El Camino College

ABOUT COMMUNITY EDUCATION

El Camino College

We are El Camino College's Community Education department! We provide award-winning classes, in various formats, to meet the needs of our community. Register now for a variety of classes offered in-person, live-online, self-paced online, or hybrid. The Community Education department provides short-term, not-for-credit classes, workshops, career-training programs and events designed for professional and/or personal development with a special emphasis on inspiring a sense of wonder and imagination for life-long learning. College credit is not given for classes conducted by the Community Education department. There are no transcripts or grades. Community Education is a self-supporting entity of the college and is not funded by taxpayer dollars. We are here to help! If you have a special interest or particular need for a class, please send us your requests to commmed@elcamino.edu.

OFFICE INFO

El Camino College Community Education

Office Location: Comm 201-C,

by appointment only. Please call to schedule.

Monday - Friday 9:00am - 4:00pm

Closed weekends and holidays: May 30 (Memorial Day), June 24, July 1, (ECC Summer Friday Holidays), July 4 (4th of July Holiday), July 8, August 12 (ECC Friday Summer Holidays).

✓ Confirmation

An auto-generated confirmation and reminder email will be sent to you. We will contact you by phone and email if the class is canceled or if there are any changes to your registration.

✓ Kid's College

For Kid's College classes, a signed parent/guardian release form must be submitted prior to your child's first class meeting. Access the form online: <https://bit.ly/kidscollege2022>

\$ Class Withdrawal

If you request to withdraw from a class and the request is received by the Community Ed office three (3) business days prior to class start date, a credit voucher valid for three(3) years will be granted, less a \$20 processing fee.

✗ Cancellation

If the College cancels a class for any reason, those pre-registered will be notified by phone and email and payment will be refunded. We also reserve the right to substitute instructors or reschedule class times if necessary.

OFFICE OF COMMUNITY EDUCATION

The Community Education catalog is produced by the El Camino College Community Education Department: Betty L. Sedor, Director; Veronica Mendoza, Program Assistant;

Graphic design by Soap Studio Inc. at soapstudioinc.com.

"Education is the most powerful weapon which you can use to change the world."

—Nelson Mandela

"You are never too young to learn, never too old to change."

—Russell M. Nelson

GRADES 3-12

20  22

KID's COLLEGE

3D Game Design with Unity (Grades 3-5) #51737 & #51738 (Grades 6-8) #51795

Are you ready to take your game design skills to another level? With Unity, an industry-grade design software, aspiring game designers will learn level editing, 3D modeling, impactful gameplay creation, as well as how to utilize scripts and variables.

Adventures in Middle School Writing: Daily Lessons & Prompts (Grades 6-8) #435031

Through daily writing lessons and prompts expressly designed for middle school students, students will practice writing skills that will help them throughout their lives.

Arduino Electronics and Code (Grades 6-8) #9730047

For kids who are into tech! Arduino is an open-source electronics platform based on easy-to-use hardware and software.

Cartooning & Drawing (Grades 3-5) #460061

Do you love to draw and create your own illustrations? Join this fun Cartooning Class and learn how professional artists and cartoonists create amazing, colorful characters and make the world of cartooning a fascinating career.

Code Breakers (Grades 3-5) #9730034

Calling all future coders, programmers, & designers! Learn the basics of coding languages like HTML, JavaScript, and CSS through a series of web projects and design challenges each day.

Code Your Own Adventure! Interactive Storytelling (Grades 3-5) #51765 (Grades 6-8) #51766

Watch as the characters in your imagination come to life in this unique course that blends classic storytelling with animation techniques and coding.

Fun with Soap Making (Ages 12 & Up) #110029

Fun for adults and kids! You'll learn how to make bar soaps, cleansing gels, and bubble bath. Create soaps for the ultimate home-spa experience or for gift giving.

#51716 Saturday, July 16, 2022
2:00 PM - 5:00 PM

Tuition: **\$69**
Instructor: **Quayum Abdul**
Location: **El Camino College Campus**
Materials Cost: **\$25**

Digital Photography (Grades 5-8) #9730043

Level up your skills and passion for the art of visual story telling through photography! In this course you'll learn the fundamentals of digital photography.

