Admission

Anyone 18 years or older qualifies for admission to El Camino College. If under the age of 18, you will qualify if you have graduated from high school or if you have passed the California High School Proficiency Examination.

For high school students: High school students must obtain enrollment approval forms from their high schools before submitting applications for admission to El Camino College. A separate approval form must be submitted to the Admissions Office for each semester or winter or summer session in which the student will enroll. All requirements must be met by their deadlines before a high school student may enroll.

About Transcripts

If you plan to graduate, attend under veterans or Social Security benefits or receive academic advisement to become matriculated, please request that high school and college transcripts from all schools you have attended be sent to El Camino College Records Office.

Your first two El Camino College transcripts are free. Additional transcripts, either for your personal use or official use, are $2 each, payable when requested. Transcripts are processed on a first come basis.

California Residency

To attend El Camino College as a qualified California resident, you must have established legal residence in the state on or before Friday, February 10, 2005. The residence of an unmarried student under the age of 18 is determined by the legal residence of the parents. A married minor determines residency from the date of marriage and must comply with the one year plus one day requirement.

Student Records

Congress has provided in the “Family Education Rights and Privacy Act” that students have certain rights of access to their education records. A copy of the Act is located in the Library. Please contact the Admissions Office for any information regarding your rights under the Act.

Admission Procedures

For information, call (310) 660-3414

Orientation

Participation in orientation is required of all students who wish to be part of the matriculation process and optional for non-matriculant students. See Page 12.

Orientation may be completed in conjunction with the computerized English Placement Test or matriculation group participation.

The El Camino College orientation station is located in the Testing Center’s computerized testing lab.

Students learn about campus services and programs through the orientation video tape and other materials at the orientation station.

Immunization

Measles outbreaks have occurred repeatedly on college campuses in recent years. The U.S. Public Health Service, the American Academy of Pediatrics and the California State Department of Health Services strongly advise that all students born in 1957 or later should have received two doses of measles vaccine and at least one dose of rubella vaccine.

If you have not received these immunizations, you may receive them from your doctor or from the local health department.

Cross Enrollment at CSU Dominguez Hills

El Camino College students who are eligible may cross-enroll at CSU Dominguez Hills without formal admission and without payment of State University tuition, in a maximum of one baccalaureate-level course per semester on a space available basis. Such enrollment would be at the discretion of the appropriate campus authorities on each of the campuses.

A student must meet all of these conditions to be eligible:

1. Completed 12 units at ECC with a minimum cumulative 2.0 GPA and not on progress probation;
2. Maintain minimum enrollment in 6 units at ECC during the semester of cross-enrollment, unless the student must maintain a higher unit load to meet special program requirements, e.g., Financial Aid, EOP&S, etc;
3. Has appropriate preparation for the course as determined by the University;
4. May cross-enroll in only one course per spring or fall semester;
5. All fees and financial obligations at El Camino College have been paid in full;
6. Is a California resident;
7. Obtained an El Camino College Student Body ID card;
8. Completed the Cross-Enrollment Application form and has been approved by the El Camino College Admissions Office for cross-enrollment at the University.

Additional information on requirements and procedures may be obtained at the El Camino College Admissions Office or Counseling Center.
When to Apply
New and former students may apply for Spring semester 2006, beginning January 19, 2005. Applications should be submitted to the Admissions Office as soon as possible because many programs are filled on a first-come basis while registration appointments are available.

Registration appointments will be mailed to all students continuing from Fall semester, 2005. Registration appointment times for continuing students are determined by the college’s priority registration procedure.

Where to Apply
Apply online at www.elcamino.edu and click on MyECC. You may also file applications with the Admissions Office in the Student Services Center.
The office is open Monday through Thursday from 10:00 a.m. to 7:00 p.m., and Friday from 9:00 a.m. to 1:00 p.m.
Visitor parking is available off the Manhattan Beach Blvd. entrance to the campus.

Get Connected!
Get connected with MyECC! https://portal.elcamino.edu is now www.elcamino.edu MyECC. It’s that simple.
El Camino College’s new internet-based service is the best way to get connected to the college and the numerous services available online.

Once registered through MyECC, students can apply, register, add & drop classes; get their FREE copy of the current class schedule; search for classes; make payments or view accounts; view test scores, check financial aid and award letter status; check grades; locate faculty; and print unofficial transcripts.
Students will also receive the latest campus updates and information further connecting them to the El Camino College community.

It’s fun, it’s easy - it’s a great way to Get Connected with El Camino College!

Withdrawal from Class
It is the student’s responsibility to process an official withdrawal from class either online or at the admissions or cashier’s office. Failure to complete this process may result in a letter grade of A through F recorded on the student’s permanent record.

Students who were given a temporary tuition waiver from Budget Office and subsequently withdraw after the third week of classes are responsible for paying their enrollment fees.

Priority Registration
In compliance with Section 58108 of Title 5, California Administrative Code, priority registration will be implemented in this way:

I. Students with disabilities as defined by statute for the purpose of providing equalization of education.

II. Students will receive priority registration according to this ranking system and criteria:

A. Registration priority will be awarded as follows:
   1. First priority: continuing students
   2. Second priority: new and readmit students

B. For fall and spring semesters, the enrollment of continuing students in accordance with priority system established on the basis of these factors:

   1. One point for each unit completed at El Camino College plus one point for each unit in which the student is currently enrolled (midterm) with a maximum of 60 points.
   2. Points awarded according to the total units in the current program after the 12th week as follows: 0 to 3 units equals 0 points; 3.5 to 6 units equals 2 points; 6.5 to 9 units equals 4 points; 9.5 units to 15 points equals 6 points and 15.5 plus units equals 10 points.
   3. A reward of 15 points to students for maintaining their original unit load from the start of the semester through the 12th week.

