d. VP Educational Policies & President-Elect: Darcie McClelland

Educational Policies Committee minutes available [here](#).

Thank you to the Ed Policies Committee and Senate for the hard work this year! We have completed the review, revision, and consultation process for 19 board policies and administrative procedures. These are an important part of our purpose as a Senate as the policies and procedures guide the work of the college. There will be more next year!

To follow up some questions from our last meeting about EW: Student illness IS eligible for Excused Withdrawals; the student just needs to have a doctor's note. The grade change policies apply to EW. Although EW does not affect progress or academic probation, it may affect federal financial aid. We will get more information as the policy is implemented, which is anticipated for fall 2019.

C. Officer Reports

e. VP Faculty Development: Stacey Allen

Pages 15-18 in Senate packet.

Faculty Development Committee minutes available [here](#).

The packet provides both the most recent FDC minutes and a recap of the many programs and initiatives coordinated by our innovative and hard-working FDC!

C. Officer Reports

f. VP Finance & Special Projects: Sidney Porter for Josh Troesh

Planning and Budgeting Committee minutes available [here](#).

Thank you to Professor Porter (Business) for stepping in for Josh Troesh while he's away on family leave. Professor Porter is representing the faculty on a search committee so had a conflict for today's meeting but will join later.

g. VP Academic Technology: Pete Marcoux

Faculty email is being moved to the cloud, hopefully by sometime this summer. Pete is serving as the guinea pig and reports that the email seems to be working well. Faculty will not notice many changes. He did have to delete the app on his phone and tablet and reinstall it. This will give us access to 50 gigabytes of storage. Some questions have come from faculty regarding the new approach to submitting grades and attendance documentation. We still need to work out some kinks; using Canvas for attendance creates a very large file.

C. Officer Reports

h. VP Instructional Effectiveness: Russell Serr

Page 19 in Senate packet.

SLO/PLO Assessments are due in Nuventive September 13th

Program Reviews are due the first week of the fall semester.

D. Special Committee Reports

- a. **ECC VP of Academic Affairs: Jean Shankweiler.** Had a meeting conflict so will join the meeting later.
- b. **ECC VP of Student Services: Ross Miyashiro.** When faculty return in the fall, the new Student Services building will be open! The goal will be to ease students' transition to college.

E. Unfinished Business

a. Professional Development Plans: 2nd Reading

Stacey Allen, VP Faculty Development **Senate Packet, pgs. 20-23**

A question was raised about who will be reading the Professional Development Plans. The Chancellor's Guidelines require plans and note that these should be peer-reviewed. Since the matrix was developed by faculty and the plan consists of checking boxes on the matrix, the plans meet the criteria for peer-review. Senate is being asked to approve the plans; the Faculty Development Committee will continue to work on refining the process. The plans can be revised over the course of the year. They will be in Cornerstone; the first time faculty log in they will be asked to complete the plan. These will be useful for faculty who are scheduled for evaluation; they can project what they will be writing about in their self-evaluations. Unfortunately, flex credit is not like cell phone minutes – there is no way to “roll over” credit from one year to the next. This is a stipulation from the Chancellor's Office. Plans were approved unanimously by the Senate.

E. Unfinished Business

b. AP 7160 Professional Development

Darcie McClelland

Senate Packet, pgs. 24-29

- Proposed changes, **with mark-up**, pgs. 24-26
- Proposed changes, **clean copy**, pgs. 27-28
- CCLC template, pg. 29

Since the first reading of this revised AP, the Faculty Development Committee reviewed the changes. The FDC supports the changes, especially those to improve transparency in how professional development funding is allocated for our campus. The Senate unanimously approved the changes to AP 7160.

c. Student Equity Plan: 2nd Reading

Nayeli Oliva and Ross Miyashiro

Senate Packet, pgs. 30-56

Access the most up-to-date version of the plan here:

E. Unfinished Business

c. Student Equity Plan: 2nd Reading, continued.

The changes made to the plan since the Senate's first reading: EOPS and efforts to support LGBTQ+ students were added, since these support equity groups on our campus. It was suggested that there be more transparency regarding faculty who are receiving compensation to work with equity programs. All of this information appears on the Board of Trustees agendas. There will be greater efforts to involve more faculty and all divisions in equity efforts and more trainings will be offered. It was asked whether First Generation initiatives are included in the plan; these will instead be included in the Student Equity and Achievement Plan, as will Veterans services. The Student Equity Advisory Council receives equity funds. It was suggested that the word "Student" be added to the plan to differentiate it from the college EEO Plan. But the Chancellor's Office requires that the report be named as it is. The plan was unanimously approved by the Senate.

F. New Business

a. Recommended Syllabus Statements

Stacey Allen, VP Faculty Development

Senate Packet, pgs. 57-59

It was suggested that the information in the statements – faculty reporting responsibilities, resources for undocumented students, etc. – be included in the catalog. Some faculty include a separate statement about financial aid. The statement regarding student support services includes a link to resources such as financial aid and the Scholarship Office. The statements are only recommendations, they are not required. And they may be adapted or modified by faculty. A motion of affirmation passed unanimously in support of the syllabus statements. These are posted to the Senate website.