Drawing & Illustration (Grades 6-8) #460061

Do you want to learn how to draw or become better at drawing? In this step-by-step drawing class, you'll learn through fun daily art activities. Each activity will cover a different subject or topic.

High School Algebra 1 Critical Concepts (Grades 9-12) #410060

Through hands-on activities, interactive lessons, and expert direct instruction, students will acquire the critical skills necessary for optimal success: Students will be able to add, subtract, multiply and divide integers, decimals, fractions.

High School Algebra 2 Critical Concepts #410061

Students will learn to use the greatest common factor (GCF) and least common multiple (LCM) when adding, subtracting, and multiplying fractions.

High School Geometry Critical Concepts (Grades 9-10) #410020

Topics will include points, lines, planes, segments and angles, triangles, symmetry, parallel and perpendicular lines, distance, midpoint and more.

High School Trigonometry Critical Concepts (Grades 11-12) #410025

You'll learn the critical concepts of Trigonometry (Precalculus), including the unit circle, trig functions, right angles, trig identities, and trig equations.

Improving Reading Comprehension & Reading Skills (Grades 3-4) #430047

This course will teach your 3rd or 4th grader the skills she/he needs to become a better reader.

Inventor's League - Prototyping for the Future! (Grades 3-5) #51751
Inventor's League - Prototyping for the Future! (Grades 6-8) #51750

Become an inventor of the future! Learn 'rapid prototyping' and problem solving as you conceptualize and design a product to solve a critical global issue.

JavaScript Developer Jam (Grades 3-5) #51768
JavaScript Developer Jam (Grades 6-8) #51767

Start with programming your first animated memes, then tackle more advanced skills such as interactive 3D experiences and game creation.

Kid's College Chefs --Healthy Cooking Fun! (Grades 3-6) #460164

Become an El Camino College Kid's College chef! Bursting with hands-on cooking activities with an emphasis on nutrition, your kid will learn basic cooking techniques, how to safely work with cooking tools, and fractional math through measurements.

Kid's College Film School: Moviemaking (Grades 3-5) #9730012
Kid's College Film School: Filmmaking (Grades 6-8) #9730012

Learn the art of film making! You'll learn the step-by-step process of how a story, script, storyboards, and camera movements lead to film development. In this action-packed, hands-on, interactive environment you'll create a short film.

Lego® Robotics (Grades 3-5) #9730048

For kids who love to play with Legos! They'll learn how to build LEGO Robots using LEGO Mindstorms EV3 and programming through MakeCode.

Make Your First Video Game! (Grades 6-8) #9730042

If you love playing video games, this is the camp for you! Make your first video game in this one-of-a-kind class that shows you the keys to designing your first 2D platformer game.

Math Tutoring: High School Math--Algebra, Geometry, Trigonometry (Grades 9-12) #410056

Customized High School Math instruction to provide optimal support needed to excel in High School Math.

Math-Amazing! Addition + Subtraction x Multiplication = Fun! (Grades 3-4) #410054

Inspire a sense of amazement for math in your child in this fun, interactive, NOT BORING math class for grades 3-4.

Minecraft® Modders (Grades 3-5) #9730003

Customize your own Minecraft world and mod the classic game in this one of a kind class. Learn scripting and logic statements as you create your first mods.

Minecraft® Redstone Engineers (Grades 6-8) #9730039

Take the next step beyond simply "playing" Minecraft and become a true Redstone engineer. Expand your Redstone knowledge by constructing your own carnival with a variety of mini-games, roller coasters, and attractions powered by Redstone.

Minecraft® Designers (Grades 6-8) #9730003

If you love the game Minecraft and always wanted to design your own world, this class is for you! Learn how to create a custom map, the basics of creating 3D models using a new software to design your very own objects, how to build with Redstone and Command blocks, and create custom textures for you to import at home or share with friends.

Python Programmers (Grades 3-5) #51756
Python Programmers (Grades 6-8) #51754

Want to learn the world's fastest-growing programming language favored by Google, NASA, Youtube, and the CIA? Learn how to code with Python to create engaging apps and games. Each lesson takes you step-by-step on a programming path that will let you challenge friends with fun content you create from start to finish!?

