INTERNATIONAL STUDENT GUIDE

International Student Welcome

Welcome to California and El Camino College. Coming to a new country can be an exciting experience; an opportunity to study in a new environment, learn new skills, experience different ways of doing things, and to be exposed to new ways of thinking.

El Camino College is located in one of the most exciting regions of the world. El Camino is in the city of Torrance, a suburban city in sunny Southern California just miles from the beach and famous attractions such as Hollywood, Beverly Hills and Disneyland. It's also close to Los Angeles, with access to museums, entertainment, and internship opportunities within a large metropolitan area.

The International Student Program at El Camino College is here to assist you in the admissions process, counseling, and guiding you through the immigration rules and regulations. We are here also to support you through your academic endeavors and to help you realize your educational goals. We are looking forward to meeting you.

New F-1 Visa Students

As an international student, you will need an F-1 student visa to enter the United States to study. You will need to apply for the visa at a U.S. embassy or consulate using the **I- 20 Certificate of Eligibility** form issued by El Camino College. Please review your I-20 form immediately and make sure all the information printed on it is correct. Report any errors immediately to the ISP office at lrachman@elcamino.edu.

Canadian Citizens - Canadian citizens do not require an entry visa to enter the U.S. from Canada, but do require a Canadian passport, an I-20 form, financial documentation, proof of SEVIS fee payment and proof of ties to Canada.

Items to take to the embassy or consulate for your visa interview:

- Evidence of financial support for the period of time and amount indicated on the I-20 form;
- Your acceptance letter from El Camino College;
- A passport valid for **at least 6 months** after your proposed date of entry into the U.S.;
- Evidence of English proficiency;
- Proof that you have a permanent residence outside the U.S.;
- An Online Nonimmigrant Visa Application, Form DS-160. You must: 1) complete the online visa application at <https://ceac.state.gov/genniv/> and 2) **print the application barcode page** to bring to your interview.
- One 2"x2" photograph. See <https://travel.state.gov/content/visas/en/general/photos.html>
- The "**SEVIS I-901 Fee**" receipt (if applicable). If you do not currently have F-1 visa status, then you will be required to pay the fee. At this time the fee is \$200 USD. For more information, visit: <https://www.ice.gov/sevis/i901>
- Evidence supporting your nonimmigrant intent. You must establish that you have no intention of staying in the U.S. permanently, but are coming here for a temporary purpose, i.e. to pursue your educational objective. These ties can be possessions, employment, or social and family relationships that bind you to your country of residence. Some examples of relevant ties in foreign countries are a job, a house, social and family relationships, or a bank account. Consular officers are aware that ties differ from person to person.

Making Your Appointment at the U.S. Embassy/Consulate

To make an appointment at a U.S. Consulate visit www.usembassy.gov. Please note that processing time does not include possible wait times for security clearances so make your appointment well in advance. Information on visa wait times is available at: <https://travel.state.gov/content/visas/en/general/wait-times.html/>

Before your interview we recommend you prepare by reading the following:

- “Applying for a Student or Exchange Visitor Visa” at www.educationusa.info/pages/students/visa.php
- “See you in the USA” at www.america.gov/publications/ejournalusa/0905.html
- “Ten Points to Remember When Applying for a Nonimmigrant Visa” at www.nafsa.org/resourcelibrary/default.aspx?is=8643

****If you are approved, the consular officer will place an F-1 visa in your passport.****

Prospective Students Already in the US

Currently in status other than F-1 – Students who do not plan to leave the U.S. before beginning studies at El Camino College, and are currently in an immigration status other than F-1 are required to change status by application to U.S. Citizenship and Immigration Services (USCIS). In general, non-immigrants who are maintaining lawful status may apply for a change of status to F-1. Please consult an ISP adviser if you have questions or concerns or to review your application before submitting it to USCIS. The form and instructions can be found at: <https://www.uscis.gov/i-539>

It is important to note that with a change of status application, a change of status from B-1 or B-2 visitor status may be very difficult unless the B-1 or B-2 entry visa was issued with the notation “prospective student”. B-1/B-2 statuses are prohibited from enrolling in classes until the change of status to F-1 has been approved. This also applies to individuals in F-2 status.

