**EL CAMINO COLLEGE MATHEMATICAL SCIENCES  
DIVISION LEARNING OUTCOMES ASSESSMENT  
COORDINATING COMMITTEE  
Minutes**

November 5, 2024

**Review Minutes**

S. Bucher motioned to approve the minutes, S. Russell second. All in favor to approve the minutes from October 10, 2024.

**Spring 2024 SLO Reports**

G. Manikandan mentioned everything is updated except for two CSCI courses.

- CSCI 12
- CSCI 40

S. Russell mentioned E. Ambrosio is currently working on them.

**SLO Routine: Timeline**

All of the timelines have been submitted for the next 4 years but they must be changed because CM 1 had a list of courses that needed to be completed but they changed the SLO timeline to be completed in the Spring.

List of courses:

- Math 170
- Math 180
- Math 190
- Math 191
- Math 210
- Math 220
- Math 270

There is now a new timeline, no SLOs for Math and Science need to be completed this Fall semester. G. Manikandan put in a request to remove the courses from Fall 2024 to Spring 2025.

Moving forward all of the SLOs will be done in the Spring.

**Fall 2024 SLO Assessments**

CSCI 9 will be assessed in Spring 2025, CSCI 9 is not taught in the Fall semester and it was last assessed in Spring 2024.

Only course being assessed in the Fall is Math 110.

**New CM1 SLO Lead**

Ronald Martinez will be the new CM 1 SLO lead.

**Dean's Remarks**

Dr. Lemons reminded G. Manikandan that beginning Fall 2025 Math 150/Math 150 will have new prefixes.

Dr. Lemons thanks R. Martinez for being CM 1 SLO lead.

Dr. Lemons thanked everyone for all of their hard work.