ROBLOX® Makers (Grades 6-8) #9730008

Unlock the power of ROBLOX® Studio, the world creation tool used by real-world ROBLOX® developers! Learn how to build 3D models and create an adventure in your ROBLOX® world.

ROBLOX® Coders & Entrepreneurs! (Grades 3-5) #51739
ROBLOX® Coders & Entrepreneurs! (Grades 6-8) #51773

Discover how to code in the Lua language while playing and designing worlds in ROBLOX®, an online universe where you can create anything you dream of.

Scratch Code (Grades 3-5) #9730049

Scratch the basics of computer programming by building stories, games, and animations on MIT Scratch. This is the perfect starter class to learn coding.

Stop Motion Animation (Grades 6-8) #9730013

Learn the art of animation! Through the art of capturing movement and motion, you'll learn how to stage shots and develop interesting camera angles that will have you creating your own animation story.

Super Cool Math Camp (Grade 4-5) #410058

Math is magical! Math is fun! Math is super cool! Your child will get all fired up about 4th-5th grade Math in this common core skill building class.

Unity Game Development (Grades 6-8) #9730052

In this class you'll learn how to use the professional-grade game-development platform Unity--creating your own multi-level, 3D maze game.

Vex GO Robot Building (Grades 3-5) #9730051

Building with the VEX GO System--a new system added to the family of VEX Robotics aimed to introduce robot building and designing to younger students.

VEX IQ Code & Build Robotics (Grades 6-8) #9730050

VEX IQ Robots are fun and easy to build! Learn about the VEX IQ Challenge game, build and code your own VEX IQ robots to play the game.

Video Game Animation (Grades 3-5) #51749
Video Game Animation (Grades 6-8) #51748

Take your game design skills to the next level by creating and animating your own character sprites, objects, and backgrounds. Start with a name, develop the character's personality, signature moves, special powers, and a storyline. Finish with a fully animated character to be used in your very own game. *Compatible with Windows OS only.

Write On! Writing Camp (Grades 3-4) #435010

Students will not only have FUN, they will also learn how to improve their writing skills through practice exercises and skill-building projects directly aligned with the California State English-Language Arts Standards (grades 3-4). Review of grammar, parts of speech, and vocabulary are taught.

Writing Skills Development For High School Composition (Grades 9-12) #435026

Writing arguments in an analysis of substantive topics or texts is a skill needed for high school writing success. Students will learn specific tools to: • Introduce a precise claim, establish the significance of the claim, and distinguish it from alternate or opposing claims. • Supply evidence for both, pointing out the strength and weaknesses of each for the reader. • Use transitions and transitional phrases to link the sections of text to create a cohesive argument.

YouTube® Content Creators (Grades 3-5) #9730027
YouTube® Content Creators (Grades 6-8) #9730027

Find your voice and leave your mark on the world! Whether you are six or sixty, it's time to start a career as the next YouTube star. Explore the variety of content and personalities that exist on YouTube and how to find your own niche. Learn the Dos and Don'ts of the platform and how to practice good digital citizenship. Develop your on-camera presence, your own channel branding, and professional editing skills. Take home a plan for launching your own channel with the content created in class! *Compatible with MAC and Windows OS only.

BUSINESS & CAREERS

Become a Loan Signing Agent Livestream #300166

Make the most out of your notary commission by becoming a certified Loan Signing Agent. Our livestream seminar will teach you how to notarize loan documents and give you a simple strategy to launch your new business. Learn the information and tools you need to succeed as a Signing Agent from the comfort of your home. Our expert teachers are seasoned in the business; they'll teach you the process of completing a signing, best practices in the industry, and how to get loan signing assignments. Students are eligible to access our private Facebook page to ask questions, watch webinars and receive updates All you need is your smartphone to join. A certificate is awarded upon completion of the course.

Topics include:

- Notarize a loan package from any bank successfully every time
- The dos and don'ts of the profession
- What to discuss with your clients
- How to develop your own business
- Getting signed up with busy signing agencies

Prerequisite: You must be a Notary or have completed the 'Become a Notary Public' seminar.

