
1. Minutes of January 22, 2007
2. Review process of recommendations from other committees. This will be discussed at College Council on January 29, 2007
4. El Camino College Committee Listings on Portal
5. College Council Newsletter- Glendale College “Chaparral” review – Don Brown will follow up

1. 2006-2007 Goals and Timelines
   a. Define Collegial Consultation and Shared Governance – and communicate to campus community. This was assigned to Dr. Baker with a due date of February 14, 2007.
   b. Resolve how to get information out and responses back to College Council. Discussion is on-going.
   c. Review Procedure 2510 – Collegial Consultation. This was assigned to Dr. Baker with a due date of February 14, 2007.
   e. Build a sense of community. This will be discussed by College Council on January 22, 2007.
   f. Review process of recommendations from other committees. This will be discussed at College Council on January 29, 2007

2. El Camino College Committee Listings – on Portal
   The Committee Listing was reviewed. Committee status will be updated/researched/minutes posted by the identified persons. Each person is to report back at the December 4th College Council meeting.
WHEREAS, On June 30, 2006, Governor Schwarzenegger signed, as urgency legislation, Assembly Bill 318 (“AB 318,” Chapter 50, Statutes of 2006) in order to address the Compton Community College District’s (“Compton CCD”) loss of accreditation, assure the ability of students in the Compton CCD to obtain their education from an accredited institution, and to continue to address the Compton CCD’s financial difficulties; and

WHEREAS, pursuant to “AB 318” the Legislature vested the Chancellor of the California Community Colleges with the authority to extend the suspension of the authority of the District’s governing board. Education Code section 71093(d) provides that “the chancellor is authorized to assume, and delegate to the special trustee, those powers and duties of the Board of Trustees of the Compton Community College District that the chancellor determines are necessary for the management” of the District. This section further provides that “[t]he Board of Trustees may not exercise any of the powers or duties assumed by the chancellor;” and

WHEREAS, pursuant to Resolution 2006-01 the Board of Governors of the California Community Colleges acted in a similar manner, authorizing the Chancellor “to delegate to the Special Trustee all of the rights, duties, and powers . . . of the governing board of Compton” Community College District; and

WHEREAS, the Chancellor exercised his authority in Executive Order No. 2006-01: “The Chancellor continues the suspension of the authority of the Board of Trustees of Compton.” The Chancellor then appointed a Special Trustee, and authorized him to assume the rights, duties and powers of the Board of Trustees of Compton suspended pursuant to the Executive Order to the full extent necessary to manage Compton; and

WHEREAS, accreditation is a means for ensuring academic quality and accountability for the colleges in the California Community College system. Additionally, students of the California Community Colleges must attend an accredited community college in order to participate in federal financial assistance programs. The loss of accreditation presents a severe burden for the students of the District and the communities served by the District (“AB 318,” Chapter 50, Statutes of 2006, Section 1); and

WHEREAS, the Legislature has determined that it is necessary to provide continuing educational opportunities for the residents of the Compton Community College District (Chapter 50, Statutes of 2006, Section 1(f)); and

WHEREAS, pursuant to “AB 318” and Education Code Section 74292, the Special Trustee on behalf of the Compton Community College District has entered into a Memorandum of Understanding with the El Camino Community College District, pursuant to which the El Camino Community College District provides an accredited educational program at Compton College; and
WHEREAS, Compton College is now an educational center of the El Camino Community College District for purposes of providing accredited instruction; and

WHEREAS, despite the loss of accreditation and the provision of academic services by the El Camino Community College District, the District remains the employer of the academic employees providing educational services at the El Camino College Compton Center pursuant to Education Code Section 74293(a)(1); and

WHEREAS, employees of the Compton Community College District providing services pursuant to the Memorandum of Understanding with the El Camino Community College District must meet not only the minimum qualifications established by the Board of Governors of the California Community Colleges but also such other job-related qualifications for service that are established by the El Camino Community College District as the partner district, as required by Education Code Section 74293(a)(1); and

WHEREAS, pursuant to Education Code Section 87743, it is the opinion of the Special Trustee that it has become necessary to reduce or discontinue particular kinds of services now being performed by Compton Community College District employees; and

WHEREAS, this Special Trustee does not desire to reduce the services of full-time academic employees based upon a reduction of average daily attendance during the past two years; and

WHEREAS, various faculty members who have performed service in the particular kinds of service identified for reduction or discontinuance in this Resolution in years prior to 2006-2007, but who have provided no service in these particular kinds of service during the current academic year (referred to below as “unassigned faculty”), claim entitlement to at least probationary status; and

WHEREAS, these faculty may claim the right to be assigned up to full-time in these services for the 2007-2008 academic year; and

WHEREAS, the District disputes this assertion and believes that these faculty should be classified as temporary and not entitled to participate in this layoff process; and

WHEREAS, if these employees are entitled to probationary or permanent status and to an assignment in the services identified below, the District will be over-staffed in these services; and

WHEREAS, these employees are identified for layoff as a precaution in order to avoid overstaffing for the 2007-2008 academic year; and

WHEREAS, for the reasons set forth above it is the opinion of the Special Trustee that the following particular kinds of service be reduced or discontinued for the 2007-2008 school year:

   -- Registration stats are posted on Portal.
   -- There are 132 concurrently enrolled high school students for spring. This is a high enrollment figure as high school students are not scheduled to register until January 31.

