

LIBERAL STUDIES MAJOR – TRANSFER REQUIREMENTS

The following requirements are subject to change without notice. To ensure that this information is current, you should consult with a Liberal Studies counselor or review articulation agreements via the Internet at www.assist.org.

The Liberal Studies major is primarily designed for prospective elementary and special education teachers who intend to earn a Multiple Subject (K – 8) and/or Education Specialist Instruction credential. All such students should complete the coursework specified below for their intended transfer university.

Important Notes:

1. All courses on this guide sheet must be completed with a grade of C or higher.
2. In general, credential programs require that students achieve a GPA ranging from 2.5 – 2.67 prior to admission into their programs.
3. It is strongly recommended that students take the CBEST (California Basic Educational Skills Test) and complete their character clearance prior to transfer.
4. Some CSU programs may require CSU GE certification and/or the completion of a 12-15 unit concentration which can be started at the community college level. Please see a counselor or visit www.assist.org for details.
5. Students may choose between an integrated or a traditional program. The former allows them to complete a bachelor's degree and credential simultaneously, and the latter requires them to complete their bachelor's degree prior to entering a teaching credential program.

CALIFORNIA STATE UNIVERSITY, DOMINGUEZ HILLS

California State University, Dominguez Hills offers prospective elementary school and special education teachers two alternatives for obtaining a Liberal Studies degree: the traditional program and the integrated program. Students applying to the **Integrated Option** must have passed all three sections of the CBEST, achieved a GPA of 2.67, completed lower division General Education and Liberal Studies coursework, and be granted clearance by the California Commission on Teacher Credentialing. **The Early Teaching and Learning Option (ETLO)** is designed to prepare students to teach children from birth to age five in diverse inclusive early childhood education and preschool settings. Participants in this option complete the undergraduate Liberal Studies degree with an emphasis in early language development, culture, literacy, early mathematical reasoning, and exceptional children. For students interested in special education, this option also provides a clear pathway into the Early Childhood Special Education credential program. **For more information, please visit the CSUDH Liberal Studies Website at www.csudh.edu/soe/lbs or call their program office at: 310.243.3832.**

UNIVERSITY OF CALIFORNIA SYSTEM

Except for UC Riverside, most University of California teaching credential programs are at the graduate level. Thus, students must first complete a baccalaureate degree and then apply to a UC graduate school, at which point they can earn a Master of Arts degree and complete requirements for the Multiple Subject Teaching Credential. Graduate school admission requirements typically include passage of the California Basic Educational Skills Test (CBEST), demonstration of subject matter competence by passing the California Subject Exam for Teachers (CSET) Multiple Subject Exam, and a GPA of 3.0 or higher. Some programs also require that applicants take the GRE (Graduate Record Examination). With regard to coursework, students should choose their electives wisely to increase their knowledge of the areas included in the California Content Standards (e.g., math, language arts, social studies, humanities/fine arts, science, and social studies). Recommended majors: any.
