

Chemistry Consistency
November 18, 2013
12:45pm

Attendees: Tom Stewart, Melvin Kantz, Ryan Turner, Soshanna Potter, Ana Tontcheva and Jean Shankweiler

Issues:

- Fundamental - nomenclature
- We should standardize the ions to be learned (Tom Stewart)
- Students get A & B in Chemistry 4 and then bomb nomenclature (Soshanna Potter)
- Set minimums for Chemistry 4 and what is reasonable for each instructor to include in lessons
- Lead person for each course every semester.
- Pre-requisite limitations – can an advisory be put into schedule, check with the curriculum office
- Chemistry 1A & 1B – students seems to be coming with no lab experience.
- Need to standardize techniques to be taught

Next Meeting:

Last week of school Monday, December 9, (12:45pm)

Action Items:

Ana – List of ions to memorize from Chem 4

Soshanna – List of lab techniques from Chem 4

Tom, Mel and Ryan – List of topics mandatory in Chem 4
