El Camino College Student Photography Exhibit

Student work from the El Camino College Photography Department will be featured at D's Welcome Café, 1808 Pacific Coast Highway in Redondo Beach.

The exhibition begins May 16 and run through June 16. On display will be “photograms,” which are made by placing objects, instead of a negative, on photographic paper and exposing it to light. Photo-based artists explore the pure effect of light on photographic paper in this manner; the art form was made popular by artists such as Man Ray and Laszlo Moholy-Nagy.
