**PROPOSAL DESCRIPTION**

San Diego City College was selected in 1983 by the Ford Foundation to be one of the twenty-four colleges in the Urban Community College Transfer Opportunity Project. From this association, LaGuardia Community College invited San Diego City College to consider replicating LaGuardia’s Middle College. The Ford Foundation will sponsor that replication with successful applicants by providing consultants and training funds for faculty.

The purpose of the grant will be to design an adapted Middle College to fit San Diego City College/San Diego Unified School District policies. The project is designed to approach retention and continuation of high-risk students in a new way that has proven successful.
