

Goals and Taking Control

Strategies for Success 2

Team Name: _____

Members: _____

Objective: To identify strategies for taking control of your homework.

These are the strategies developed in the first week of the semester that pertained to doing homework. Often several groups listed very similar ideas. Today we will try to review these ideas and see how we are doing and what we can do to improve.

Strategies for Being Successful with Homework

1. Complete all assignments on time.
2. Get all homework questions answered.
3. Take time out to study
4. Practice
5. Don't wait for the last minute to do the homework
6. Have a study group
7. Really focus on homework. Don't just do it and get it done.
8. Have a set math study time
9. Read chapter before coming to class

Individual Questions:

- a) Are you satisfied with your performance on homework so far in this class? Explain.

b) Which of the strategies listed above have you tried? How?

d) Of the strategies you haven't tried, which would you like to try?

e) Make a homework goal for yourself for the next two weeks. Complete the sentence.

I promise to

Group Discussion:

a) Share your individual responses with each other.

b) List some strategies that the each of you can do to help the others in the group meet their goals.
