

Earth Sciences Instructor Full-Time, Tenure-Track

EL CAMINO COLLEGE

MISSION STATEMENT: *El Camino College makes a positive difference in people's lives.*

We provide excellent comprehensive educational programs and services that promote student learning and success in collaboration with our diverse communities.

ABOUT EL CAMINO COLLEGE

El Camino College (ECC) is a vibrant two-year college. Our community serves a diverse student population including new and re-entering students and those pursuing certificate, degree, and transfer goals.

The ideal candidate will share ECC's commitment to educating its racially and socio-economically diverse student population including students with disabilities. We currently enroll approximately 25,000 students each semester, the majority of whom are from diverse populations. Over 50 percent of ECC's students are Latino/a, 16 percent are African-American, 15 percent are Asian, 13 percent are white, 5 percent are multiracial, and less than 1 percent are Pacific Islander or Native American.

The successful candidate will join a department committed to curriculum and practices that are responsive to the students it serves and an institution dedicated to funding student scholarships totaling \$1.4 million annually.

Since 1947, ECC has served the cities of El Segundo, Hawthorne, Hermosa Beach, Inglewood, Lawndale, Lennox, Manhattan Beach, Redondo Beach, and Torrance. As a single-college district, ECC employs more than 900 full- and part-time faculty to teach approximately 1,200 sections of pre-baccalaureate, transfer, and career technical courses. Approximately 475 staff and management employees also support student learning. Each semester, the College offers 99 degree programs and 83 certificate programs. ECC ranks among the top ten community colleges in transfers with over 1,500 students transferring annually to four-year universities around the country. Some of the top local transfer institutions include UCLA, USC, CSU Dominguez Hills, and CSU Long Beach. With a robust Transfer Alliance Program, ECC is regularly among the top three community colleges in Southern California for students admitted to UCLA.

Situated on a beautiful and spacious 126-acre campus in Torrance, California within Los Angeles County, the campus is located just minutes from South Bay beaches and surrounded by high-tech industries including aerospace, logistics, multimedia, and service corporations. The District has undergone a substantial transformation campus-wide with the passage of general obligation bond measures in 2002 and 2012. Over the next 10 years, capital construction projects, as well as new initiatives to support student success, will position El Camino College well for the future.
