

Updated List of Upcoming Deadlines (Course and Program Levels)

Ongoing Due Dates

Starting in Fall 2011, all course- and program-level SLOs need to be assessed **every four years**, in alignment with the program review cycle.

This means that approximately 25% of all course SLOs should be assessed annually, in addition to program-level SLOs. Please submit assessment reports on CurricUNET by the **third week of the semester following assessment**.

One-Time Due Dates

Due Date	Task
Feb. 15, 2011	Program-Level SLOs are published on all division and/or department websites and prepared for inclusion in El Camino Course Catalog.
Fri., April. 8, 2011	<p>All courses and programs have complete sets of SLO Assessment Plans that are aligned with the core competencies.</p> <p>In order to accomplish this, during Spring 2010 and Fall 2010, please do the following:</p> <ul style="list-style-type: none"> • Review existing course- and program-level SLOs for alignment with core competencies. • Identify gaps in SLOs by comparing existing SLOs with core competency alignment map completed during flex day, Spring 2010 <p><i>NOTE: For all core competencies rated as a "4=very important" for a particular course or program, there <u>must</u> be at least <u>one</u> corresponding SLO for that course or program. For core competencies marked "3=somewhat important," there <u>should</u> be a corresponding SLO unless there is a compelling reason not to have one.*</i></p>
Tues., May 24, 2011	4-year SLO Assessment Cycle Timeline due for all programs.
Feb. 15, 2012	Course-level SLOs are published on division/department websites.

*** More about how to make sure that course- and program-level SLOs are aligned with core competencies:**

- One SLO may correspond to more than one core competency and vice versa. There does not have to be a one-to-one correspondence.
- You may adjust your SLOs to match your core competency map in one of three ways:
 1. *Add a core competency to the list of core competencies that an existing SLO corresponds to without altering the wording of your SLO.*
 2. *Alter the wording of an existing SLO to accommodate a core competency.*
 3. *Add an additional SLO that corresponds to a particular core competency.*