Currently in F-1 status at another institution and transferring to El Camino College – Students enrolled in another U.S. institution under F-1 immigration status who are enrolling at El Camino College must complete a process in which the Department of Homeland Security (DHS) is notified of this change. The transfer procedure begins with your current school “releasing” your SEVIS record to El Camino College and qualifying for an El Camino College I-20, and is NOT complete until you report to the ISP within 15 days of the program start date on your I-20. Please refer to the F-1 transfer procedures included.

Continuing El Camino Students Pursuing Additional Program – If you are completing one program at ECC and are pursuing an additional degree or program, DHS must be notified. The ISP office will need to issue you a new I-20 for the new program within 60 days of the completion date on your current I-20.

Students Accompanied by Dependents – If your dependents, spouse or unmarried child(ren) under 21 years of age, will accompany you to the U.S. or join you shortly after your arrival, you will need to provide the ISP with additional documentation showing your sufficient funding to meet your dependents’ expenses and copies of their passport ID pages. An I-20 form will then be issued for each of your dependents which they will use to apply for the F-2 visa. You may request an I-20 for your dependents any time during your studies at El Camino College.

IMPORTANT INFORMATION FOR INTERNATIONAL STUDENTS

The United States Offices of Immigration and Customs Enforcement (USICE) require that all international students pay the [I-901 SEVIS Fee](#) of \$200.00 for the F-1 Visa.

Please follow these directions at least 4-5 days before you go to the U.S consulate for your interview:

1. Go to the website at: www.FMJfee.com.
2. Read the directions.
3. Form I-901 must be completed online.
4. Submit payment of \$200 by using a credit card or read alternate instructions for paying by mail.
5. Print the confirmation of payment/receipt from the [FMJFEE website](#).
6. The payment confirmation can be printed anytime at "[Check I-901 Status / Print Payment Confirmation](#)" after entering your SEVIS ID, Last Name, and Date of Birth.
7. Take receipt of SEVIS payment with your passport, your I-20, and your financial documents to the consulate for the interview.

NOTE: If you do not pay the \$200 you will not be able to complete the interview at the consulate.

Immunization/Shot Information

- * While El Camino College does not require international students to submit immunization/shot records at this time, we recommend that you get vaccinated for mumps and rubella before coming to the US. Hepatitis B and Meningitis vaccines are also strongly recommended.

Health Insurance

United States Citizenship and Immigration Service (USCIS) requires all international students to maintain **mandatory medical insurance for the duration of their studies**. El Camino College has contracted student insurance specifically for the needs of our international students. The cost is estimated at \$1400.00 per year (paid over two semesters-Fall and Spring) and begins either January 1st or July 1st depending upon which semester you begin your studies. The insurance has no deductible and, in many cases, *may* cover 100% of expenses following satisfaction of any applicable co-payment. ***See page 13 for coverage information.**

Frequently Asked Questions

What is an I-20?

The I-20 form is the document you need from El Camino College in order to apply for your F-1 student visa at the US Embassy located in your home country. You will also need to present your I-20 form at the US border along with your F-1 visa and other supporting documents in order to be able to enter the U.S. as an F-1 student.

How do I make my visa interview appointment?

To make an appointment at a U.S. Consulate visit www.usembassy.gov. Be sure to complete all required forms and pay the required fees before your visa appointment. Learn more at: <https://studyinthestates.dhs.gov/2013/04/how-to-prepare-for-your-visa-appointment>

What happens if my visa is denied?

If you receive a visa denial, request a denial letter from the US Consulate so that you will understand why your visa was denied. The main reason visas are denied for the U.S. is failure of the applicant to prove they have permanent ties to their home country. Learn more about visa denials at: <https://travel.state.gov/content/visas/en/general/denials.html>

How do I register for and pay for my classes?