   4. A reward of 10 points to students with 2.0 or higher cumulative GPA
   5. Day and evening programs are used to divide the student body into a day or extended day priority system. One or more day classes constitutes a day program.

III. The early enrollment of students who meet one of these guidelines:

A. Instruction program requires time off campus limiting the choice of class periods on campus.
B. The instructional activity requires a block of time associated with scheduled classes for such activities as practice, meetings, counseling and off-campus travel.
C. First semester F-1 visa students.

Audit of Courses
A student may audit selected courses with these provisions:

1. Priority in class enrollment shall be given to student desiring to take the course for credit toward a degree or certificate.

2. No student auditing a course shall be permitted to change enrollment in that course to receive credit for the course. Students will not be permitted to earn credit by examination for audited courses.

3. A student wishing to audit a class must obtain prior written permission from the instructor of the class and the dean of the division. Registration for audit will occur no sooner than the second week of classes.

• The fee for auditing a class shall be $15 per unit per semester (subject to change).

• Students enrolled in at least 10 units for credit will not be charged a fee to audit three or fewer units per semester.

• Fees are to be paid prior to auditing course.

• A student enrolled in a course for credit may change enrollment to audit with these provisions:

A. The course(s) for credit must be dropped and a refund requested by the deadline date on the ECC Fee Receipt (refund form may be obtained at Cashier Windows 1 or 2).

B. A course dropped after the deadline date on the ECC Fee Receipt is not eligible for a refund. Fees paid for a course dropped after the deadline cannot be used for payment to audit the course.

C. After the deadline date, the fee for auditing the class shall be $15 per unit per semester (subject to change).

• Audit fees are non-refundable.
PREREQUISITE AND COREQUISITE INFORMATION

Prerequisite and Corequisite Information

Prerequisites and corequisites, as stated in this Schedule of Classes, are enforced at the time of registration. Students who do not meet a prerequisite or corequisite for a particular course will not be permitted to register for that course.

Definitions

Prerequisites are conditions of enrollment that a student is required to meet before enrolling in a course or educational program. A student who has not met the prerequisite would be highly unlikely to succeed in the course.

Corequisites are courses that a student is required to take simultaneously to enroll in another course.

Placement Tests for Assessment

Students may take placement tests for assessment. (See page 12-13 for Assessment Information.) Contact the Assessment/Testing Office for further details regarding testing. Placement tests, if required, need to be completed at least one day prior to registering for classes.

Children in Classrooms

Children are not permitted in classrooms while class is in session. Attendance in class is limited to officially enrolled students and authorized visitors or guests only. In addition, students shall not allow children to be left unattended or unsupervised anywhere on campus. It is the responsibility of each faculty member to inform students of this requirement.

Attendance

If you enroll in a class and you do not attend the first scheduled meeting of the class, you may be dropped from the roster and your place may be given to a waiting student.

Challenge Procedures

Students who believe they have met a prerequisite in another manner such as private instruction or on-the-job training may file a Petition to Challenge. (See page 15.)

Registration Help Line is available to answer your questions. Check your registration instruction sheet for the telephone number and the scheduled day of telephone registration. Check your registration information sheet for actual days. Hours are 9 a.m. to 6 p.m. Monday through Thursday and 9 a.m. to 1 p.m. Friday.

Equivalent Courses

Courses completed at other colleges and universities may be used to meet a prerequisite. High school courses, as stated in the College Catalog, may also be used to meet a prerequisite.

Students who have completed equivalent courses at another college or in high school must have copies of necessary transcripts. Do not delay. Order transcripts and clear prerequisites prior to registration. Clearance for an equivalent course may be obtained in Drop-In Counseling or the appropriate academic division office.

Online and Telephone Touch-Tone Registration

If you are a continuing student at El Camino College, you will receive online or telephone touch-tone registration instructions and a worksheet in the mail at least one week before your registration appointment time.

Your appointment time and date, and your Personal Identification Number (PIN) (the month and day of your birth), will be printed on your online and telephone touch-tone registration instructions.

If you are a new student at ECC, after you complete the application process, you will receive online or telephone touch-tone registration instructions and a worksheet in the mail at least one week before your registration appointment time.

Your appointment time and date, will be printed on your online and telephone touch-tone registration instructions.

Please note: All students will be required to change their initial PIN. Please choose a PIN that only you will know and remember.

Steps to Online and Telephone Touch-Tone Registration

If you have an appointment to register online go to www.elcamino.edu and click on MyECC by telephone, please call (310) 516-9339.

1. Review the Spring Schedule of Classes.
   • Select the classes you would like to take.
   • Using the worksheet provided on the next page, write down the section numbers and course titles for each class in priority order.
   • Select alternative classes in case the classes you want are unavailable when you call.

2. Check to make certain you have met the prerequisite requirements for the courses you have selected.
   • Some courses have prerequisites—a condition of enrollment that a student is required to meet before enrolling in a course. This is often a course you need to take before you can enroll in the course you have selected. If you have met the prerequisite at another college, be sure to meet with an El Camino College academic counselor to evaluate your transcripts and clear your prerequisite.
   • For some courses, you need to complete the assessment process. This is usually a test given at the Assessment/Testing Office.
   • A prerequisite may be challenged. Contact the appropriate academic division or the counseling division to obtain procedures and forms for filing a challenge.

3. If you are repeating a course:
   • For courses that require labs, check the lab times carefully to make certain you have no other courses scheduled at that time.
   • If you want to repeat a course, obtain a Repeat Form from the appropriate Division Office and follow the instructions on the form.

