CCC Update

Highlights of the October 28 CCC meeting:

- An El Camino College Degree Audit Taskforce was created. It is comprised of various people on campus who handle different systems that house programs (catalog, CCC apply, Colleague, Degree Planner, Program Mapper, etc.). The taskforce wants ADTs spelled out in the next catalog and an update on programs without requirements and programs with emphases/options. Lissette Marquez shared a PowerPoint presentation detailing a program cleanup project. The Business Division has at least one program with no requirements.
- It was mentioned that the Business Division will have some courses that be changed due to the statewide Common Course Numbering (CCN). Business Division courses will be part of Phase III that will be done in 2027.
- Other than routine course and program approvals, there was nothing else to report from the October 28 CCC meeting.
