LOWER DIVISION WRITING REQUIREMENT:

One semester of college composition: **English 1B or 1C** (English 1B or 1C is articulated with USC's WRIT 130). An additional upper-division writing course will need to be completed at USC.

FOREIGN LANGUAGE REQUIREMENT: Certain USC majors have a language requirement for graduation, which requires completing the third semester (or fifth quarter) of a college-level foreign language with a passing grade (C- or higher), or passing USC's placement examination at a level equivalent to third semester competency. Students who do not finish their third semester (or fifth quarter) before transferring to USC must take USC's placement examination to determine their level of competency. If the test score indicates placement into a level, which the student has already completed, the student will be advised (but not required) to repeat the course at USC for no additional credit. Therefore, if your major requires the foreign language skill level and if you have started taking a foreign language, you are advised to complete the requirement before transferring to USC. International students whose native language is not English are exempt from the foreign language requirement.

Courses that fulfill this requirement: French 3; German 3; Japanese 3; Spanish 3

USC's POLICY ON DISTANCE EDUCATION: USC will not grant subject credit to foreign language or laboratory science courses taught via distance learning, television, or online correspondence format. USC will determine on a case-by-case basis whether to grant credit for non-traditional time modes such as "intensive" sessions or special weekend modules. Students are advised to complete courses in the traditional classroom modality to assure that they will get full credit.

MINIMUM REQUIREMENTS FOR ADMISSIONS: 1) Intermediate Algebra, 2) Lower division writing requirement (course equivalent to WRIT 130), 3) There is no minimum number of units students must complete before applying for admission. However, if you have fewer than 30 transferable units, the primary focus will be on your high school record and results from the SAT/ACT.

MATH REQUIREMENT FOR ADMISSIONS: Transfer students are expected to have achieved a grade of "C" or better in intermediate algebra at the college level or to have completed a minimum of three years of math in high school, including advanced algebra. Some majors require specific math courses for major preparation. Students should consult with an ECC counselor or the department to which they intend to apply.

LIMITS ON COLLEGE COURSES TAKEN BEFORE HIGH SCHOOL GRADUATION: High school students are limited to a maximum of 16 semester units of degree credit for college courses taken before high school graduation. Courses receive elective credits only (no equivalence), except that they may, where relevant, fulfill GE categories I, II, III, and V ONLY. Departments may use these courses as a basis to waive prerequisites or specific course requirements on a case-by-case basis.
