

GAME MANAGEMENT GUIDE

The Department of Health, Science and Athletics would like to take this opportunity to welcome you to our campus. We have developed this guide to assist you with your needs and make your visit a pleasant one. El Camino College is proud to offer a wide array of intercollegiate athletic programs. Currently twenty-one intercollegiate athletic programs are offered at the college. Warrior Athletics has a strong commitment to skill achievement, our Scholar-Baller program and sportsmanship.

The campus is currently going through a growth period in which many facilities are being renovated while at the same time new state of the art facilities are being added. We will try to provide you with up to date information as to our construction effort prior to your visit. Athletic programs that are currently being affected are softball and tennis. We anticipate further changes to track, soccer and volleyball in the future.

The athletic staff consists of advocates for the development of student-athletes, their families and the community. This highly skilled staff will be there to assist you with your needs upon your arrival.

Event Management Guidelines

Situations may arise at anytime during athletic contests or practices. Appropriate information is needed by host and visiting teams in the event of these situations. Expedient action must be taken in order to provide the best possible care to the athletes, spectators and/or staff in emergency and/or life threatening conditions. Staff and Spectator management is a necessity at all times. Emergencies can occur at anytime day or night. The event management team must be prepared to care for and manage any and all situations in an emergency.

This packet will detail information needed by the event management team in case of emergency and or special situation. Preparation and communication is a key to the success of this group. Various application of the emergency preparedness plan will be conducted throughout the year. This preparation involves formulation of an emergency plan, proper coverage of events, maintenance of appropriate emergency equipment and supplies, utilization of appropriate emergency medical personnel, and continuing education in the area of emergency medicine.

It is suggested, but not required by district policy, that all athletic staff be certified in first aid and CPR. All athletic training staff will be current in first aid and CPR for the professional rescuer.
