Written Responses

Question: 1. Reviews recommendations from committees designated as Collegial Consultation committees.

Response

The procedure did not change with the new document???

We review certain kinds of recommendations (i.e. Board policy/procedure) but not others.

Question: 2. Serves as the primary, non-bargaining source for discussion and communications regarding campus-wide issues and policies.

Response

Although there aren't very many items on our agendas, any member of College Council can add an item or bring it up during the meeting and it will be discussed.

Question: 3. Provides feedback to the Superintendent/President regarding such issues as planning, policy development and coordination, campus and council priorities.

Response

Anyone can state their opinions during the meeting and be heard by Dr. Fallo.

Question: 5. Operates on a consensus-building basis or a majority vote in an advisory capacity.

Response

It often feels that the College Council is more of a committee for the dissemination of information rather than for discussion and decision-making.

Question: 7. Supports and abides by areas involving professional activities legally delegated to the Academic Senate.

Response

Problems arise in the "gray areas" where it is not 100% clear that something falls in the Senate purview.

Question: 8. Ensures that major recommendations of the College are consistent with the educational mission of the College.

Response

We don't articulate our efforts to do this, but we do it tacitly.

Question: 9. Primarily focuses on students.

Response

Students are not prioritized in our discussions. Fiscal issues dominate.

Question: 1. Finalize "Making Decisions at El Camino College" and distribute to all collegial consultation committees and college constituency groups.

Response

There seems to be some question of support.

Finished, but needs to be distributed.

Question: 2. Determine collegial consultation committees and develop a flowchart depicting to whom they recommend and what happens to the recommendation.

Response

We decided how to define consultation committees and we identified them but we haven't charted the progress of their recommendations.

flowchart needs to be developed and website needs to be updated

Question: 3. Complete a review and revision (if needed) of all policies and procedures relating to Accreditation.

Response

several policies are still outstanding
