

El Camino College ADN Nursing Program

30 Unit Option

FILING PERIOD: The El Camino College Nursing Program accepts applications twice a year beginning the third Monday in September and the third Monday in March. Each application period will last for three weeks.

Who is eligible for this option?

The Licensed Vocational Nurse may establish eligibility to take the state licensing examination to become a Registered Nurse in California only, by completing a sequence of courses. The Associate Degree is **not** awarded upon completion of this program, and the nurse will always be considered a **non-graduate**. Applicants are admitted as space is available.

Prospective nursing students must complete the following steps in advance of the application filing period:

1. Complete the requirements for admission to the college.
2. Graduate from high school or earn a passing score on the General Equivalency Diploma (GED) or have earned an associate (AA) or higher degree.
3. Possession of a current California LVN/LPNs license (if applicable) and employment as LVN/LPNs for at least one year or more.
4. **SOCIAL SECURITY NUMBER:** The state of California requires all RNs to have a valid social security number. Nursing students will be required to show proof of a valid social security number **prior to entry into the nursing program**.
5. **INFORMATION SESSION:** Attend a mandatory general information session for prospective nursing students.
6. **PREREQUISITES:** Complete the following prerequisite courses to the Nursing Program with a minimum 2.0 grade point average: **Physiology 31** (4 units with lab) **and Microbiology 33** (4 -5 units with lab). All science courses must have been completed within seven years prior to the date the application is submitted.
 - a. **For any course in which a grade of "C" or better was earned, the EARLIEST course grade will be utilized.** Failure to submit transcripts with all grades posted will result in disqualification from the application process.
 - b. Note: Completion of a college-level Chemistry course with a lab is a prerequisite to both Physiology 31 and Microbiology 33 at El Camino College. A waiver for the Chemistry prerequisite (for Microbiology and Physiology) may be requested if the student has passed a high school Advanced Placement Chemistry Test with a score of 4 or 5 or has passed the ECC Chemistry Placement Test.
 - c. **REPEATS:** No more than one repeat of any basic science prerequisite (Human Anatomy, Human Physiology, or Microbiology) will be allowed within 7 years of the application filing date.
7. **GPA:** Have a minimum cumulative GPA of **2.0** in all remaining general education courses required for graduation.
8. **READING ASSESSMENT TEST (DRP):** Complete a reading assessment test with a passing score of 60 or greater. (If a student receives a score below 60, the student must complete remediation which includes enrolling in Academic Strategies 1abcd and completing the required 54 class hours). ***PLEASE NOTE: The DRP test cannot be taken more than one time. If you do not pass with a score of 60 or above after one attempt, you must remediate before you can progress into the nursing program. This includes students who have taken the DRP test prior to Fall 2009.**
9. **NURSING 48** Effective summer 2010, N48 Dosage Calculations will become a two unit class. N48 will be a Nursing Program requirement. Students applying to the nursing program in fall 2010 must have N48 completed or in progress. **(These courses can only be taken here at El Camino College, Torrance or Compton Center.)**

10. **TRANSCRIPTS:**

- a. U.S. transcripts from **all** colleges attended since high school must be mailed directly to the ECC Crenshaw campus Admissions Office or the Compton Education Center Nursing Department. **No hand carried transcripts will be accepted.**
- b. All transcripts from outside the United States must be evaluated by an ECC-approved foreign evaluation service.
- c. Transcripts must be received by the admission office no later than August 1 for fall applications and February 1 for spring applications.
- d. Students must confirm with the Admissions Office that transcripts have arrived prior to making a counseling appointment.

11. **NURSING COUNSELORS:** Contact the counseling center to schedule an appointment with a nursing counselor.

- a. Appointments should be scheduled well in advance of the application deadline but only after completing steps 1 - 10 above.
- b. Counselors will review applicant's documentation and if documentation is deemed complete, counselors will:
 - i. Complete a Nursing Program Verification form.
 - ii. Give the student a Nursing Program Application Form.
- c. Students should submit the completed application form to the Admissions and Records office on the ECC Crenshaw campus or the Nursing Office on the Compton Education Center campus.

12. **APPLICATIONS:** Applications for Compton will be given to the student from the *Nursing Department office*. Applicants for the Crenshaw campus will be given an application from the *Nursing counselors*. Applications for both campuses are only given once the counselor has completed the student "Nursing Program Verification" form.

