

THE HONORS CURRICULUM

Every semester before you register, be sure to obtain a list of the following semester's honors courses. The list is available as a handout on the HTP counter, and is also printed in the Schedule of Classes under the heading **Honors Transfer Program**. Honors students must complete at least one honors course each semester until they have completed the five required honors courses needed to complete the program. If you have completed honors courses at another college, you may count **one** of them toward the HTP five-course requirement, but no course you took in high school will count.

Students in the HTP generally complete the same number of courses as other students planning to transfer. Students should consult with a counselor to ensure that they take the appropriate courses for their major and planned transfer institution.

New students are required to complete English 1A (unless previously completed) during their first semester in the program. Honors English 1A is recommended.

Below are listed all courses that are regularly offered for honors credit, but **not every course is offered every semester**. In order to receive HTP credit for a course, students in the HTP must be sure that they **enroll in the honors section**.

Anthropology 1	Physical Anthropology	Music 12	Music Cultures of the World
Anthropology 2	Cultural Anthropology	Oceanography 10	Physical Oceanography
Art 6	Cross Cultural Art	Philosophy 23	Ethics, Law and Society
Astronomy 25	Stars and Galaxies	Political Science 1	Government
Biology 10	Fundamentals of Biology	Political Science 10	International Relations
English 1A	Reading and Composition	Psychology 5	General Psychology
English 1B	Literature and Comp.	Sociology 101	Principles of Sociology
English 1C	Critical Thinking and Comp.	Spanish 1	Elementary Spanish
Film/Video 1	Film Analysis/Appreciation	Speech Comm. 1	Effective Speaking
Geography 5	World Regional Geography	Speech Comm. 3	Group Discussion
History 1A	US History to 1877	Speech Comm. 4	Argumentation and Debate
History 1B	US History from 1877	Speech Comm. 12	Interpersonal Communication
History 32	Cultural Pluralism in America		

Only two English courses from the list above may count toward the minimum of five required honors courses.

Only two science or mathematics courses from the list below may count toward the minimum of five required honors courses:

Biology 101 and 102	Introductory Biology
Chemistry 1A and 1B	General Chemistry
Computer Science 1	Problem Solving and Program Design Using C++
Math 190 and 191	Single Variable Calculus and Analytic Geometry
Physics 1A and 1B	Mechanics of Solids; Fluid, Heat and Sound

Any section of these science and mathematics courses can be counted as an honors course, although these are not designated as honors in the Schedule of Classes. Other science and mathematics courses cannot be counted as honors courses.