   -- ECC is offering 12 classes at the high school for spring.
   -- Enrollment has increased 14% from the 23 feeder high schools comparing fall 2005 to fall 2006.

I. Distance Education Plan: The distance education plan was presented to a number of
entities including Academic Senate, Academic Technology, PBC, Cabinet and deans for
general discussion. As a result, the plan has been funded. A. Grisby and H. Story presented
an overview:

-- Transition from Blackboard to Etudes (new course management system).
-- First onsite training was held on January 11-12 which included 24 participants.
-- The need to expand support for faculty to develop and transition their courses.
-- Need faculty technician specialist (release time) to assist faculty.
-- A help desk is available to students and faculty 24/7 funded by a grant from the
  Chancellor’s office which is available for Blackboard only.
-- Success of the distance education program will be collaboration of all academic divisions.
-- 90 courses have been approved through Curriculum for online presentation. It will be
  possible to reach 150 sections with the support from the academic areas.
-- 62% of students who enrolled in distance education classes in 2005 and 2006 were
  traditional students between 18-25 years old; 32% are 26+ years old and 68% were females.
-- The success rate for distance education for 2006 was 73.5%; 2005 was 68.2%.

  beginning summer 2007.
-- Focus on DE faculty to make the transition and put support in place so traditional faculty
  will succeed.
-- Training available for part- and full-time faculty. A stipend is available for the
  conversion of classes for each course. Contractual issues may need to be reviewed.

OTHERS ATTENDING: Francisco Arce, John Baker, Rocky Bonura, Janice Ely, Ken Key, Jeff Marsee, John Wagstaff

Handouts: Budget pack, including:
- Preliminary Budget Draft #1 and Assumptions
- Guiding Principle #3

The meeting was called to order at 1:09 p.m. by David Vakil.

Noted: Virginia Rapp is the alternate for Ian Haslam.

Approval of Minutes: The minutes of January 18 were approved.

2007/08 Expenditure Projections: Copies of Draft #1 of the Preliminary Budget (and assumptions) were shared with the group. Noted:
1. ECC will borrow from summer of 2007 for this current year.
2. ECC needs growth.
3. Principal apportionment is projected to be $90 million for this year and $93 million next year.
4. Lottery income has decreased, so projections had to be lowered.
5. 4,367 per FTES. Next year it goes up to 4,543 with COLA (For 2008-09).
6. Total base credit revenue for 2007-08 is $84 million.
7. Local income will probably hold steady.
8. It was stated that declining sales income for the Center for the Arts is due to heavy local competition and lack of budget for booking acts.
9. An increase of 10 net in new faculty is anticipated in 2007-08 to maintain the full-time/part-time ratio. There will be a corresponding decrease in part-time faculty.
10. Next year is the recovery year (for enrollment) or the budget will have to be changed.
11. There is a difference between head count vs. how many units students are taking.
12. No salary increases have been added.
13. Gasoline funds have been increased 10%.
14. Insurance costs will increase.
15. Janice Ely will provide the figures in response to a request re: how much money was spent on utilities.
16. Equipment replacement money has been put into the campus-wide budget, and PBC needs to carry it forward.
17. $900,000 has been set aside for GASB.
18. There is no excess of revenue over expenditures for the next three years.
Guiding Principle #3: Draft copies of Guiding Principle #3 were shared with the group. The Guiding Principles are a way of working through the ECC/Compton relationship.

1. Guiding Principle #1 deals with the responsibilities of key administrators. There has been agreement on this.
2. Guiding Principle #2 deals with the definition of a Center vs. the District. Issues are still being worked out.
3. Guiding Principle #3 deals with getting Compton in sync with ECC’s budget process. The budget model is described in narrative form beginning on page 3.
5. These documents are intended for a Compton audience and were presented to the PBC for their information.

Comments:

1. There will be one more PBC meeting/opportunity for input before the budget is moved forward. Spring is the time for the PBC to make its recommendations to the president.
2. In response to a request, Janice will provide a list of positions that are open and not funded. A similar request was made for a list of positions that are open and funded.
3. Items/activities that were funded with one-time augmentations should be part of the spring budget development process. Decisions will have to be made regarding what programs/services will be continued.
4. PBC needs to validate the numbers and be in agreement by the time the Tentative Budget is finalized.
5. There are no salary increases in this year or the rest of this budget model.
6. The $900,000 figure for replacement computers came from John Wagstaff and was based on a 5 year replacement cycle.
7. Consolidation of computer labs is something that needs to be researched for possible savings on hardware and software costs.
8. Research on staffing configurations, Civic Center Rentals and the Insurance Benefits Committee was also suggested.
9. There is an Enrollment Management Workshop on March 2.
10. The $2.5 million could be used for seed money for ideas that would result in monetary savings.
11. PBC recommendations have been ignored in the past. Last year was the first time there was actual money available. This is the second year that PBC can make recommendations on actual funds.
12. Since the president has said that no budget recommendations will be considered unless they come through the PBC, the climate is perceived as different, and it is expected to get better. The PBC recommendations are more informed and consequently better also.

