Fall Professional Development Day 2020 Program

Breakout Sessions One

1:00pm - 2:00pm

Addressing Plagiarism and Academic Integrity from the Ground Up

Plagiarism is an ongoing concern at ECC and many educational institutions. Participants will learn how to detect new plagiarism methods using college software, report incidents, holistically work with struggling students, especially in the COVID 19 on-line learning environment, and be informed of the student conduct process. Participants will share best practices on how students can learn about academic integrity, specifically through a sharable Canvas module in development.

Presenters: Kevin Degnan, Scott Kushigemachi, Greg Toya, Camila Jenkin

ECC AFAM (African American) Employees Network Action Plan Towards Systemic Racism

This workshop will review and further discuss the recommendations of the ECC African American Employees Network towards systemic racism. Based on the Juneteenth Dialogue and Reflection on Race, Racism, and Reform, suggestions were gathered and an action plan has been formulated to help El Camino address those issues and construct a bridge of EQUITY across all platforms.

Presenters: Jeremy Smotherman, Clara Weston, LaTasha Short, Lillian Justice, Keiana Daniel, Brenda Threatt, Jacquelyn Sims, Nicolas McGrue, Brizset Giles, Nailah Lee, Seranda Sylvers, & Monica Lanier

Breakout Sessions Two

2:00pm - 3:00pm

Beyond the Classroom: How student support programs infuse equity in everything at ECC

Join the panel of ECC classified staff for a discussion on how being equity-minded is not limited to the classroom and learn about what is being done behind the scenes to provide students with components vital for long-term success. There is no “one-size-fits-all” solution to assist our diverse student population. Together the network of classified staff on campus, both full-time and part-time, work to find various solutions, connect students to the resources on and off campus, and enhance the success of each student’s learning experience and higher education pathway.

Panel: Wendy Lozano, Connie Zandate, Caroline Fifita, Nina Bailey, Keiana Daniel, and April Bernabeo

Moderator: Chris Hurd

Strengthen Engagement with OER: Supporting Student Success and Innovative Teaching

Discussions and advocacy around Open Educational Resources (OERs) typically highlight the cost-savings such resources present for students. However, those who have adopted OERs in their courses share that they can be valuable resources for faculty as well by supporting innovative teaching practices and contributing to student engagement, success, and satisfaction. Join our panel of faculty as they share perspectives about using OER, the challenges they faced, the impacts they achieved, the pedagogical changes that have taken place.

Presenters: Mary McMillan, Orion Teal, Chris Wells, Oscar Villareal, Soshanna Potter, and Chantal Soloman
