

Board Policy 4226

Multiple and Overlapping Enrollments

The Superintendent/President shall establish procedures to ensure that students

- 1) do not enroll in multiple sections of the same course at any given time during the term or
- 2) do not enroll in courses where the meeting times overlap.

Multiple Enrollments

A student may not enroll in two or more sections of the same credit course during the same term unless the length of the course provides that the student is not enrolled in more than one section at any given time.

Overlapping Enrollments

A student may not enroll in two or more classes or in sections when the meeting times overlap.

Procedures for implementing the policy will be developed in collegial consultation with the Academic Senate.