4. Your appointment day and time are important.
   • You may call on or after your appointment date. If you call before your appointment date, the computer system will not allow you to enroll.
   • Follow the online and telephone touch-tone registration instructions carefully. The computer will take you through the process step-by-step.

5. Remember to pay for your classes and your student fees.
   • If you register online or by telephone touch-tone you may pay your fees by credit card, by mail, or in person. Just follow the steps given on the online and telephone touch-tone registration instructions. Avoid standing in line by following these steps for credit card or mail payments.
   • Until all fees are paid, you will not be able to purchase parking permits, receive copies of class schedules and transcripts, or register for upcoming semesters.
Registration Worksheet

If you are a continuing student, you will receive online or telephone touch-tone registration instructions in the mail. The instructions will include your appointment day and time and your PIN number (this is the month and day of your birth). Follow the instructions carefully. Use this worksheet to plan your schedule of classes.

Please note: All students will be required to change their initial PIN. Please choose a PIN that only you will know and remember.

Steps to Registration

Once you have applied and been admitted, you will receive your registration appointment time. For new students this is based on the date of your application.

Continuing student registration appointment times for online or telephone will be mailed approximately 7 to 10 days prior to the first day of continuing student registration. Your appointment time and date will be printed on your appointment slip.

New students who apply early will be able to register online or by telephone. Appointments will be mailed in January. Avoid standing in line to make payments by mailing your check to El Camino College or paying by credit card on the web at www.elcamino.edu click on MyECC.

Students with disabilities should contact the Special Resources Center to meet with a counselor.

Nursing Program Requirements

Applicants who have questions regarding limitations related to licensure should contact the California Board of Registered Nursing, (916) 322-3350.

In order to be eligible for the Nursing Program students must first satisfy the following requirements:
• Attend a general orientation session for prospective students.
• Graduate from high school or earn acceptable scores on the G.E.D.
• Complete Mathematics 40 or 41B or higher level mathematics course or pass the Mathematics Competency Test.
• Complete the Degrees of Reading Power Test.
• Complete the following prerequisite courses to the Nursing program with a minimum 2.5 GPA: Anatomy 30 or 32; English 1A; Microbiology 33; Physiology 31. The grade for each of these prerequisite courses must be a C or better. However, a grade of C only in each prerequisite course will not meet the requirement of a 2.5 GPA.
• Have a minimum cumulative GPA of 2.5 in all college work completed as well as a 2.5 GPA in the prerequisite courses.

In addition to meeting the above requirements, students must have official transcripts on file in the Records Office showing evidence of high school completion as well as all college/university credits earned; all students entering the Nursing Program must provide verification of Criminal Background Clearance.

Note: Completion of a college level chemistry course with lab is prerequisite to both Physiology 31 and Microbiology 33 at El Camino College. See catalog for prerequisite challenge information.
Honors Transfer Program

The El Camino College Honors Transfer Program stresses scholastic excellence and is designed to better prepare the highly motivated student to transfer to a university and complete a bachelor’s degree. The major objective is to better prepare students for transfer by focusing on enhanced writing, reading and study skills.

Students completing the Honors Transfer Program receive priority admission consideration to various universities such as UCLA, UCI, UC Santa Cruz, UC Riverside, Chapman, and Pomona.

The requirements for admission to the Honors Transfer Program include a minimum cumulative GPA of 3.0, eligibility for English 1A, and completion of an Honors Transfer Program application.

For further information or an application, go to the Honors Transfer Program Office in SSC-102F in the Counseling Services area of the Student Services Center, or call (310) 660-3815.

Inquiries by e-mail can be addressed to: jholliday@elcamino.edu or htp@elcamino.edu.

Learning Resources Center

The Learning Resources Center is open 7:45 a.m. to 9:00 p.m. Monday to Thursday, 7:45 a.m. to 4:30 p.m. Friday, and 9:30 a.m. to 2:30 p.m. Saturday. The Learning Resources Center includes the Learning Center, the Basic Skills Study Center, and the LRC Tutorial Program, all located in Schauerman Library - upper level. The Learning Resources Center also operates the LMTC Computer Commons (Library - lower level), and MCS Reading labs (MCS 218 & 219).

The Learning Center houses an extensive media collection to supplement instruction in many academic disciplines at El Camino College. The Basic Skills Center provides individualized computer-assisted instruction in basic reading and basic math. The LRC Tutorial Program offers free drop-in tutoring for over 40 subjects. All tutoring is provided by highly trained, certified tutors.

Supplemental Instruction

Supplemental Instruction (SI), a component of the First Year Experience Program, is a series of weekly review sessions for students enrolled in selected courses. The SI method has been proven to help increase student’s understanding of course material and raise grades at El Camino College and other institutions.

Attendance at SI sessions is voluntary. Students have an opportunity to compare notes, discuss important concepts, study for tests, and develop strategies for studying and learning.

The SI Coach who facilitates the SI sessions is an exemplary student who has previously taken the course. Courses offering SI are noted in the Class Schedule under selected courses.

For more information, contact Luis Barrueta, SI Coordinator at (310) 660-3612 or lbarrueta@elcamino.edu.

Photo Identification

All students are required to obtain a free El Camino College identification card. These cards are available in the Activities Center. Please check for hours, M-Sat.

These cards serve as photo identification, and are required for Library services, campus activities and to verify attendance in certain classes.

All students are encouraged to purchase an optional ASB sticker for their photo identification cards during registration or at the cashier’s window. The ASB sticker offers a variety of discounts at area businesses, theaters and amusement parks. On-campus benefits include access to Activities Center table games, free admission to all campus athletic events and a discount on tickets at District-sponsored Center for the Arts events. Funds from the cards help support student activities, plays and athletics. The $10 sticker fee is non-refundable. The initial card is free and renewed each semester.

