1. Agenda:

Review minutes of 9/9/25 meeting

2. Course Update:

Math 190/190: phase II the course renumbering deadline is end of fall 2025
Oscar was informed

Concern regarding the minimum unit on the embedded support template being the same as the standard template: the units on the embedded support template are the same as on the standard template because it is the combined units. This only applies to those courses with embedded support course. This means, for example, if we have Math C2210 and Math C2210E (Math 190 and math 190E). Since we are going to use Math C2210 and Math C2210S (Math 190 and Math 190S), then it does not apply to us. We can use the same way that we did when we converted Math 150 and Math 150S into Stat C1000 and Stat 0100S.

3. Course Review:

- From Last semester
 - CS 17 @ Curriculum office
 - CS 14, 99 @ DCC level now. Please vote.

b. This Fall

- Eng 11 &12: Prerequisite Change. Pavan, how did it go?
- Math 120/12S, 130, 140. CM2 informed
- Math 60: Oscar and Committee D were informed

Will be discussed to move to CM1/vote

- CSCI 8, 16, 3, 7: CS were informed.

Course Review:

- From Last semester
 - CS 17 @ Curriculum office
 - CS 14, 99 @ DCC level now. Please vote.
- This Fall
 - Eng 11 & 12: Prerequisite Change. P. Nagpal mentioned he can access ENGR 12 in Curriculog but not ENGR 11. D. Eldanaf will look into it.
 - Math 120/12S, 130, 140. CM2 informed
 - Math 60: Oscar and Committee D were informed.

Will be discussed to move to CM1/vote

It was mentioned that Dr. Lemons needs to check if the non-credit courses that Oscar and Susana created, if those would need to be reviewed or be in a committee, since they are non-credit, then he

would make the decision if we do have to review them, then we would keep CM D and keep Math 60, and if not, then they would transition to CM1. We will wait on Dr. Lemons to let us know.

- CSCI 8, 16, 3, 7: CS were informed. S. Russell will let E. Ambrosio to launch them.
- CSCI 23 is gone. D. Eldanaf will update the chart below.

Dean's Remarks

CCC representation for Natural Sciences through Math Sciences. Arturo

- Dr. Lemons related to Arturo Hernandez to ask professor Gordon Song to be CCC rep for Mathematics and Natural Sciences. Professor Song is currently CCC rep for Math, but mentioned can still do the Math because he is familiar with it, but he cannot do Natural Sciences because he is familiar with that department.
