

**From Our Program Coordinator**

Because this edition of our newsletter will be the final one for this academic year (which ends on June 30, 2019), I wanted to highlight a valuable resource for you to consult and also talk about where we've been as a program this year and where we hope to go next year.

**Counselor's Corner**

As I continue my series on career pathways, I want to spend some time on middle/high school teaching. Prospective middle school teachers can follow one of two educational pathways. They may either satisfy the requirements for becoming an elementary school teacher (please see the October 2018 edition of our newsletter) and pass the California Subject Exam for Teachers (CSET) in their subject or earn a Subject Matter Authorization in their field by taking additional units OR they can meet the requirements for becoming a high school teacher that I highlight below. [Read more...](#)

**From Our District and University Partners**

Each quarter, we'll bring you news from our university and/or local school district partners. [Click here to read more](#) about the latest from the following partners...

Hello Everyone,

**From Our Students**

I hope that you are having a wonderful month of April and that you had a relaxing spring break! I wanted to briefly update everyone with what the Teachers' Club has been doing. At our last meeting, we discussed the following questions: How can a teacher make their learning environment a positive experience for *all* students? What are some ways to calm a child who needs extra patience and care down? We had a very insightful discussion regarding these questions, and I feel that everyone learned a lot from attending that meeting. As a reminder, we meet from 1:30-3 p.m. in ARTB 305 every **third** Wednesday of the month, and we would all love to have you join us! On April 7th, the Teachers' Club attended the annual Walk for Kids in Los Angeles, and we had a blast! They had a large wooden Jenga game, lots of vendors, free food, and a bunch of other activities. We are excited to attend next year! Also, we plan on having a bonfire/potluck for the club later in the month, or early May, so if you haven't been to a club meeting, but are interested in attending, please let me know.

Have a great rest of the semester!

--Jordan Dauer, Teachers' Club President