FREE ONLINE ESL CLASSES

LEARN TO READ, WRITE & SPEAK ENGLISH

El Camino College's free ESL courses help non-native speakers learn basic English for college or the workplace — or simply to improve everyday communication — without the pressure of grades. Students advance at their own pace through four levels of classes that teach writing, reading, listening, speaking, and pronunciation.

Visit www.elcamino.edu/FreeESL for more information.

Commercial Drone Pilot: sUAS (small Unmanned Aerial Systems) RPIC (Remote Pilot in Command) Training Program 37 classroom hours + 120 Externship hours

This 3-part Commercial Drone Pilot job training course prepares you to pass the FAA part 107 Remote Pilot in Command (RPIC) exam and receive their RPIC certification. The course work covers: Regulations, National Airspace, Aircraft Performance, Operations, and Weather. Additionally, students will be given physical flight training with various types of sUAS (drones). This program is designed to optimally prepare you to perform the duties of a Commercial RPIC that are required in any commercial drone setting including public safety, cinematic, realty, construction, transportation, and surveying. Students will learn to assist established Commercial sUAS operators in "real-life"

situations. **Prerequisites:** 16+ years of age. Parental/Guardian Release form required for Students under 18 years of age. High school Senior/High School Diploma or GED.

Due to COVID-19 closure, at this time, on part 1 of the Drone Pilot course series will be offered (via live Zoom format). In-person/flight time parts 2 and 3 of the series will be added as soon as restrictions are lifted.

Part 1: #51675 Tue 6:00 PM - 9:00 PM; 7 sessions; starting June 7, 2022, ending July 19, 2022

Part 2: #51676 Sat 8:00 AM - 5:00 PM; 2 sessions; starting July 23, 2022, ending July 30, 2022

Part 3: #210185 Externship

Free Information Session

Interested in enrolling in the Commercial Drone Pilot Training program? For more information, schedule a call with one of our Drone Pilot instructors to learn about details of the program and the FAA certification requirements.

To schedule: Call 310-660-6460 or text 424-279-4430

Electric Vehicle Charging Station Design, Installation and Operation #3470002

One of most growing businesses in USA and worldwide are electrical vehicle and EV charging station installation. Millions of electric cars, SUVs and trucks will be on the road by next 10 years. To offset the carbon load on the environment, the California Government is

hoping to make 100% vehicles operating by battery powered by year 2035. This will require millions of charging stations to be installed at the garages, parking lots, roadside electric poles, etc. Therefore, we need millions of EVCS installers and service providers all over US and worldwide. This course will offer A to Z of EVCS design, Installation and operation, including troubleshooting the system. A chapter been added on "How to Design and Calculate Solar Photovoltaic and Batteries while in Outdoor Installation". Due to pandemic, classes will be online and total lecture time 12 hours.

#51721 Meets for 3 sessions on Tue & Thu 6:30 PM - 10:00 PM; July 26, & 28 & August 2, 2022

Tuition: **\$199**

Instructor: **Quayum Abdul**

Location: **El Camino College Campus**

DMV Auto Wholesale Certificate—Start an Auto Wholesale Business!

#210153

Make \$3K-\$6K per month buying, selling or exporting wholesale cars from home. Students will learn step-by-step directions on how to obtain an auto dealer license and how to operate a profitable used-car business.

#51713 Meets twice on Mon & Tue, July 25 & 26, 2022 6:00pm - 9:00pm

Tuition: **\$89**

Instructor: **Ronald Williams**

Location:  **zoom**

Materials Cost: **\$25**

Solar Panel Installation Training 101 #3470001

This course will prepare participants to design and install solar photovoltaics on roof-tops. Class topics include solar, electrical, and city codes as well as electrical wiring. Optional opportunity to receive hands-on training in a real world installation setting is available upon request, after successful completion of the course.

#51720 Meets for 6 sessions on Wed & Thu 6:00 PM - 10:00 PM; June 14 – 23, 2022

Tuition: **\$265**

Instructor: **Quayum Abdul**

Location: **El Camino College Campus**
Materials Cost: **\$40**

Introduction To Voiceovers (Getting Started In Voice Acting) #210146

"Wow, you have a great voice!" Have you heard that more times than you can count? Or maybe you listen to your favorite audiobooks, commercials, or cartoon characters and think, "I could do that!" If so, then you could have what it takes to begin working as a professional Voiceover Artist. Explore the voiceover industry with your instructor, a professional, working voice actor from Voices For All.

