Assessment Measures

Student achievement in History 140 will be assessed in four ways:

1. *Essay Examinations (60% of the grade)*: Writing an effective college level in-class essay examination requires that students have knowledge of the subject matter and that students have the ability to organize the knowledge into a coherent set of arguments. An effective essay has a clear introduction, a solid body of evidence and argumentation and a firm conclusion based on what was written. Unlike take-home essay examinations, an in-class essay examination must also contend with time. To ensure that you are exposed to wide range of assessment measures, students enrolled in History 140 will complete two essay exams in which major social, economic, political and cultural patterns will be reconstructed through the analysis and evaluation of historical sources. Dates TBA.

2. *Objective Examinations (30% of the grade)*: Students will complete in-class examinations in which historical periods, themes and ideas will be analyzed and evaluated to determine the accuracy of their presentation. These examinations will test a student's course knowledge base and a student's ability to read critically. Dates TBA.

3. *Seminars (5% of the grade)*: Creating a community of learners through academic and social involvement in the classroom encourages students to be active participants in the learning process and promotes their persistence in the pursuit of their educational goals, whether it be completing a certificate program, attaining an Associate of Arts/Science degree, or transferring to a four-year institution. To emphasize this aspect of your academic training, students will collaboratively address a variety of historical questions by analyzing primary and secondary sources in a seminar setting. Dates TBA.

4. *Resource Page (5% of the grade)*: Students will be introduced to research methodology by constructing a resource page that will cite scholarly monographs, articles and websites for a selected topic within the scope of this course. Through the completion of this assignment, students will gain knowledge of library resources and research methods. Dates TBA.

Student Grade Record

The course grade will be based on two essay exams, one process paper, and three objective exams. All assessment measures are graded on the 100% scale.
