Program Mission Statement

“The mission of the Radiologic Technology Program is to prepare well qualified imaging practitioners who are committed to the highest technical practice, patient care and ethics while instilling the importance of professionalism.”

GOALS & OBJECTIVES:

STUDENT LEARNING OUTCOMES:

1) Students will be clinically competent
   a) Students will be able to correctly position patients for quality radiographic exams.
   b) Students will apply ALARA radiation safety principles on patients, self and others.

2) Students will demonstrate ethics and professionalism
   a) Students will demonstrate ethical behavior with patients, self and others.
   b) Students will demonstrate professionalism with patients, self and others.

3) Student will effectively communicate
   a) Students will demonstrate effective communication skills with patients, staff and others.
   b) Students will demonstrate good communication skills through class presentations.

4) Students will demonstrate critical thinking
   a) Students will evaluate radiographic images and make appropriate changes when necessary
   b) Students will assess patient’s condition and make appropriate modifications to the procedures based on their condition.

PROGRAM LEARNING OUTCOMES:

A. Graduates will pass certification and/or licensing examination
B. Graduates will maintain a high level of program completion/retention rates.
C. Graduates will report a overall satisfaction with the program
D. Employer will report overall satisfaction with the graduates’ competency and job performance.
E. Graduates will obtain employment in radiologic technology.
F. Students will maintain a high level of success and completion for each course.

- The Radiologic Technology Program will evaluate and monitor program effectiveness through measurement of graduate success rates, job placement rates, annual program completion rate, graduate and employer satisfaction.
- The Radiologic Technology program will maintain, assess and review student learning outcomes for each Radiologic Technology course.
- The Radiologic Technology program will make available to the general public the annual results of the ARRT and State licensing exam pass rates, job placement and program completion through publication on the El Camino College, Radiologic Technology webpage: www.elcamino.edu/healthsciences/radiologictech