Sat 6:00 PM - 9:00 PM; starting July 9, 2022

Tuition: **\$79**

Instructor: **Voices For All**

Digital Marketing Program #51726

The Digital Marketing program is designed to help students with an interest in marketing create a portfolio and begin an entry level position in the digital marketing field. The curriculum is a project-based course that blends marketing theory, critical thinking skills, and practical experience to prepare students for an entry-level position in a growth industry. Students will become proficient in advertising platforms such as Facebook, Google, Instagram, Twitter, and LinkedIn. Our program provides a fast-paced, detailed curriculum with a full-breadth of digital marketing knowledge in order to be a competitive applicant in an ever-growing job market. Digital Marketing jobs are growing 112% faster than the U.S. national average job growth (Bureau of Labor Statistics). Upon completion of the program students will be equipped with the tools to be successful at jobs such as marketing coordinator, social media advertising coordinator, branding coordinator, junior UX designer, and more.

In this 16-week program, students are taught foundational basics such as:

- Branding
- Market Research
- Digital Advertising
- Competitor Analysis
- Organic and Paid Media
- Google Analytics
- SEO
- Advertising Strategy
- Customer Personas
- Website Analytics, and more

Class Format: 16 week/320 hour Flipped Classroom. 1.5 hours micro-tailored lecture from Instructor, Mentor Sessions, Office Hours, Career Services, and all students will complete a Capstone project in the last month of class.

Schedule: June 28 – October 11, 2022

Tuition: **\$3,599**

Instructor: **Promineo Promineo Tech**

Location: **Online**

CODING BOOTCAMPS

It is estimated that by 2021 there will be a shortage of 1.4 million software developers in the United States.

Why wait?
Start achieving your technology career goals!

Front End Software Developer

Introduction to JavaScript - Weeks 1-6

JavaScript Algorithms OOP
Design Patterns Unit Testing

Front End Technologies - Weeks 7-13

HTML CSS JQuery
Bootstrap AJAX

Web App Design with React - Weeks 13-18

ReactJS JSX
AWS REST NPM

Back End Software Developer

Introduction to Java - Weeks 1-6

Java Algorithms OOP
Design Patterns Unit Testing

Relational Databases with MySQL - Weeks 7-13

SQL JDBC DDL
Database Concepts DML

Web API Design with Spring Boot - Weeks 13-18

Spring Boot AWS
JWT REST JPA

Schedule

Class meets online on a weekday evening. Each student will also participate in a weekly 30 minute, one-on-one session with a mentor. Students start each academic week on Sunday and are required to watch all videos and start working on assignments/projects before their online class meeting. Course consists of 13-18 hours of weekly homework and content, including career service assignments utilizing LinkedIn.

Prerequisites

Students must be 18 or over and have a high school diploma or equivalent. Basic computer literacy and the ability to navigate one's own computer is strongly preferred. Students will complete an aptitude test prior to the first class session.

Technical Requirements

Students must have access to a computer with a minimum of 8GB RAM and i5 processor. Class utilizes both Zoom and Slack for meetings and communication. Although not required, students may find a second monitor extremely helpful.

Job Outlook

- Average wage in California is \$64.60 hourly, \$134,370 annually.
- Average wage nationally is \$53.66 hourly, \$111,620 annually.
- Jobs for software developers are expected to grow 25.6% by 2028.

Data provided by the U.S. Bureau of Labor Statistics

Become A Software Developer

18-Week Online Coding Boot Camps

Back End Software Developer Boot Camp #210190

Back End Software Developers are in charge of building applications that do the behind-the-scenes work. This typically involves receiving requests from a Front End application, processing the request, reading and writing to a database, and responding back to requests from other applications.

In this 18-week, Back End Software Development program, students take three courses to learn the skills and technologies necessary to enter the industry as a Back End Software Developer: Introduction to Java, Relational Databases with MySQL, and Web API Design with Spring Boot. Skills and technologies learned include Java 1.8, Algorithms, OOP, Design Patterns, Unit Testing, SQL, DDL, DML, Database Concepts, JDBC, Spring Boot, Spring Data, REST, JPA, JWT, AWS, and more.

