

Late September - October Professional Development Opportunities

Online Instruction: Retention and Success Rates

Please join us for an informative discussion forum about on-line instruction. Irene Graff will share our institutional statistics about on-line enrollment, retention and success rates, and there will be an open forum for on-line Instructors to discuss retention and success in their classes. Please rsvp to the Staff Development Office at staffdev@elcamino.edu. Distance Education faculty who rsvp should indicate whether or not they would like to receive a confidential report comparing their individual enrollment, retention and success rates in their on-line classes to rates in their face-to-face classes. Confidential reports can be picked up at the workshop.
