

**El Camino College Humanities Division
Equipment Committee
Minutes
September 19, 2014**

B. Peppard	X	P. Marcoux	X	R. Loya		J. Zhao	

I. Student Engagement

- The committee discussed in detail student engagement in a changing technological climate.
- The committee discussed the role technology plays in enhancing student engagement as well as the potential pitfalls technology could have on student engagement.

II. Humanities WiFi

- The committee agreed that the lack of quality WiFi in the Humanities building is crippling our attempt to integrate technology into the learning process and concluded that quality WiFi should be part of Plan Builder.

III. SLOs & Technology

- The committee also assessed how technology could enhance teaching—if utilized correctly. Used properly, technology could better help students achieve proficiency on the SLOs.
