V. New Business

- **5.2 Public Relations-Nicole Reinersten**
Discussion: Rio Enomoto represents Nicole in her absence; Nicole wants to increase the AS Public Relations Account (71-55001-00-836412-7670) from its current value of \$250 by \$600 to a new total of \$600. This increase is to be able to purchase sweaters and name plates for the senators.
 - The Sweaters would be able to have the name of the member, El Camino College and the position of the member here in the ASO. This is in an

effort to look more united at conferences since other schools have a similar design.

- The name plates are for the senate meetings to display not only who is talking but what position they hold within the ASO. This also is in an effort to look more professional, and it makes new members or guests realize who is speaking.

Discussion: Tom Connolly says that it is a good idea to have the name plates for the meetings, but the sweaters are not necessary. It only helps the individual; therefore, the members should pay for the sweaters themselves. But he does agree that during the conferences it would give an appearance of a united ASO here at El Camino College.

Harold Tyler says there isn't a fund for such a request, the money needed needs to be transferred around since there is no miscellaneous expense account anymore. Everything dollar has been allocated, and if the ASO wants this \$600 then they are going to need to take it from another account. Also in the past the Members of the ASO would pay for their own sweaters.

Therefore, the request for increase of \$600 in the AS Public Relations Account is being sent back to the senate to decide where the money will come from. Harold Tyler also suggests bringing a list of updated ASO Accounts with their totals.

VI. Old Business

None

VII. Public Comments

Harold Tyler made a comment that the Senate bill 1440 was signed by the Governor. This bill allows all community college students with 60 units and a 2.0 GPA the ability to transfer to a California State University college 100% guaranteed and taking effect immediately; however, the application process still applies. Meaning that you will get in, but you may have to wait for an open seat to be presented to you. Each school can only accept so many students.

This is in an effort to further the education of the average student, and to give everyone a chance at a good future.
