Grade Summary Sheet

Use this sheet to track your grade in Physics 2A. Rows are separated by related materials.

Homework			Experiment			Exams					
Set	Your Score	Max	Exp #	Your Score	Max	Exam #	Your Score	Max			
(HW A= practice)			1 (measurement)		15	1		60			
B	10		10-2 (freefall)		15						
C	10		12 (Force table)		15	2		60			
D	10					3		60			
E	10										
F	10		14 (Ballistic Pendulum)		15	4		60			
G	10										
H	10					5		60			
I	10										
J	10										
K	10		21 (Archimedes' Principle)	15		6???	???	60???			
L	10		Clickers			Avg of top 4 (or 5) tests			__		
M	NOT SUBMITTED					Clicker points			30	Replace lowest <u>exam</u> score with 0.9 times average of the top scores?	
N	NOT SUBMITTED					(Graded by participation only, not correctness of answers)					
Index card	5		Replace lowest lab w/ 0.9 times average of the rest?				Exam total		___/300 or 360		
HW	___/115 (maybe less – some HW may not be collected)		Lab total			___/75 + ___/30	Final Exam			___/200	

Total Score _____/720 or 780 (if nothing changes)	<table style="width: 100%;"> <tr> <td style="padding-right: 10px;">Grading</td> <td>A = 90.0+%</td> </tr> <tr> <td style="padding-right: 10px;">Breakdown</td> <td>B = 80.0%-89.9%</td> </tr> <tr> <td></td> <td>C = 65.0%-79.9%</td> </tr> <tr> <td></td> <td>D = 50.0-64.9%</td> </tr> <tr> <td></td> <td>F = <50% ☹☹</td> </tr> </table>	Grading	A = 90.0+%	Breakdown	B = 80.0%-89.9%		C = 65.0%-79.9%		D = 50.0-64.9%		F = <50% ☹☹
Grading	A = 90.0+%										
Breakdown	B = 80.0%-89.9%										
	C = 65.0%-79.9%										
	D = 50.0-64.9%										
	F = <50% ☹☹										

CLICKER USAGE

Please read this entire sheet! Keep the top portion for your records.

Each clicker has a label on the back with a number on it. From now on, you should use the same clicker for every class.

My Clicker Number is _____

Voting

To vote, press and release the number of your choice. The **light** above the “1” should blink amber (orange) until the signal is received by the teacher’s computer. When the signal is received, the light should turn green and then go off. If your response was a valid choice (i.e. 1 or 2 for a True/False question – 3 through 9 are not valid choices for T/F questions), the response box (projected on the same display as the question) corresponding to your clicker number should change from the background color to a different color.

Changing your vote

Except for questions that allow more than one choice, you may change your vote as many times as you like until polling closes. Only your final vote will be recorded by the computer unless told otherwise. Each time you change your vote, the response box corresponding to your clicker number will alternate between two colors. Polling opens when the PowerPoint presentation shows a green box in the upper right corner. When that box turns red, polling closed.

Troubleshooting:

- 1) If your signal was not received by the teacher’s computer, your light will flash amber (orange) up to 10 times and then turn red. Try resubmitting your vote. If it doesn’t work the second time, try again and if it still fails, ask your teacher for a temporary replacement clicker to be used for the rest of class.
- 2) **Don’t press the “Go” button** below the “7”. This will change the “channel” of your clicker, and your teacher’s computer only reads channel 41 right now. All clickers are currently set to channel 41. If you do accidentally press “Go”, the colors on your clicker light should alternately flash red-orange-green. When this happens, press “4” and “1” and press “Go” again. This should turn the light green, indicating you successfully changed back to channel 41. If not, try “Go” “4” “1” “Go” again. If that doesn’t work, ask your teacher for a temporary replacement clicker to be used for the rest of class. The last syllabus extra credit word is astronomy.

----- detach the portion below, sign below, and return to the teacher -----

Your Responsibility – Receiving and returning the clicker

It is your responsibility to make sure that your clicker is returned at the end of class. If your clicker is missing at the beginning of the class, notify the instructor and you will receive a loaner for that day only. If your clicker is not received at the end of class, you will be held responsible and will need to reimburse the school if your clicker is not found within one week.