Class Start Dates:

#51722 Thursdays 7:00 PM - 8:30 PM; June 23 – October 20, 2022

#51723 Tuesdays 7:00 PM - 8:30 PM; August 23, 2022 - January 10, 2023

Tuition: **\$2,995**

Instructor: **Promineo Tech**, a group of IT professionals and leaders who prepare participants for high-growth careers in software development.

Location: **Online**

Front End Software Development Boot Camp #210191

Front End Software Developers build the pieces of applications and websites that users see and interact with. This involves creating components that look good and provide functionality when a user interacts with them. It also involves interacting with Back End applications and displaying data in an aesthetically pleasing manner.

In the 18-week, Front End Software Development program, students take three courses to learn the skills and technologies necessary to enter the industry as a Front End Software Developer: Introduction to JavaScript, Front End Technologies, and Web App Design with React. Skills and technologies learned include JavaScript, Algorithms, OOP, Design Patterns, Unit Testing, HTML, CSS, JQuery, Bootstrap, AJAX, React, JSX, REST, NPM, AWS, and more.

Class Start Dates:

#51724 Wednesdays 7:00 PM - 8:30 PM; July 27 – November 16, 2022

Tuition: **\$2,995**

Instructor: **Promineo Tech**, a group of IT professionals and leaders who prepare participants for high-growth careers in software development.

Location: **Online**

For More Information:

Call 310-660-6460 or text 424-279-4430 to schedule an individualized information session with a coding program counselor.

Also check out this video for an overview of the program and to meet former coding students:

Data Science Job Training Certificates

The explosion of data today has created huge advantages to individuals and businesses who can effectively analyze it for impactful business decisions. Jobs in data science are predicted to grow by 28% through 2026 according to the US Bureau of Labor Statistics. And those already employed are adding this skill set as part of their job.

Whether you work for a small business or a large company, our data science courses will help you build a strong foundational understanding of data analysis and begin your learning journey into this growing field.

Choose from the following Data Science Certificates:

#1030213 **Hot!** Certificate in Data Analysis

Data Analysis is quickly becoming one of the most sought-after skills in the workplace. Companies have vast amounts of data, but it is rare to have someone with the ability to analyze that data to see trends and make predictions. Add a whole new skill set to your portfolio, and make a big difference in the success of your organization by acquiring data analysis skills.

Tuition: **\$495**

Location: **Online, self-paced**

Instructor: UGotClass
Online certificates and courses

#1030272 **Hot!** Power BI Certificate

Gain insights into your data using business intelligence software – Power Business Intelligence. Power BI is a widely used business analytics service offered by Microsoft. Power BI Desktop is a complete data analysis and report creation tool that you install for free. Discover the process of creating interactive reports. Integrate financial, marketing, or any other source data in your accounting system, Excel, or on the Web. Streamline the data to what is needed using Power Query.

UGotClass classes are designed for today's busy professionals interested in advancing their career. Additional classes and class descriptions available, visit www.ECCommunityEd.com

Certificate in Mastering Excel

A must-have skill to succeed in business, whether an entrepreneur or a valued employee, is the ability to create, edit and manage spreadsheets. Microsoft Excel is the most used spreadsheet tool in the world. Begin with learning how an Excel worksheet is constructed, populated with content, and edited for delivery. Discover how various menu items, commands, settings and processes affects the look of your Excel worksheets and workbooks. Then, increase your efficiency by learning how to organize, display and calculate your data into useful information. Identify different types of data and how data can be best visually represented or formatted, by using different data tool techniques. Finally, you'll learn a variety of Excel's most powerful features to analyze data quickly and easily. This Certificate will help you discover how to attractively visualize your data into meaningful information with confidence.

"Analytics is becoming ever more pervasive in my life. I was looking for a foundational course to build upon. This course did an excellent job laying that foundation with the iterative data science process, understanding types of data, selecting the correct data test, correlations & analysis, and visualizing the data. Thank you for taking the time to put this course work together."

