

ELIGIBILITY FOR ADMISSION TO THE CSU SYSTEM AS AN UPPER DIVISION TRANSFER STUDENT

A prospective upper-division transfer student must complete 60 transferable semester units (90 quarter units) with a minimum grade point average of 2.0 (2.4 for nonresidents). Within the 60 units, a minimum of 30 semester units (45 quarter units) that meet general education requirements must be completed with a C grade or better. The 30 semester units must include at least 9 semester (12 quarter) units (three courses) in communication in the English language and critical thinking (written communication, oral communication, and critical thinking) and at least 3 semester units (4 quarter units) in mathematics/quantitative reasoning with a grade of C or better. Transfer students may transfer a maximum of 70 semester units to the CSU. If a student has more than 70 units, students may receive subject credit.

Students who were eligible to attend CSU at the time of high school graduation may transfer with less than 60 semester units provided they maintain a C average (2.0 GPA at El Camino College), are in good standing, and the CSU campus is accepting lower division transfers (consult with individual campuses for specific information). Eligibility is determined by high school grade point average, either SAT or ACT scores, and required course work. Students ineligible for admission from high school to the CSU should complete the requirements for an upper division transfer student as stated above. Students must satisfy high school deficiencies prior to transfer by completing with a C or better one of the following: 1) 1987 or earlier high school graduates: Complete 9 units in Area A & 3-4 units of math in Area B. However, it is advised that students complete a minimum of 60 transferable semester units and have a GPA of 2.0 or better in all transferable units attempted. In addition, it is advised that students complete at least 30 semester units of college courses applicable to CSU general education pattern. 2) 1988 and after graduates: Complete 30 units applicable to CSU general education pattern, including Areas A and B.4 requirements listed below.

CERTIFICATION

"Certification" means that El Camino College has verified that the student has completed the lower division general education requirements for the CSU. El Camino College will certify the completion of up to 39 units. Students who transfer without certification will be held responsible for the transfer institution's general education pattern. Students who have completed general education courses at other colleges are advised to see a counselor for information regarding "pass-along" certification. Foreign course work may not be used for certification on the CSU GE Breadth Requirements. **For full certification, students will need to complete 39 units from Areas A-E of which, 12 of the 39 units must be taken at El Camino College.**

FOR FULL CERTIFICATION, STUDENTS MUST COMPLETE 39 UNITS FROM CATEGORIES A-E. A student must complete no less than 39 units, with 9 units in Area A, at least 9 units in Area B, at least 9 units in Area C, at least 9 units in Area D, and 3 units in Area E. No more than 30 total units will be certified in Areas B through D. Requests for certification should be made during the student's last semester at the Records Window.

AREA A - ENGLISH LANGUAGE, COMMUNICATION, AND CRITICAL THINKING

(Minimum 9 semester or 12 quarter units) - One course required from each subsection.

- 1 These units count toward eligibility for admission. The units may not all apply toward certification of the corresponding GE-Breadth area. See Executive Orders 1033 and 1036 for details.
- 2 Areas of GE Breadth (A1 through E) are defined in EO 1033. Areas of American Institutions (US-1 through US-3) are set forth in Sections IA and IB of EO 405, and at assist.org.
- 3 Students seeking certification in GE Breadth prior to transfer must have passed the test before this date.
- 4 If a student passes more than one AP exam in calculus or computer science, only one examination may be applied to the baccalaureate.
- 5 Students who pass AP Environmental Science earn 4 units of credit. Tests taken Fall 2009 or earlier may apply to either B1+B3 or B2+B3 of GE Breadth. After F09, those credits may only apply to B1+B3.
- 6 If a student passes more than one AP exam in physics, only six units of credit may be applied to the baccalaureate, and only four units of credit may be applied to a certification in GE Breadth.
- 7 The IB curriculum offers language at various levels for native and non-native speakers. Language B courses are offered at the intermediate level for non-natives. Language A1 and A2 are advanced courses in literature for native and non-native speakers, respectively.
- 8 Does not fulfill the CSU graduation requirement