Adds and Drops

It is the student’s responsibility to process an official withdrawal from class. Failure to do so may result in a letter grade of F. A student may drop a class or classes within the refund period and add another class or classes using the fees already paid.

If a student drops after the refund deadline, payment of fees for the classes is forfeited. Any added class will require additional fees.

A student may drop a class before the refund deadline and add the same class at a different time/date/instructor with no additional fees. If a student drops a class after the refund deadline in order to add the same class at a different time/date/instructor, the student must request a lateral transfer or level transfer from both instructors. All transfers are processed through the Admissions Office.
Refunds of Fees

Students must drop their classes through the online system located in the Activities Center, by phone or by web, or at the cashiers window according to the following schedule:

Full semester classes must be dropped by Friday, February 24, 2006. The calculation for short-term class refund deadlines are based on the following percentage outlined in Title 5 of the California Education Code: Classes must be dropped by the 10% point of the length of the class, for student to receive a refund.

To receive a refund for a parking permit, you must return your permit to the cashier’s window within this same time period. Refund checks will be mailed before the end of the semester.

If your address has changed, please update the change in the Admissions Office promptly.

Fee Payment

For any fee paid, the college will accept personal checks drawn on United States banks, money orders or cash.

Also honored will be VISA, MasterCard and Discover credit cards. Checks returned by a student’s bank for any reason will result in (1) suspension from enrollment, (2) denial of subsequent registration and (3) detention of transcript until the financial obligation has been satisfied. A service charge of $20 will be charged on any returned check.

Non-Resident Tuition

All students pay $26 per unit general student fees. In addition, residents of another state pay $151 for each unit and residents of another country pay $170 for every credit unit.

El Camino College maintains a list of exceptions to the non-resident tuition requirement. Such a list will be issued by the Admissions Office to each student who is classified as a non-resident.

For more information please contact the Admissions office.

Consideration is given to appropriate evidence submitted by the student to substantiate a change in this classification. Possible changes could go to students in the active United States military services or to those who are dependents of an active member of the United States military.

El Camino College requires a $25 application processing fee for international students.

All fees must be paid by checks drawn on a United States bank or by cash. Checks drawn on out-of-country banks will not be honored.

AB 540: Exemption from nonresident tuition

On October 12, 2001, Governor Davis signed into law Assembly Bill 540, Section 68130.5 of the California Education Code. This new law creates a new exemption from payment of non-resident tuition for certain nonresident students who have attended high school in California and received a high school diploma or its equivalent. Students must meet all requirements in section 68130.5 to be eligible for the exemption. An affidavit must be filed with the college that indicates the student has applied for or will apply for legalization as soon as the student is eligible to do so.

Non-resident Refund Policy

To receive a refund of your non-resident tuition, you must drop your classes through the online system in the Activities Center or the cashier’s window according to the following schedule:

100% refund for classes dropped through Friday, February 17, 2006.
75% refund for classes dropped through Friday, February 24, 2006.
50% refund for classes dropped through Friday, March 3, 2006.
25% refund for classes dropped through Friday, March 10, 2006.

Refund checks will be mailed before the end of the semester.
Parking Fee

Students wishing to park on campus will pay a $35 fee for the entire semester in accordance with Education Code Section 72247.

A reduced fee of $20 will be charged for those with motorcycles.

Students who receive BOGG Method A, B, C will pay $20.

Students with disabilities who have been issued a DMV Person (DP) placard may park in any student space or faculty/staff space and MUST DISPLAY the DMV disabled person placard/plates AND a valid El Camino College semester or daily parking permit when parked on campus. Failure to display both the disabled placard/plates and the El Camino College semester or daily permit will result in the issuance of a citation. Students parking in a marked Disabled stall need to display their DMV placard only. Temporary parking arrangements can be made at the Special Resource Center.

Health Services Fee

Students pay $14 each semester to cover the operation, supervision, programs and services of the Student Health Services.

There are exceptions under these conditions:

1. Students receiving financial aid pursuant to Section 72252.1.

2. Low-income students who meet the Board of Governors grant criteria (pursuant to Section 72252) as demonstrated by appropriate support documentation of eligibility; SSI eligibility; or GA eligibility; Veterans Affairs Dependent Fee Waiver Certification; Agency Certification or Income Tax form as they relate to qualifying Income levels; or a combination of these and unmet student need as determined by the Financial Aid Office.

3. Students who depend exclusively upon prayer for healing in accordance with the teachings of a bona fide religious sect, denomination or organization. Exemptions Students will not be required to pay this fee if they are enrolled only in classes held off campus, only in distance education classes, only in non-credit classes or work site classes. High school students or students enrolled in contract classes only are also exempt.

Refund: Students who withdraw from all courses prior to the close of the second week of the term will be eligible for a refund of the Health Services Fee. Forms to request a refund may be obtained at the Cashier’s Office.

Health services are provided for students 18 years of age or older who pay the mandatory health fee. High school students permitted to attend the college on a concurrent enrollment basis are not eligible for health services. College students under 18 years of age subject to other admissions criteria must pay the health fee and submit a parental or guardian consent form to receive health services. Children are not permitted in Student Health Services.

Financial Assistance

There are financial aid programs to help offset some of the educational costs. The Free Application for Federal Student Aid (FAFSA) may be picked up outside the Financial Aid Office or completed online at www.fafsa.ed.gov. For further information, you should contact the Financial Aid Office at (310) 660-3493. The office is open Monday and Thursday from 9 a.m. to 4 p.m., Tuesday from 9 a.m. to 6 p.m., Wednesday from 10 a.m. to 6 p.m. and Friday from 8 a.m. to 1 p.m. Office hours are subject to change, especially when students are not scheduled to be on campus.