APPLICATION REVIEW

1. There is limited enrollment and applicants are accepted as space is available.
2. Selected students will then be notified via **ECC email** that they have been conditionally accepted into the nursing program. Upon receipt of a conditional offer, applicants should print out any attached documents and choose one of the following options: Accept the offer or decline the offer. Acceptance or refusal of the conditional offer must be received **in writing** in the nursing office by the date specified in the email. Failure to reply by the specified date will result in the removal of the applicant's name from the applicant pool. Upon receipt of the applicant's signed acceptance letter and attendance at a mandatory orientation, the offer converts from a conditional place to a confirmed place.

There will be no waitlist. Students who are not admitted to the program may reapply during the next application period. Any applicant who accepts a place and attends an orientation but does not attend the first day of class will be dropped from the program and will not be eligible to reapply.

REQUIRED PROGRAM GPA:

Nursing students must maintain a minimum overall GPA of 2.0 to continue in the nursing program, graduate and receive an Associate in Science degree. Nursing Assistant certification is highly desirable for entry into the nursing program.

PROGRAM READMISSION AND COURSE REPETITION:

Students who leave the nursing program (self or faculty initiated) are eligible to be readmitted to the program subject to availability of space. Only one single nursing course, in which a student has received a D or F grade, may be repeated. The repeat and stop out policy is available for review in the Nursing Office and is published in the Student Handbook. Student academic standing at the time of leaving the program will determine whether academic support courses will be prescribed for completion before re-entry. Students not eligible to re-enter the program may individually appeal their re-entry status through the Acceptance, Transfer and Progression Committee.

CALIFORNIA STATE LICENSURE:

- All 30 Unit Option completers of the Nursing Program are eligible to take the National Licensing Examination (NCLEX) and must pass the exam to practice in California. The California Board of Registered Nursing (BRN) requires that all students applying for the NCLEX be fingerprinted and submit a fingerprint card with the licensing examination application.
- The law provides for denial of licensure for crimes or misdemeanors that are substantially related to nursing qualifications, functions or duties. If the BRN determines that the denial of licensure is valid, it is the responsibility of the applicant to present sufficient evidence of rehabilitation.

Applicants who have questions regarding limitations related to licensure should contact the California Board of Registered Nursing, (916) 322-3350 prior to entering the program.

ACCREDITATION:

The Nursing Program is approved by the California Board of Registered Nursing and accredited by the National League for Nursing Accrediting Commission, 3343 Peachtree Road NE, Suite 500, Atlanta, GA 30326. 404.975.5000.

The El Camino Community College District is committed to providing equal opportunity in which no person is subjected to discrimination on the basis of ethnic group identification, national origin, religion, age, sex, race, color, ancestry, sexual orientation, physical or mental disability or retaliation.

Curriculum for 30 Unit Option

The program includes advanced experience in a health care setting that correlates with classroom instruction in theory. The student must perform satisfactory in the clinical area to receive credit in any nursing course. A grade of "C" (75%) or better is necessary in all nursing courses taken.

Nursing courses must be taken in sequence. Non-nursing courses are to be taken in the semester indicated, unless taken prior to entering the nursing sequence.

PROGRAM REQUIREMENTS

Nursing 48 - Calculating Drugs and Solutions (8 weeks)

Hours: 3.0 hours Lecture; 3.4 hours Lab - 2 Units

SEMESTER II

Nursing 149 – Preparation for Advanced Placement in Nursing (8 weeks)

Hours: 1.5 hours Lecture; 1.5 hours Lab - 2 Units

Nursing 154 - Intermediate Nursing Process and Mental Health (8 weeks)

Hours: 4.5 hours Lecture; 13.5 hours Lab - 4 Units

Total units for second Semester = 6

SEMESTER III

Nursing 251 - Legal and Ethical Considerations in Nursing (8 weeks) OPTIONAL

Hours: 2 hours Lecture - 1 Unit

Nursing 253 - Intermediate Nursing Process II (8 weeks)

Hours: 4.5 hours Lecture; 16.9 hours Lab - 4.5 Units

Total units for third Semester = 5.5

SEMESTER IV

Nursing 254 - Advanced Nursing Process I (12 weeks)

Hours: 4.5 hours Lecture; 18 hours Lab - 7 Units

Nursing 255 - Advanced Nursing Process II (4 weeks)

Hours: 33.75 hours Lab - 2.5 Units

Total units for fourth Semester = 9.5

Total 30 Units (Including Physiology and Microbiology).
