California Residency

California State Assembly Bill 540 (AB540) allows any student who meets all of the following requirements to be exempt from paying non-resident tuition at California Community Colleges, the California State University (CSU), and the University of California (UC).

1. The student must have attended a high school (public or private) in California for three or more years or have attained credits equivalent to three or more years of high school coursework and a combination of three or more years at a California elementary or secondary school and
2. The student must have graduated from a California high school (public or private) or attained the equivalent (e.g., General Educational Development - GED or California High School Proficiency Exam) prior to the start of the term at El Camino College.

A student who meets the above requirements must file an affidavit with the Admissions & Records Office at El Camino College stating that he/she has an application to legalize his/her immigration status or will file an application as soon as he/she is eligible to do so. In addition to the affidavit, the student must also provide an official high school transcript that clearly shows attendance in all semesters and the date of high school graduation. If the student attended more than one California high school, then official transcripts from all high schools must be provided. If the student graduated through equivalency as mentioned above, then proof must be provided. Attendance at an adult school does not qualify.

Student information obtained in this process is strictly confidential unless disclosure is required under law. Students who meet the criteria will be exempted from the payment of non-resident tuition but will not be classified as “California Residents.” Students will continue to be classified as “Nonresidents.” Students who are in the United States under a student or visitor visa are not eligible.

During registration periods, the following registration priority shall be followed:

Priority Level 1:
- Eligible students in veterans, foster youth, DSPS/SRC, EOPS, and CalWORKs groups

Priority Level 2:
- Eligible students in Title 5 sanctioned groups (none at this time)

Priority Level 3:
- Eligible students in District-designated groups

Priority Level 10:

Students within a continuing student priority level will be prioritized by units earned at or through El Camino College and/or El Camino College Compton Center. The more units earned the higher priority up to
an earned unit limit of 100. Continuing students with the same earned unit value will be prioritized randomly.

Students within a new/returning student priority level will be prioritized by the submission date of their application for admissions. New/returning students who applied on the same day will be prioritized randomly.

Eligible new students in Priority Levels 1, 2, 3, 4, and 6 must have completed orientation, assessment, and developed an educational plan. Students should contact Veteran Services, Foster Youth, DSPS, EOPS, CalWORKs or one of the District-designated groups to receive information on qualifications for those programs and eligibility for priority registration.

### Continuous Enrollment for Priority Registration

Continuous enrollment at El Camino College and ECC Compton Center constitutes enrollment in the most recent previous semester per academic year, excluding summer sessions. A student must remain enrolled in at least one course for sufficient time to receive a grade of "W" or a letter grade.

For the complete El Camino College Administrative Procedure 5055, Registration Priorities, please go to www.elcamino.edu/admissions/registration/board/boarddocs/5055%20Enrollment%20Priorities.pdf.

### Unit Limitations

The student's program of studies will vary according to individual need and objectives. There is no minimum but the maximum program for a semester is 18 units without a physical education class and 19 units with a physical education class. The maximum program of study summer session is 10 units if at least one unit is in physical education. The minimum full-time student program is 12 units per semester. A student wishing to take more than the maximum units may file a petition through the Counseling Services Division. Students must have completed at least 15 transferable units in one semester at El Camino College with a 2.75 grade point average and an overall grade point average of 2.5 or higher to be eligible for an overload.

In addition to scheduled class hours, students should include in their weekly schedule the time necessary to study and prepare for classes. Each student is expected to spend two hours per week in study and preparation for each class hour per week in lecture courses. Students who work in business or industry should reduce their total study programs in proportion to the demands of their employment and personal activities. If employment requires 40 hours or more per week, students would limit their study program to seven units or less each semester.

### Children in Classrooms

Children are not permitted in classrooms while class is in session. Attendance in class is limited to officially enrolled students and authorized visitors or guests only. In addition, students shall not allow children to be left unattended or unsupervised anywhere on campus. It is the responsibility of each faculty member to inform students of this requirement.

### Student Records

Congress has provided in the Family Educational Rights and Privacy Act (FERPA) that students have certain rights of access to their education records. Please contact the Admissions and Records Office for any information regarding your rights under the Act.

### High School Students

By law, El Camino College may restrict K-12 enrollment based on any of the following: age, grade, academic preparation, seat availability or registration priority. District policy restricts concurrent enrollment to students who have completed the 10th grade.

El Camino College will grant college credit for completed coursework. Students should consult their school counselor and/or school district policy on enrolling in college classes to earn high school credits or dual credit.

Students - When you enroll in classes at El Camino College, you are considered a college student and are expected to act accordingly. Please familiarize yourself with El Camino College policies, procedures, the college calendar, and your rights as a student by reading the class schedule and purchasing a college catalog from the ECC Bookstore. It is also available online.

Eleventh and 12th grade students must submit an up-to-date application for admissions online, have a fully completed and signed concurrent enrollment form on file in admissions, and have turned in any supporting documentation to the Admissions Office prior to the start of a semester or the start of a session in summer. Failure to meet the admissions deadline will preclude the student from registering in any classes for that term. Late admissions and late registration will not be considered for concurrently enrolled high school students.

Parents - When your child enrolls in classes at El Camino College, you lose some rights afforded you by the K-12 system.