The Financial Aid Office offers various federal and state financial aid programs for students. Federal financial aid regulations require students to be enrolled in an approved program and demonstrate financial need on the FAFSA application to be eligible for the following programs:

- Federal Pell Grant Program (students enrolled in 1 to 5 units may be eligible.)
- Federal Supplemental Educational Opportunity Grant Program (minimum 6 units)
- Federal Work Study Program (minimum 6 units)
- Federal Family Education Loan Program (minimum 6 units)
- California Grants Program (minimum 6 units)

El Camino College will determine the amount of federal aid that a student has earned in accordance with federal law. Students who have received financial aid funds and never attended classes will be responsible for repaying all the funds according to federal regulations. It is the responsibility of the students to officially withdraw from classes they do not plan on attending.

Students who withdraw from all classes prior to completing more than 60% of the semester will have their financial aid eligibility recalculated based on the percentage of the semester completed, and will be required to repay any unearned financial aid they received.

At El Camino College, a student’s withdrawal date is:

1. The date the student officially notified the Admissions Office of intent to withdraw or
2. The midpoint of the semester for a student who leaves without notifying the college or
3. The student’s last date of attendance at a documented academically-related activity.

All students who enroll in credit classes must pay an enrollment fee. Students must pay the appropriate enrollment fee at the time of registration. Financial assistance (Board of Governor’s Fee Waiver) is available to pay the registration fees and the health fee if the student is eligible. A Board of Governor’s Fee Waiver application is available online at www.elcamino.edu, MyECC or apply at the Financial Aid Office.

Fee waiver documentation requirements are listed on the following page.

Matriculation Process

Matriculation is an on-going process, which will help you attain success and achieve your educational goals. The matriculation process is designed to help you match your interests, abilities, needs and goals with the college’s courses, programs and services.

Matriculation services are intended to help you make informed decisions as you develop your educational plan. El Camino College supports your educational development and recognizes your worth as an individual through matriculation and related services.

You are expected to participate in the matriculation process. Participation in this process provides you with information and referrals to programs and services that you will need to succeed.

Four Steps to Matriculation

STEP 1: File your College application and declare one of these goals:
- Transfer to a university without an associate degree
- Associate degree and transfer to a university
- Associate degree in a vocational program
- Associate degree in general education program
- Certificate in a vocational program

STEP 2: Participate in assessment for educational planning.
Assessment is based on multiple measures, including placement tests. Take appropriate placement tests and consult with an academic counselor about your educational needs, career interests, aptitudes, and other pertinent information to complete your initial assessment. Placement testing is available in the Testing Center, in SSVC 217. English or ESL and mathematics assessment should be completed before you attempt to register in classes. Please read the “Assessment Procedures” for more information about specific placement or specialized tests.

You must have transcripts or grade slips from all colleges attended before you make a counseling appointment. English, mathematics, ESL, electronics or courses completed with a grade of “C” or better at an accredited college may be used to meet prerequisites or corequisites if the completed courses are equivalent to El Camino College courses. High school transcripts may be used for assessment. Official transcripts must be mailed from your high school, college or university to the Records Office.

STEP 3: Participate in the new student orientation to El Camino College offered in conjunction with educational planning.
New students must attend an educational planning orientation session offered as part of their matriculation counseling appointment. The new student orientation will teach you about your educational options and important guidelines for achieving your goals. After the orientation, you will meet a counselor who will help you plan your first semester’s classes.

STEP 4: Prepare an educational plan with a counselor.
You must continue to meet with your counselor at least once a year as part of your matriculation process. During this meeting you will complete a written educational plan, which is a list of recommended courses toward your educational goal. Any concerns regarding the matriculation process may be addressed with the Dean of Enrollment Services. A formal grievance must follow the policy and procedures outlined in the College catalog.

Assessment/Testing Procedures

Personal identification with a photograph and your El Camino I.D. number are required to take tests and receive results.

For more testing information call (310) 660-3405. Testing should be completed as soon as possible after you file your admission application. Read the catalog description of classes which interest you to learn if there is any testing recommended or needed. Keep in mind that all placement tests are part of the multiple measures of the assessment process. Be sure to take testing results with you when you go for your academic advisement or educational planning sessions.

English Placement Test - Complete your English Placement Test at least one day before you attempt to enroll in any English course, which has a course level as a prerequisite, corequisite or recommended preparation. You may not repeat the English Placement Test once you have enrolled in an English course. If you require further review of your placement recommendation, obtain appropriate forms in the Assessment/Testing Office.

English as a Second Language Placement Test - Complete both parts of your English as a Second Language (ESL) Placement Test at least one day before you attempt to enroll into any ESL course, which has a course level as a prerequisite, corequisite or recommended preparation. The first part of the ESL Test is on a drop-in basis, the second part by appointment only. Begin your ESL Assessment at least one week prior to your registration date.

Mathematics Placement Test - The Mathematics Placement Test and assessment is required of any student who wishes to enroll in any Mathematics class. High school math courses may not be used, per se, for placement into El Camino math courses. However, they may be used in combination with testing for placement assessment, which must be completed before your registration date. Math assessment and placement results will be valid for two years. Once you begin the mathematics course sequence, you cannot repeat the placement test and must take all courses in sequence.

Specialized Tests
Chemistry Placement Test - The Chemistry Placement Test is required of any student who wishes to enroll in Chemistry 1A unless the student has completed Chemistry 4 at El Camino College with a C or better. Previous chemistry course work, whether taken in high school or another college, does not in itself qualify a student for Chemistry 1A. Students who have never taken a chemistry course or who want a beginning level course may enroll in Chemistry 4, 20, or 21A, depending upon their majors and completion of mathematics prerequisites. The Chemistry Placement Test may be taken only once and may not be taken if a student has enrolled in Chemistry 4 at any time. You may seek further review of a chemistry assessment and placement by obtaining appropriate forms through the Assessment/Testing Office.

