

INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC) **EL CAMINO COLLEGE**

IGETC 2013-2014

The Intersegmental General Education Transfer Curriculum (IGETC) is one of the lower division general education course requirement options available to students who intend to transfer to a campus of the University of California (UC) or the California State University (CSU). Depending on the student's choice of UC or CSU campus and the major, other options available are the UC campus-specific breadth pattern, the CSU lower division general education certification pattern, or CSU campus-specific general education or breadth pattern. It is strongly recommended that students complete IGETC prior to transfer and obtain IGETC certification. All UC and CSU campuses will accept the completed IGETC to satisfy all lower division general education requirements.

Students pursuing majors such as Engineering, Haas School of Business at UC Berkeley, Liberal Studies, majors that require extensive lower division major preparation or transferring to Roosevelt and Revelle Colleges at UCSD may not find IGETC to be advantageous. Students should ascertain through their ECC counselor if the IGETC pattern is an acceptable transfer option.

Courses completed at a California Community College will be applied to the subject area in which they are listed by the institution where the course work was completed. Only courses deemed equivalent to those on an approved IGETC course list will be certified (please see a counselor for course placement). All courses must be completed with a "C" grade or better. Foreign course work may not be used on IGETC.

CERTIFICATION: It is the student's responsibility to complete all requirements with a C grade or better and obtain full certification prior to transfer. Certification means the last community college attended prior to transfer to the UC or CSU will verify that the student has completed the IGETC. By completing the IGETC requirements, students will have satisfied all lower division general education requirements for the UC or CSU campus of choice with some exceptions (see a counselor for details). Certification is highly recommended because without it, students will be held responsible for the transfer institution's general education pattern. Students who have completed general education courses at other colleges are advised to see a counselor for information regarding "pass-along" certification. Requests for certification should be made during the student's final semester at El Camino College at the Records Window.

UC transfer requirements to meet minimum eligibility for admission:

- Earn a minimum 2.4 GPA (Many UC campuses and specific majors require a higher GPA to be competitive, consult a counselor for specific information)
- Complete a specific pattern of courses: two transferable English courses, one transferable math course, four transferable courses from at least two of the following areas: Art and Humanities, Social and Behavioral Sciences, Physical and Biological Sciences (please use www.assist.org to view courses that meet minimum eligibility requirements)

<u>UC Credit Limitations</u>: Every community college has a Transfer Course Agreement (TCA) with the University of California that specifies how many units of credit will be granted by the UC. Students should pay special attention to courses and units granted when applying the units to meet the 60 units for admission. Below are the credit limitations for El Camino College courses.

Anatomy 30 and 32 combined and Physiology 31 maximum credit, 2 courses

Architecture 199ab maximum credit, one course; course was not approved prior to F00 by UC

Art 142abcd maximum credit is 3 units

Astronomy 20, 25, and 12; Astronomy 12 must be taken after or concurrently with 20 or 25 to receive transfer credit

Biology 10 No credit for 10 if taken after BIOL 101 or 1A

Chemistry 4 and 20 combined: maximum credit, one course, No credit for 4 or 20 if taken after 1A

Chemistry 21A No credit for 21A if taken after 1A or 7A

IGETC 2013-2014 June 2013

Advanced Placement Examinations (AP):

A score of 3, 4, or 5 is required to grant credit for IGETC certification. An acceptable score of 3, 4, or 5 for IGETC equates to either 3 semester or 4 quarter units for certification purposes. Each AP exam may be applied to one IGETC area as satisfying one course requirement. *Note: Students must check the transfer institution's college catalog or website for units awarded toward the minimum 60 units required for admission and credit toward major preparation.

International Baccalaureate Exams (IB)

A score of 5, 6 or 7 on Higher Level exams is required to grant credit for IGETC certification. An acceptable IB score for IGETC equates to either 3 semester or 4 quarter units for certification purposes. Students who have earned credit from an IB exam should not take a comparable college course because transfer credit will not be granted for both. *IB exam may be used in either area regardless of where the certifying CCC's discipline is located.
