Apply Now for Summer and Fall 2017 at El Camino College

El Camino College student Reyno Renolayan said that choosing to attend ECC was a smart decision, one that has provided learning opportunities both inside and outside the classroom. And now, as an El Camino College ambassador, he jumps at the chance to share his best advice for incoming students: Apply ASAP!

“Applying early is really important because there are specific steps that students must complete to enroll, including applying online, attending an orientation, taking placement tests, and making an educational plan,” said Reyno, a Torrance High School grad who plans to transfer to a university next year. “These steps require some time, so it is best to start now.”

All new students are encouraged to apply and complete all four of the required Steps to Enrollment as early as possible:

Apply for Admission

Take the first step – it’s fast and easy! Complete and submit your free application online.

Financial Aid (recommended)

Need help paying for college? Apply for financial aid!

Orientation

Have questions? Online and in-person orientations provide an introduction to academic programs and support services to help you succeed.

Assessment/Testing

Improve your chances for success! Testing helps ensure proper placement in math and English and allows you to advance more quickly to your goals.

Educational Planning

Focus on your goal! Meet with a counselor and complete an educational plan to identify classes that are required to complete your certificate, degree or transfer program.

Register for Classes

Ready to register for classes? Log in to **MyECC** and register online for classes on or after your assigned appointment time.

Reyno also advises new students to get involved on campus. He is part of the MESA (Mathematics, Engineering, Science Achievement) program, which provides counseling, a study space and other support services that have helped him during his time at ECC.

“Try clubs, special events that El Camino College sponsors, tutoring, and other support groups for students,” he added. “And don’t procrastinate – just work hard and you will reach that goal! Attending El Camino College is a great way to save money and learn about yourself as a student. Personally, ECC is the best choice that I have ever made.”