Agenda Development:

- ARCC Briefing
- Open, unfunded positions
- Utility expenditures

Meeting adjourned at 2:30 p.m.

BOARD POLICY 4070  Audit of Courses

It is the policy of El Camino College to allow students to audit courses. The instructor of the course will determine whether to accept a student as an auditor and the manner in which the audit is to be conducted.

Students who are enrolling in a class for credit have enrollment priority over students intending to audit.

Students who enroll in a class as an auditor cannot change their enrollment to receive credit for the course and cannot receive credit by examination for audited courses. Audited courses cannot be used to fulfill prerequisites.

Procedures for implementing the policy will be developed with collegial consultation with the Academic Senate, as defined in CCR § 53200.

Administrative Procedure 4070  Audit of Courses

1. In order to allow priority to students taking the course for credit, registration as an auditor will be processed only after the add period for registration has ended.

2. Students wishing to audit a course must receive written permission from the instructor of the class and the dean of the division. Audit forms will be available beginning the first day of class. Students may receive provisional permission to audit from the instructor, and may be allowed to attend class during the add period. The instructor will retain a copy of the audit form, and when the audit fee is paid, the instructor will receive a copy indicating that the student has registered as an auditor.

3. The fee for auditing a course is established by Education Code Section 76370 (currently $15 per unit.). However, students enrolled in 10 or more semester units of credit shall not be charged a fee to audit 3 or fewer semester units per semester. Audit fees are non-refundable.

4. Students enrolled in a course for credit may change to audit status only by first dropping the course. If the course is dropped after the refund deadline, fees paid cannot be used as payment to audit the course.

5. Classroom attendance of students auditing courses shall not be included in computing apportionment due the district.

Music Library Resolution

Whereas, the El Camino College Mission Statement expresses the institution’s commitment to offering quality, comprehensive educational opportunities is assured through the availability of academic and student support services, and

Whereas, El Camino College is dedicated to providing the technology, infrastructure and facilities to support teaching and learning, and maintaining optimal academic standards, and

Whereas, Schauerman Library is understaffed and, in lieu of being able to hire the needed additional librarians, the Director of Learning Resources has proposed a resolution to the problem by moving the Music Library holdings and staff to Schauerman Library, and

Whereas, the El Camino College Music Library is integral to student learning, and critical to success and retention, and

Whereas, the Music Library is the sole instructional support for the music program provided by knowledgeable and well trained staff hired explicitly for the facility, and

Whereas, the Music Library and its staff are centrally located in the music building to facilitate student and faculty access to diverse resources for immediate use in adjacent practice rooms, classrooms, and offices, and

Whereas, the Music Library, its resources, and its staff are integral to the success of the Applied Music Program which requires monitored student hours in the music building practice rooms, and

Whereas, the Applied Music Program and its individualized instruction is mandated for the completion of an A.A. degree in music, therefore

Be It Resolved that the Academic Senate objects to the proposal to relocate the materials and reassign the staff of the Music Library to Schauerman Library thus undermining the integrity of the music degree program and disrupting optimal academic standards, and

Be It Resolved that the Academic Senate unwaveringly supports the hiring of two librarians to fill the void in the staffing of Schauerman Library which supports teaching and learning for the entire campus and across all academic disciplines.

RESOLUTION – CONSULTATION WITH ACADEMIC SENATE
TO ENSURE PROVISION OF COMPREHENSIVE EDUCATIONAL PROGRAMS AT
A FORMALLY DESIGNATED CENTER

Whereas, AB318, the legislation authorizing a partnership between the El Camino and Compton Community College Districts, clearly calls for the continued provision of a comprehensive educational curriculum on the Compton campus, and;

Whereas, the El Camino College District has formally established the El Camino College Compton Educational Center on the Compton campus to implement the provisions of this authorizing legislation, and;

Whereas, there is the possibility that educational programs may be eliminated and full-time tenured faculty laid off in light of low enrollment figures at the Center during the 2006-2007 year, which could significantly impair the ability of the Center to provide comprehensive educational programs to residents and current El Camino College students; and

Whereas Title V, CCR, Section 53200, stipulates that it is a District’s obligation to either jointly develop and agree with or rely primarily upon the recommendations of the Senate to formulate and implement policies regarding curriculum, educational program development, processes for program review, and processes for institutional planning and budget development, and;

Whereas all educational programs offered at the El Camino Compton Education Center are El Camino instructional programs, and all faculty members at Compton are represented by the El Camino Academic Senate; and;

Whereas it is the strong belief of the Senate that any reductions in educational programs should be part of a comprehensive plan that incorporates the reassignment of qualified instructors to instructional programs or services that are currently understaffed;

Therefore be it resolved that the Academic Senate does hereby require that it be integrally involved, as stated in Title 5, Subchapter 2, Sections 53200-53206, in any proposed program or faculty reductions at the Center, and that it be provided with a plan that will ensure that comprehensive educational programs will continue to be provided on that campus under the auspices of the El Camino College District.