As per FERPA (Family Educational Rights and Privacy Act) any business you conduct on behalf of your college student must be with the student’s written consent. You, the parent, will need a note from your child to access private educational records or to act on his or her behalf.

Applying to El Camino College does not guarantee a seat in a class. Registration priority is given to continuing students first, followed by new and returning students, and then concurrently enrolled high school students. These students must go through the application process each semester or term that they are enrolled as a concurrently enrolled student.

### Equivalent Courses

Courses completed at other colleges and universities may be used to meet a prerequisite. Some high school courses, as stated in the college catalog, may also be used to meet a prerequisite.

Students who have completed equivalent courses at another college or in high school must have copies of necessary transcripts. Do not delay. Order transcripts and clear prerequisites prior to registration. Clearance for an equivalent course may be obtained in Drop-In Counseling or the appropriate academic division office.

### Transcripts

Students who plan to attend under veterans or Social Security benefits; receive academic advisement to become matriculated; or need to have coursework at other colleges reviewed for prerequisite clearance, must request college transcripts from all schools attended be sent to the El Camino College Admissions and Records Office.

Students who plan to graduate from El Camino College with a degree or certificate and wish to have course work taken at other colleges considered for graduation must request official transcripts to be mailed from the other colleges to the El Camino College Records Office. Hand-carried transcripts from the student or any other party will not be accepted.

Ordering transcripts is easy. Go online 24/7 to www.elcamino.edu/admissions/transcripts.asp and follow the instructions. The first two El Camino College transcripts are free. Additional transcripts incur a fee as determined by college policy and are payable at the time of the transcript request. Transcripts are processed on a first in, first out basis.
Cross Enrollment at CSU Dominguez Hills

El Camino College students who are eligible may cross-enroll at CSU Dominguez Hills without formal admission and without payment of state university tuition, in a maximum of one baccalaureate-level course per semester on a space-available basis. Such enrollment would be at the discretion of the appropriate campus authorities on each of the campuses. A student must meet the requirements of cross enrollment to be eligible. Additional information on requirements and procedures may be obtained at the El Camino College Admissions and Records Office or Counseling Center.

Academic Dishonesty

Academic Dishonesty violates El Camino College’s Administrative Procedure 5500 Standards of Student Conduct.

El Camino College is dedicated to maintaining an optimal learning environment and insists upon academic honesty. To uphold the academic integrity of the institution, all members of the academic community, faculty, staff and students alike, must assume responsibility for providing an educational environment of the highest standards characterized by a spirit of academic honesty.

Examples of academic dishonesty include but are not limited to:

1. Representing the words, ideas, or work of another as one’s own in any academic exercise including the use of commercial term paper companies or online sources for essays, term papers, or research papers, whether free or paid.
2. Copying from another student or former student or allowing another student to copy from one’s work.
3. Allowing another individual to assume one’s identity or assuming the identity of another individual.
4. Changing answers on a previously scored test, assignment, or experiment with the intent to defraud.

7. Giving or receiving information during an examination or test by any means such as sign language, hand signals or secret codes, or through the use of any electronic device.
8. Using aids such as notes, calculators, or electronic devices unless specifically authorized by the instructor.
9. Handing in the same paper or other assignment in more than one class when prohibited by the instructor.
10. Any other action that is not an honest reflection of a student’s own academic work.
11. Other forms of dishonesty, including, but not limited to, forgery or attempted forgery of any academic record; alteration or misuse of college documents, records, or identification; or knowingly furnishing false information to the District.
12. Unauthorized preparation, giving, selling, transfer, distribution, or publication, for any commercial purpose, of any contemporaneous recording of an academic presentation in a classroom or equivalent site of instruction, including but not limited to handwritten or typewritten class notes, except as permitted by any District policy or administrative procedure.

Responsibility of El Camino College Students

It is the responsibility of each student to conduct him/herself in a manner that encourages learning and promotes honesty; and to act with fairness toward other students in the classroom. This incorporates the notion that students should not seek an unfair advantage over other students when completing an assignment, taking an examination or engaging in any other kind of academic activity.

Consequences for Academic Dishonesty

When there is evidence or knowledge of academic dishonesty occurring, any or all of the following actions may be imposed:

1. The instructor may assign a failing grade to the examination or assignment in which the alleged cheating or plagiarism occurred.
2. The instructor may dismiss the student from the class or activity for the present and/or following class session(s) as stipulated in AP 5520.
3. The instructor may recommend suspension or expulsion of the student from the college as stipulated in AP 5520. This recommendation must be in accordance with El Camino College’s Student Discipline Procedures.
4. A Student Conduct Incident Report is filled out by the instructor and copies are submitted to the division dean and Director of Student Development. The Director of Student Development will keep this form in the student file and take any additional disciplinary action if deemed appropriate. ### Transfer-Level Mathematics

Math 80 serves as a prerequisite for all transfer-level mathematics courses. Students of science, computer science, engineering, mathematics and business should take Math 80.

Math 67 or Math 73 may be used as the prerequisite for Math 110, 111, 115, 120, 140 and 150. Science, computer science, engineering, mathematics and business should not take Math 67 or Math 73.

Math 67 is not appropriate for nursing students planning to take Chem 1A.

Math 60 and Math 73 satisfy the associate degree mathematics requirement. Students passing Math 67 need to take a transfer-level mathematics course in order to satisfy the associate degree mathematics requirement.
