

SLO Meeting Minutes, 10-31-2017  
1-2pm, LS 101

Present: T. Noyes, N. Freeman, M. Steinberg, R. Turner, S. Kadakia, J. Coroneus, A. Grant

The deadline for SLO follow-ups is the end of the semester.

To change the SLO statement requires filing a form, but changing the assessment does not require documentation. SLO statements should be made general enough to allow for some leeway in what exactly is assessed.

The Fall reports for chemistry have been submitted.
