Cooperation among our many partners including other schools and colleges, businesses and industries, and individuals is vital for our success.

Access and success must never be compromised. Our classrooms are open to everyone who meets our admission eligibility and our community programs are open to all. This policy is enforced without discrimination and without regard to gender, ethnicity, personal beliefs, abilities or background.

The policy of the El Camino Community College District also provides for an educational and employment environment free from unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct or communications constituting sexual harassment.

The policy of the El Camino Community College District is to comply with the accessibility requirements of Section 508 of the Rehabilitation Act of 1973 in the development, procurement, maintenance, or use of electronic or information technology and respond to and resolve unlawful discrimination complaints regarding accessibility. Such complaints will be treated as complaints of discrimination on the basis of disability. Employees, students, or other persons acting on behalf of the District who engage in unlawful discrimination as defined in this policy or by state or federal law may be subject to discipline, up to and including discharge, expulsion, or termination of contract. The Superintendent/President shall establish administrative procedures that ensure that all members of the college community can present complaints regarding alleged violations of this policy and have their complaints heard in accordance with the Title 5 regulations and those of other agencies that administer state and federal laws regarding nondiscrimination.

If the federal statutes cited above would result in broader protection of the civil rights of individuals, then that broader protection or coverage shall be deemed incorporated by reference.

The District is committed to equal opportunity in educational programs, employment, and all access to institutional programs and activities.
The District, and each individual who represents the District, shall provide access to its services, classes, and programs without regard to national origin, religion, age, gender, gender identity, gender expression, race or ethnicity, color, medical condition, genetic information, ancestry, sexual orientation, marital status, physical or mental disability, pregnancy, or because he/she is perceived to have one or more of the foregoing characteristics, or based on association with a person or group with one or more of these actual or perceived characteristics.

No District funds shall ever be used for membership, or for any participation involving financial payment or contribution on behalf of the District or any individual employed by or associated with it, to any private organization whose membership practices are discriminatory on the basis of national origin, religion, age, gender, gender identity, gender expression, race, color, medical condition, genetic information, ancestry, sexual orientation, marital status, physical or mental disability, or because he/she is perceived to have one or more of the foregoing characteristics, or because of his/her association with a person or group with one or more of these actual or perceived characteristics.

Board Policy 7700 — Whistleblower Protection
(New)

The Superintendent/President shall establish procedures regarding the reporting and investigation of suspected unlawful activities by district employees, and the protection from retaliation of those who make such reports in good faith and/or assist in the investigation of such reports. For the purposes of this policy and any implementing procedures, “unlawful activity” refers to any activity—intentional or negligent—that violates state or federal law, local ordinances, or District policy.

The procedures shall provide that individuals are encouraged to report suspected incidents of unlawful activities without fear of retaliation, that such reports are investigated thoroughly and promptly, remedies are applied for any unlawful practices and protections are provided to those employees who, in good faith, report these activities and/or assist the District in its investigation.

Furthermore, District employees shall not:

1) retaliate against an employee or applicant for employment who has made a protected disclosure, assisted in an investigation, refused to obey an illegal order; actions related to Title I of the Affordable Care Act, or

2) directly or indirectly use or attempt to use the official authority or influence of his or her position for the purpose of interfering with the right of an applicant or an employee to make a protected disclosure to the District. The District will not tolerate retaliation, and will take whatever action may be needed to prevent and correct activities that violate this policy, including discipline of those who violate it up to and including termination.

Administrative Procedure 7700

Whistleblower Protection
(New)

Individuals are encouraged to report suspected incidents of unlawful activities by District employees in the performance of their duties. Reports will be investigated promptly and appropriate remedies applied. Employees who, in good faith, reported such activities and/or assist the district in the investigation will be protected from retaliation.

This procedure sets out the processes for responding to and investigating reports of unlawful activities, as defined in BP 7700 titled Whistleblower Protection, and addressing complaints of retaliation for making such reports.

Filing a Report of Suspected Unlawful Activities

Any person may report allegations of suspected unlawful activities. Knowledge or suspicion of such unlawful activities may originate from academic personnel, staff, or administrators carrying out their assigned duties, internal or external auditors, law enforcement, regulatory agencies, customers, vendors, students, or other third parties.

Anonymous reports will be investigated to the extent possible. However, employees are strongly encouraged not to report anonymously because doing so impedes the District’s ability to thoroughly investigate the claim and take appropriate remedial measures. As set forth fully below, retaliation against individuals who report suspected unlawful activities will not be tolerated.

Normally, a report by a District employee of allegations of a suspected unlawful activity should be made to the reporting employee’s immediate supervisor or other appropriate administrator or supervisor within the operating unit. However, if the report involves or implicates the direct supervisor or others in the operating unit, the report may be made to any another District official whom the reporting employee believes to have either responsibility over the affected area or the authority to review the alleged unlawful activity on behalf of the District. When the alleged unlawful activity involves the Superintendent/President, the report should be made to the president of the board of trustees. When the alleged unlawful activity involves the board of trustees or one of its members, the report should be made to the Superintendent/President who will confer with the president of the board of trustees and/or legal counsel on how to proceed.

Allegations of suspected unlawful activities should be made in writing so as to assure a clear understanding of the issues raised, but may be made orally. Such reports should be factual and contain as much specific information as possible. The receiving supervisor or administrator should elicit as much information as possible. If the report is made orally,
the receiving supervisor or administrator shall reduce it to writing and make every attempt to get the reporter to confirm by his/her signature that it is accurate and complete.

Once the receiving supervisor or administrator has received and/or prepared a written report of the alleged unlawful activity, he/she must immediately forward to the Superintendent/President. However, if this process would require submitting the report to an employee implicated in the report, the receiving supervisor or administrator should follow the reporting options outlined, above. The high-level administrator or trustee who receives the written report pursuant to this paragraph is responsible for ensuring that a prompt and complete investigation is made by an individual with the competence and objectivity to conduct the investigation, and that the assistance of counsel and/or an outside investigator is secured if deemed necessary.

In the course of investigating allegations of unlawful conduct, all individuals who are contacted and/or interviewed shall be advised of the District’s no-retaliation policy. Each individual shall be: a) warned that retaliation against the reporter(s) and/or others participating in the investigation will subject the employee to discipline up to and including termination; and b) advised that if he or she experiences retaliation for cooperating in the investigation, then it must be reported immediately.

In the event that an investigation into alleged unlawful activity determines that the allegations are accurate, prompt and appropriate corrective action shall be taken.

**Protection from Retaliation**

When a person makes a good-faith report of suspected unlawful activities to an appropriate authority, the report is known as a protected disclosure. District employees and applicants for employment who make a protected disclosure are protected from retaliation.

Any employee who believes he/she has been (1) subjected to or affected by retaliatory conduct for reporting suspected unlawful activity, or (2) for refusing to engage in activity that would result in a violation of law, should report such conduct to the appropriate supervisory personnel (if such supervisory personnel is not the source of or otherwise involved in the retaliatory conduct). Any supervisory employee who receives such a report, or who otherwise is aware of retaliatory conduct, is required to advise the Superintendent/President.
