About the ESL Placement Test

The ESL Placement Test is designed for students whose first language is not English. It is given in two parts on two separate visits to the campus.

- **Part 1:** Students may drop in during regular testing hours to complete the computerized Reading Skills portion of the ESL Placement Test. No special knowledge of computers is necessary. During this first visit, students also complete a brief ESL Skills Assessment Questionnaire. The first session lasts approximately one hour.
- **Part 2:** The second part is scheduled by appointment only. Students have an oral test interview, compose a writing sample, participate in an informational workshop about El Camino College, and receive their placement results. This second session usually lasts 1½ to 3 hours, depending upon the number of students present. Both sessions must be completed before a student can register for ESL courses.