--Data Analysis Student

#1060228 SQL Certificate

Structured Query Language (SQL) is the industry standard database programming language. It is one of the most in demand skills in occupations that require interaction with data and analyzing data. Through your knowledge of Structured Query Language, you will become more marketable in computer related career fields that pertain to database administration. Learning SQL can also lead to a job that is specific to analyzing data such as a data analyst, a quality assurance analyst, or a business analyst.

Pharmacy Technician Training Program #3240001

Train to become a licensed pharmacy technician in as little as 7 months!

In this 260-hour program, you will learn what it takes to become a successful pharmacy technician. Topics covered include: pharmacology for technicians, pharmacy law and regulations, sterile and non-sterile compounding, quality assurance, and medication safety. Learn what it takes to assist the pharmacist in preparing and mixing prescriptions, maintaining patient records, purchasing and inventory management, billing and reimbursement, and more. Program includes a 120-hour externship where you will receive hands-on training in a pharmacy under the direction of a pharmacist. Upon successful completion of the Pharmacy Technician program, you will be eligible to apply for your California Pharmacy Technician License. Textbook, lab coat/scrubs,

license application fee are not included in tuition. Salary Information: \$40,170 Annual Mean Wage in California (Source: <https://www.bls.gov/oes/current/oes292052.htm#st>)

Foster and Kinship Care Education

DATE	TIME	JUNE CLASS SCHEDULE	TRAINER
Wednesday, June 1	5:00 PM - 9:00 PM	Special Care Increment (SCI) BASIC 12-HOUR Training (Formerly known as D and F-Rate training) Pt 1 of 3 **YOU MUST ATTEND ALL THREE SESSIONS** Formerly known as D and F- Rate, this specialized Foster and Kinship Care Education curriculum is mandatory for caregivers of youth who qualify for an SCI rate. The initial requirement is for participation in this 12-hour course, plus an additional 4-hours of SCI Specialized Topic training; 16 hours total. You may enroll in any 4-hour SCI Specialized Topic training in a subject that addresses your foster child/youth's individual needs.	Jenna Provinse
Thursday, June 2	5:00 PM - 9:00 PM	Specialized Care Increment (SCI) BASIC 12-HOUR Training Pt 2 of 3 **YOU MUST ATTEND ALL THREE SESSIONS**	Jenna Provinse
Friday, June 3	5:00 PM - 9:00 PM	Specialized Care Increment (SCI) BASIC 12-HOUR Training Pt 3 of 3 **YOU MUST ATTEND ALL THREE SESSIONS**	Jenna Provinse
Wednesday, June 8	4:30 PM - 8:30 PM	Public Health Nurse Specialized Care Training Specialized information for caring for medically fragile children. (renewal for RFA, W, or SCI Specialized Topic 4-hours)	DCFS Nurse
Wednesday, June 15	3:00 PM - 7:00 PM	I Think I Want to Adopt! (renewal for RFA, W, or SCI Specialized Topic 4-hours) Interested caregivers will learn next steps to adopt, along with valuable guidance on how to navigate the process. Learn the seven core issues of adoption and obtain support resources for integrating children into your family.	Rebecca McCullough
Wednesday, June 22	4:30 PM - 8:30 PM	Record Keeping/Documentation: How, What, and When to Save Info (renewal for RFA, W, or SCI Specialized Topic 4-hours) Foster children have extensive files with important medical, educational, and case-related documents. Learn to organize, identify forms, and maintain documents for easy access and coordinated care. Maintaining documents and understanding what all the various DCFS forms can be exhausting for caregivers. This training will demystify the process.	Sandra Smith
Wednesday, June 29	9:00 AM - 1:00 PM	CSEC--Commercial Sexual Exploitation of Children (renewal for RFA, W, or SCI Specialized Topic 4-hours)	Sandra Smith

DATE	TIME	JULY CLASS SCHEDULE	TRAINER
Wednesday, July 6	5:00 PM - 9:00 PM	Healthy Sexual Development For LGBTQIA+ (renewal for RFA, W, or SCI Specialized Topic 4-hours) What is LGBTQIA? What is TGNC? What's your SOGIE? Learn the meaning behind these abbreviations and how to become an inclusive caregiver. Learn how to understand and advocate for your LGBTQIA+ youth's medical and psychological needs.	Jenna Provinse