Mathematics Competency Test - If passed, this may be used to satisfy the El Camino College mathematics competency graduation requirement (item #6 of Section A of the A.A./A.S. graduation requirements). If you do not successfully complete Mathematics 40 or 41B or any other course listed under Mathematics Competency requirement for the A.S. Degree in the College Catalog, you must pass this test for admission into the Registered Nurse Program.
The Mathematics Competency Test may be repeated a maximum of three times through a petitioning process. Appropriate petition forms may be obtained through the Assessment/Testing Office. Contact the Assessment/Testing Office for an appointment.

Waiver Exams for the Associate Degree. Waiver exams are available for the subjects of American Government, American History, and Contemporary Health. Contact the Assessment/Testing Office for further information.

Standards of Scholarship
College work at El Camino College is measured in terms of semester units. A unit is the value placed on three hours of the student’s time per week in pursuit of educational goals; thus, for one hour of classroom lecture and approximately two hours of study and preparation or, for three hours of laboratory or shop work, one unit of credit is earned. The time allotment and unit value assigned to each course is designated as part of the course listing.

Grades and Grade Points
Grade points are numerical values which indicate the scholarship level of letter grades. Grade points are assigned according to the following scale:

<table>
<thead>
<tr>
<th>Letter Grade</th>
<th>Description</th>
<th>Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Excellent</td>
<td>4 points per unit</td>
</tr>
<tr>
<td>B</td>
<td>Good</td>

</tr>
<tr>
<td>C</td>
<td>Satisfactory</td>
<td>2 points per unit</td>
</tr>
<tr>
<td>D</td>
<td>Passing</td>
<td>1 point per unit</td>
</tr>
<tr>
<td>F</td>
<td>Failing</td>
<td>0 points per unit</td>
</tr>
<tr>
<td>CR</td>
<td>Credit (at least satisfactory - units awarded - not counted in grade point average)</td>

</tbody>
</table>

Notes:
1. Credit - No Credit
A certain number of courses are offered only on a CR/NC basis while some others are offered on a CR/NC or letter grade option depending on which the student selects during the fourth week of the semester.
A student earning a CR grade will receive unit credit toward graduation, but unit credit earned in these courses will not be considered when calculating grade point average. Designation of CR/NC or option CR/NC grading is included in the course description.
All grades except W and CR/NC will be considered in determining the grade point average. Grade point average equals total grade points divided by total units attempted for which grades have been assigned. While NC and W grades are not used in grade point determination, students with an excessive number of withdrawals or NC’s will be required to have special counseling and will be subject to probation or disqualification regulations.

2. Incomplete
Incomplete academic work for unforeseeable, emergency, and justifiable reasons that include circumstances beyond the student’s control may result in an “I” symbol being entered in the student’s record. A student receiving an “I” will be provided with a written record containing the conditions for removal of the “I”.
This record will be held for the student in the Records Office through the sixth week of the regular semester following receipt of the incomplete mark. If the student does not obtain the record and complete the required work by the end of the sixth week, the “I” will automatically be removed and a grade depending on incomplete work will be assigned.
Any extension of the time for completion of the required work must be approved by the division dean. The student should petition for the extension of time on a form provided by the Admissions Office.

3. IP - In Progress
In progress: the “IP” symbol shall be used only in those courses which extend beyond the normal end of an academic term. It indicates that work is “in progress,” but that assignment of an evaluative symbol (grade) must await its completion. The “IP” symbol shall remain on the student’s permanent record in order to satisfy enrollment documentation. The appropriate evaluative symbol (grade) and unit credit shall be assigned and appear on the student’s permanent record for the term in which the course is completed.
The “IP” shall not be used in calculating grade point averages. If a student enrolled in an “open-entry, open-exit” course is assigned an “IP” at the end of an attendance period and does not re-enroll in that course during the subsequent attendance period, the appropriate faculty will assign an evaluative symbol (grade A through F, CR, NC) to be recorded on the student’s permanent record for the course.

4. W - Withdrawal
To withdraw from a class or classes the student should make an official withdrawal in the Admissions Office. Withdrawal from a class or classes shall be authorized through the last day of the twelfth week of instruction. If a student remains in class beyond the twelfth week, a grade or an “I”
of CR to a letter grade in those courses which provide the option may be approved upon appropriate examination by the instructor and concurrence of the division dean.

Academic Renewal
- Students may petition to have up to 15 units of D, F or WF grades from not more than three consecutive semesters of previously recorded substandard course work at El Camino College disregarded in computation of grade point average under the following conditions:
  1. The student has demonstrated academic ability by earning a grade point of 2.25 or higher in the last 30 units of graded course work at El Camino College.
  2. At least two years have elapsed since the substandard semester.
- The Academic Renewal Committee will act upon only one petition to disregard substandard semesters per student. Course work disregarded may not be used to meet degree requirements. The permanent academic record shall be annotated in such a manner that all grades assigned remain legible, ensuring a true and complete academic history.

Repeating Courses
Repetition of a Course in Which D, F, or NC Was Received
- Students who receive grades of D, F, or NC in an El Camino College course may re-enroll in that same course one more time. Students will not be permitted to enroll in that course for a third time except under unusual circumstances and upon written permission of the division dean. Unusual circumstances are verified cases of accidents, illnesses or other circumstances beyond the control of the student.
- The student, upon successfully repeating a course in which a grade of D, F, or NC, has been previously received, may notify the Records Office in writing. Upon receipt of such written notice, the student’s transcript will be amended so that the previous grade and credit will be disregarded in the computation of the grade point average. The permanent academic record shall be annotated in such a manner that all grades assigned remain legible, ensuring a true and complete academic history.
- Units from courses repeated after first earning a D grade will not be counted for credit towards the associate degree.

