

**Health Sciences & Athletics
Division Curriculum Meeting
September 30, 2014
Meeting Minutes**

Members Present:

Sandra Bartiromo
Tom Hicks
Janice Ishikawa
Julie Meredith
LeValley Pattison
Randy Totorp

Meeting was called to order at 1:00

Sandra Bartiromo – HSA DCC Chairperson

Ed Development 10, Ed Development 11 and Physical Education 277 are in Curricunet for DCC approval. Committee looks over and most people have reviewed. Jaymie needs to do more work before the two Education Development courses can move ahead. She needs to show lab hours as it shows currently all lecture hours. Course is lecture and lab. Also some improvements needed to typical assignment. And more objectives are needed. Julie Meredith will email Jaymie and let her know. Also Dipte and Rory both need to look at it before it goes forward.

Physical Education 277 is ready to go. Janice, Julie and Rory still need to go in and look at. It is important to move this on Chancellor's office is holding the AA Kinesiology degree until this complies with CID.

Ed Development 37 and Ed Development 38 are new courses that Julie Land is working on. Also slated on the curriculum plan is Deaf Culture for Deaf Students. Committee concerned that there might not be a big enough need for this course. Unsure if we can use "for Deaf Students" in the title. Need to research these. We need to invite Jaymie and Dipte to meeting when this course is addressed in the Spring.

Group also discusses the status of Physical Education 233B Advanced Pep Squad and Cheer. This course was submitted as a new course but is now back at the originator and in their hands.

Committee review the spring plan and discusses changing the meetings from Friday mornings to Thursdays at 1:00. Janice is not available on the 3rd Thursday of each month.

Mark Lipe – CCC Chairperson

Tom Hazell has submitted a distance education version of Physical Education 10 – Body Conditioning. Mark suggests that we have a special meeting to review this course in person. We should also invite Quajuana Chapman and a Distance Education Specialist as these courses are being scrutinized.

Next Meeting

There will probably be a need for another meeting this semester especially to forward on the new Intercollegiate Sand Volleyball course. This course is still in consultation but we will meet once we can get it at the DCC level.
