Sample Statement RE: Academic Honesty

El Camino College is dedicated to maintaining an optimal learning environment and insists upon academic honesty. To uphold the academic integrity of the institution, all members of the academic community, faculty, staff and students alike, must assume responsibility for providing an educational environment of the highest standards characterized by a spirit of academic honesty. It is the responsibility of all members of the academic community to behave in a manner which encourages learning and promotes honesty and to act with fairness toward others.

For more information on ECC policies regarding Student Code of Conduct and Academic Honesty visit: <http://www.elcamino.edu/student/student-services/sdo/codeofconduct.aspx>

Optional: Examples of academic dishonesty include, but are not limited to: 1) Representing the words, ideas, or work of another as one's own in any academic exercise; 2) copying from another student or former student or allowing another student to copy from one's work; 3) allowing another individual to assume one's identity or assuming the identity of another individual; 4) unauthorized collaboration; changing answers on a previously scored test/assignment/experiment with the intent to defraud; 5) inventing data with the intent to defraud; 6) obtaining or copying exams, test questions, or other course materials; 7) giving or receiving information during an examination or test by any means; 8) using aids such as notes, calculators, or electronic devices unless authorized; 9) handing in the same paper or other assignment in more than one class; 10) purchasing papers to submit as one's own work.

Sample Statement RE: Recording in the Classroom

The use of any recording device during class without the prior consent of the instructor is prohibited, except as necessary to provide reasonable auxiliary aids and academic adjustments to students with disabilities who present official documentation from the Special Resource Center to the instructor prior to recording. This is to protect privacy and to create a safe classroom environment where all participants can discuss potentially controversial or sensitive subjects freely. If you want to take a

photograph or make an audio or video recording, you must get the prior written permission of the instructor. The instructor also may require the verbal and/or written permission of everyone present. Even if a student gets permission to record, the recordings are only for personal use and may not be distributed, posted, published, or shared in any manner.

A student who records without instructor permission or distributes any recordings is subject to disciplinary action in accordance with El Camino College District Administrative Procedure 5500 Standards of Student Conduct.

Additional Information for Instructors Regarding Recording in the Classroom

This syllabus statement may be adapted to reflect the rules in your classroom. To abide by state regulations, you can determine whether to allow recording; and whether and how non-disabled students must notify you and other students in the class. You must always allow students with a disability to record if they have notified you and shown you their accommodation with the SRC. It is good practice to let students know your policy in your syllabus statement. An important reason to allow recording is that it may help some students better learn your course material. Some reasons to limit recording are that it may stifle student conversation; it respects student and faculty privacy; it avoids copyright infringement; and it prevents student cheating or avoiding work.

Ed Code Section 78907

“The use by any person, including a student, of any electronic listening or recording device in any classroom without the prior consent of the instructor is prohibited, except as necessary to provide reasonable auxiliary aids and academic adjustments to disabled students. Any person, other than a student, who willfully violates this section shall be guilty of a misdemeanor. Any student violating this section shall be subject to appropriate disciplinary action. This section shall not be construed as affecting the powers, rights, and liabilities arising from the use of electronic listening or recording devices as provided for by any other provision of law.”
