#250-86-01
In response to an invitation from Ann Reynolds, Chancellor, California State University, the Advisory and Review Council has recommended that the Fund contribute a sum of seed money toward the establishment of a Joint Projects Committee, similar to that which exists between the University of California and the California State University. The project will sponsor a conference in May of 1987 of faculty and administrators from both systems to identify issues of mutual interest. The aim will be to establish a standing committee composed of representatives of both systems to plan and coordinate joint projects in areas of common interest.
In response to an invitation from Ann Reynolds, Chancellor, California State University, the Advisory and Review Council has recommended that the Fund contribute the above sum as "seed" money toward the establishment of a Joint Projects Committee, similar to that which exists between the University of California and California State University. The project will sponsor a conference May 3-5, 1987 of faculty and administrators from both systems to identify issues of mutual interest. The aim will be to establish a standing committee composed of representatives of both systems to plan and coordinate joint projects in areas of common concern.
