El Camino College Library to Present Art Exhibit

The El Camino College Schauerman Library will present an art exhibit titled: "Images of the Virgin of Guadalupe" in the lobby area through December.

The exhibit features artistic interpretations from students in the Fine Arts Division under the direction of professor Medora Wildenberg. The works were produced as a part of last spring's printmaking/painting workshop featuring artists in residence, Artemio Rodriguez and J. Michael Walker.

The Virgin of Guadalupe is a well-known 16th century image, a Roman Catholic icon and one of Mexico's most popular religious images. Most often described as the Virgin Mary, her feast day is Dec. 12 – the day she is said to have appeared to St. Juan Diego in 1531, near present-day Mexico City.
