CALIFORNIA COMMUNITY COLLEGES
AND
LOS RIOS
COMMUNITY COLLEGE DISTRICT

#88-D
In 1987-88, the Fund for Instructional Improvement sponsored four colloquia designed to provide a forum for discussion of educational issues among faculty leaders and administrators of the colleges. The emerging leadership role of the Academic Senate and related assumption of attendant responsibilities has been the focus of the colloquia this year. For a second year extension of this project, the Senate and Chief Instructional Officers propose to add students to the college groups and focus upon student needs, especially the needs of new majority students; teaching strategies, advisement techniques, and other activities for meeting student needs; and, improvement of faculty and administrator interaction with students. In addition, project funds will be used to support at least two training workshops for colleges that wish to apply the colloquium concept in their local settings.

Los Rios District has agreed to provide fiscal management. A joint committee of chief Instructional Officers, Academic Senate members and Chancellor’s Office staff will establish agenda for the meetings.