Retention of a Course in Which A, B, C, or CR Was Received
- Students will not be permitted to repeat courses in which they received grades of A, B, C or CR except under the following conditions:
  1. The college finds that the student's previous grade is, at least in part, the result of extenuating circumstances. Extenuating circumstances are verified cases of accidents, illnesses or other circumstances beyond the control of the student.
  2. The college has determined that a student should repeat a course because there has been a significant lapse of time since the student previously took the course.
- The second grade earned will not be counted under any circumstances if the first grade earned in a course was A, B, C, or CR. However, the permanent academic record shall be annotated in such a manner that all grades assigned remain legible, ensuring a true and complete academic history.
- Units from courses repeated after first earning an A, B, C, or CR grade will not be counted in determining full-time status or qualification for benefits.

Courses Listed in the Schedule
With Lower Case Letters
- Courses with lower case letters (such as Music 52abcd-Concert Choir) do not require prior approval for the number of enrollments up to the number of lower case letters listed. (Four enrollments in the case of Music 52abcd-Concert Choir).

Withdrawal and Re-enrollment
A student who receives a "W" in an El Camino College course may re-enroll in that same course two more times for a total of three times. In order to enroll a fourth time, a student must meet with a counselor to review progress toward achieving academic goals.

Probation Policies
Placement on Academic Probation
- A student who has attempted at least 12 semester units, as shown by
the academic record, shall be placed on academic probation following any semester when the grade point average for total units attempted at El Camino College is less than 2.0 (grade C).

- Students who are placed on academic probation should see a counselor prior to registration for the semester subsequent to their receiving notice.
- When a student is placed on academic probation for the fall semester, the student’s program shall be limited to no more than 12 units plus one unit of physical education, if needed for graduation.

When a student is placed on academic probation for the spring semester, the student may be required to reduce the current program to 12 units plus one unit of physical education, if needed for graduation. This determination will be made by the counselor during the required meeting following receipt of notice of academic probation.

- When a student is placed on academic probation for the spring semester, that student may enroll in no more than four units in the following summer session.

Removal from Academic Probation
A student shall be removed from academic probation upon earning a grade point average of 2.0 (grade C) or higher in total units attempted at El Camino College.

Progress Probation
- Placement on Progress Probation
A student who has enrolled in a total of at least 12 semester units as shown by the official academic record, shall be placed on progress probation when the percentage of all units in which a student has enrolled and for which entries of "W" and "I", and "NC" are recorded reaches or exceeds fifty percent (50%). To drop a course and not have a grade entry appear on the official academic record or be counted as units attempted, action must be taken prior to the close of the fourth week of a semester course, the first week of a six-week course, or the second week of an eight- or nine-week course.
- Removal from Progress Probation
A student on progress probation because of an excess of units for which entries of "W", "I", and "NC" are recorded shall be removed from probation when the percentage of units in this category drops below fifty percent (50%).

Disqualification and Dismissal
A student placed on academic probation will be dismissed when, in the subsequent semesters, the student’s cumulative grade point average is less than 1.75. Dismissal will only occur following each spring semester.

B. Disqualification Because of Repeated Progress-Probation:
A student placed on progress-probation will be dismissed when, in subsequent semesters, the percentage of units in which the student has been enrolled, for which entries of "W", "I" and "NC" are recorded, reaches or exceeds fifty percent (50%). Dismissal will only occur following each spring semester. A disqualified student who returns after an absence of one or more semesters shall be permitted to enroll on continuous progress-probation.

C. A summer session will not count as the one semester of disqualification.

Readmission Following Disqualification
A disqualified student who returns after an absence of one or more semesters shall be permitted to enroll on continuing probation. To enroll, a student must see a counselor prior to the school-established registration period in order to arrange a program of courses in accordance with the student’s aptitude and achievement ability.

Readmission Following Probation or Continuing Probation and Voluntary Withdrawal
A student on probation who withdraws voluntarily from college, either before the probation semester or during it, and later applies for readmission shall be readmitted in the same status as existed at withdrawal. However, a student may petition to apply accredited college work that was completed while in absence from El Camino toward improving the academic probation status at El Camino.

Incomplete Marks
"I" marks [incomplete] are not used in grade point calculations. However, for academic probation purposes, the grade assigned based on incomplete work is used to determine academic status.

Challenging a Prerequisite or Corequisite
A student has the right to challenge a prerequisite or corequisite on the basis of any one, or combination of, these conditions:
1. The prerequisite or corequisite has not been established in accordance with the College’s Prerequisite Policy.
2. The prerequisite or corequisite is in violation of Title 5 [California Code of Regulations].
3. The prerequisite or corequisite is unlawfully discriminatory or is applied in an unlawfully discriminatory manner.
4. The student has the knowledge or ability to succeed in the course or program despite not meeting the prerequisite or corequisite.
5. The prerequisite or corequisite course has not been made reasonably available.
6. The student seeks to enroll in a course which involves intercollegiate competition or public performance and if denied admittance, he or she would be delayed by a semester or more in attaining his or her degree or certificate.
7. The student seeks to enroll in a course which has a prerequisite established to protect health and safety, and the student demonstrates that he or she does not pose a threat to himself or herself or to others.