After you complete math and English placement testing, you will then meet with an academic counselor to determine course placement. Once you have your educational plan for the semester, you will be able to register for classes. If you are coming from another country to El Camino College, you will do these steps at orientation. You will pay tuition and fees **AFTER** you are registered to classes.

Do F-1 students need health insurance to study at ECC?

All F-1 Visa students are required to purchase El Camino College designated health insurance. You can find more about the insurance company at their website www.studentinsuranceusa.com. The cost of the health insurance is estimated at \$1,425 per calendar year (12 months).

- Contact Information: Student Insurance Agency, 10801 National Blvd. #603, LA, CA 90064
- Email: linda@studnetinsuranceusa.com
- Tel: 310.826-5688 / Fax: (310) 826-1601

Can I waive the El Camino College student health insurance?

No. All F-1 students are required to purchase the El Camino College designated health insurance; student health insurance waivers are not accepted.

How can my dependents (spouse and children) come with me to the US?

Only a spouse and/or child(ren) under the age of 21 can accompany you as a dependent. Parents, grandparents, and other relatives are not eligible to come to the U.S. with you as your F-1 dependent.

What do I need to do once I reach the US?

Upon arrival to the U.S., you must check in to the ISP office at El Camino College within 10 days of arrival.

How can I update my address and phone number?

It is required that international students report a change of address within 10 days of moving to the ISP office.

Where can I find information about housing and living in California?

Although El Camino College does **not** provide housing for students, we hope to ensure that our students have information about housing options to assist in their housing search. We suggest students start the search for housing options several months before their expected move in date. Please see the housing information page in this booklet.

**The inclusion of any apartment or agency on the list does not represent an endorsement of services or facilities, nor does it guarantee vacancies exist. Please be aware that ECC does not assume responsibility for inspecting or supervising any housing facility.*

Can my visa expire while I am in the United States?

Yes, you can remain in the United States on an expired Visa as long as you have a valid I-20. If you need to exit the country, you will need to renew your Visa before you can re-enter the US. However, your passport cannot expire while you are in the US.

CALIFORNIA DRIVER LICENSE AND ID CARD

It is important for you to carry some form of personal identification (ID) which includes your photograph, name, address and date of birth at all times. The California driver license and the State ID card are considered the official documents for routine identification purposes in California.

California ID Card

When you cash a check, open a bank account, register your automobile, etc., you will be asked for an ID. Your passport has this information, but it is not recommended that you carry it with you on a daily basis because it may get lost.

There are two types of ID's available to you from the Department of Motor Vehicles (DMV): the California ID Card and the California Driver License (if you plan to drive while you are here). For additional information on the DMV procedures, you can visit their website at:

<https://www.dmv.ca.gov/portal/dmv>

California Driver License

While international students can use their home driver's license if it is valid, it can only be used for the first couple months after you arrive in the U.S. If you plan on driving a motor vehicle while here, you will be expected to have a California driver's license. You cannot drive in California with an International Driving Permit. To acquire a California Driver's License, you must pass a written exam and a driving exam at the Department of Motor Vehicles (DMV).

Steps to Apply for a Driver License

1. Study a copy of the "California Driver Handbook" from DMV
2. Pick up enrollment verification from ISP Office
3. Make an appointment at DMV
4. Take your I-20, proof of enrollment, passport and I-94 to appointment
5. Complete application (DL 44, copies will not be accepted). Use your I-94 and passport for the social security #

BANKS AND OPENING A BANK ACCOUNT

You should open an account at a bank as soon as you get to California. It is much safer and more convenient for you to have your money deposited into an account than to be carrying cash around. After an account is opened, if your family wants to wire you money, wire transfers can be made and money be available after a few days.

Opening a U.S. Checking and Savings Account

When opening a U.S. bank account, international students will generally need documentation that proves their identity and residence in the local area. Items to take are: passport, I-20, and a lease agreement or utility bill.

U.S. Banks Accepting International Students

Banks that serve our international students include: Wells Fargo, Bank of America, Chase, and US Bank. It is good to check with these banks along with others in town to see the best options for you. Also, you can check with your home country bank to see if they have a partnership with a bank in the U.S.
