Discussion Items

College Night Resource Fair Planning (see attachment from Outreach)

- When: Wednesday, November 9th from 5-7:30PM
- Where: Student Services Plaza
- Recruitment and Resources (Degree/Transfer flyers, tablecloths, etc...)
- Student Input: *Have you ever attended a College Night or similar ECC event, either in person or virtually? If so, what was your experience? Was it helpful to you as a student?*
 - ???

The team discussed recruitment for College Night. Counseling is already going to have a presence at the event, but we discussed trying to recruit counselors to work the table with the rest of the team representatives. Dora Miranda said that she would bring it up within the Counseling Division.

We also discussed reaching out to the other Meta Major Success Teams to potentially pool resources and tables. David Reed is going to handle that.

Updating Program Pathway Mapper

- Link: <https://el-camino.programmapper.ws/academics>
- Networking with faculty/departments
- Adding “milestones” to program maps (see attachment from LBCC)
- Making one-page program map flyers for students
- Student Input: *Have you ever used the Program Pathway Mapper? If so, was it helpful?*
- Counseling Faculty and Success Coach Input: *How many of the students that you deal with have accessed the Program Pathway Mapper? Are students generally aware of it? Do you ever refer students to the Program Pathway Mapper?*
 - Students are generally not very aware of the mapper. Some counseling faculty are not entirely sold on the mapper, and thus don’t recommend it to students. Most counselors will show them the mapper, but the general sense is that students don’t know about it when they come in for counseling.