A student should contact either the Counseling Division or the appropriate academic division office to obtain procedures and forms for filing a challenge.
Sexual Harassment Policy

It is the policy of the El Camino Community College District to provide an educational, employment and business environment free of unwelcome sexual advances, requests for sexual favor/s, and other verbal or physical conduct or communications constituting sexual harassment as defined and otherwise prohibited by state and federal statutes. Within the El Camino Community College District, sexual harassment is prohibited regardless of the status and/or relationships the affected parties may have.

Sexual harassment complaint forms are available in the Office of the Director of Staff and Student Diversity.

Sexual harassment shall be immediately reported to the District’s Title IX Coordinator, director of Staff and Student Diversity or designee, or to any dean, director, or manager for immediate reporting to the District’s Director of Staff and Student Diversity or designee.

Discrimination/Sexual Harassment Complaints

El Camino College is committed to providing equal opportunity in education and employment. The college affirms its policy to provide fair and equitable treatment of students and employees and prohibiting discrimination on the basis of ethnic group identification, national origin, religion, age, sex (harassment), race, color, ancestry, sexual orientation, physical or mental disability or retaliation.

Students or employees with questions, concerns or complaints of discrimination may contact and/or file an official complaint with these offices or agencies to initiate an El Camino College discrimination investigation:

El Camino College está comprometido a brindar igualdad de oportunidades de empleo y educación.

Esta institución reitera su póliza de proveer un trato justo y equitativo a estudiantes y empleados y prohibir la discriminación basada en identificación étnica, nacionalidad, religión, edad, género, raza, color, descendencia, orientación sexual, incapacidad (mental o física), o represalia.

Estudiantes y empleados con preguntas, dudas o quejas de discriminación pueden comunicarse y/o presentar una queja oficialmente con las oficinas o agencias que se nombran a continuación para iniciar una investigación de discriminación por parte de El Camino College:

Distance Education courses are ideal for those who are looking for a convenient way to take courses. We offer both online courses (via computer) and telecourses (via video) in a wide variety of subjects.

The courses are fully accredited and offer the same high quality of instruction as traditional classes. The course content, course credit, and cost per unit is the same as equivalent courses offered on campus. Anyone who is eligible to take courses on campus may enroll in Distance Education courses.

The courses offered this semester are listed under “Distance Education” in this Schedule (pages 45 - 48. Many of the courses have a mandatory first class meeting. If you do not attend the first meeting, you may be dropped from the course. Refer to the “Distance Education” section in this Schedule for the time and location of the first meeting.

Some online courses do not have a first class meeting. You must follow the instructions under the course listing or you may be dropped from the course.

The Student Handbook for Online Courses and the Student Handbook for Telecourses provide additional information about the courses. All students should obtain the Handbook(s) prior to the start of the semester. Both are available on the Distance Education website and at our office. Please contact us if you’d like to have it mailed to you.

FAQs about Distance Education Courses

The first class meeting conflicts with another course I want to take. What should I do?
Do not enroll in both courses – choose only one!

Will I be required to attend class meetings on campus throughout the semester?
It depends on which course you are enrolled in. Refer to the Student Handbooks for the total number of meetings you will be expected to attend.

If meetings are scheduled throughout the semester, when will they be held?
They usually take place on the same day and at the same time as the first class meeting. You may contact the instructor for specific meeting dates. You will find a faculty directory on our website and in our office.

How does an online course work?
Students in online courses communicate with their instructor and classmates electronically via a course website. The instructor posts such things as lectures, assignments, announcements, and other information to the site. The class may respond with questions, comments, etc. Some activities may require students to be online at a given time (online chat sessions, online exams, etc.). Contact the instructor for information.

Students must have at minimum:
- A Computer - either a PC with Windows and a Pentium processor or a Macintosh with at least System 9.0
- Regular access to the Internet
- A recent version of a web browser such as Netscape Navigator or Microsoft Internet Explorer
- An Internet Service Provider
- An email Address
- Current Word Processing Software (as required by instructor)

Some courses may have additional requirements. The instructor will provide more information.

Computer literacy is required and experience with computer communication is recommended. The procedures for working online will be explained by the instructor.

What is a telecourse?
Telecourses are pre-produced video courses. They are shown locally on the ECC television station, which is carried on the Time Warner Communications cable system (Channel 8). Some courses are also shown on KCET, the Los Angeles area PBS station. Students who are unable to view the telecourses where they reside may check out video copies of the programs free of charge from the Schauerman Library or they may view them in the Library’s Learning Resources Center. Copies may also be obtained for a fee through RMI Media Productions, Inc., a telecourse rental service. Consult the Student Handbook for Telecourses for the television broadcast schedule.

Is a Distance Education course right for me?
In order to succeed in a Distance Education course, you must be self-motivated and be able to manage your time effectively. You also need strong reading and study skills. Distance Education courses are every bit as challenging as traditional courses.

How Do I Enroll?
The registration process is the same for Distance Education courses as it is for on-campus classes. If you wish to enroll in Distance Education courses and on-campus courses, register for all of your courses at the same time.
Learning Communities • Spring 2006 • Humanities 8 • 310-660-6936

A Learning Community is an exciting way to take classes that are linked with a common theme. The term “learning communities” refers to classes in which the subject matter and ways of investigating questions in two or more courses are integrated. Learning community instructors coordinate curriculum, activities, and services to help ensure student success.

Academic Strategies: Tools for Success!

Do you experience “writer’s block,” finding it difficult to start a writing assignment?  
Do you get nervous when you take tests?  
Do you have trouble finding your own misspelled words?  
Are you always in a rush to finish assignments the day before they are due?  
When you see a word you do not understand, are you unable to figure out the meaning?

If you answered “yes” to any of these questions,  
register to take one or more Academic Strategies courses.  
These mini-semester courses, only eight weeks in length, are easy to fit into any schedule.
