

**Division of Natural Science  
Physics/Astronomy Dept Meeting**

March 30, 2023

1:15-2:05pm

Phys 101

---

**MINUTES**

**Present: S. Stolovy, Z. Murdock, J. Coroneus, F. Demir, S. Kadakia, E. Goldmann, A. Grant**

- A. SLOs: They are on track for the semester.
- B. Planning: We expect the code for classroom chairs to be released shortly.
- C. Program Review: It has been completed and submitted.
- D. Hiring: A FT hire is needed in physics. PT hiring will need to be done for F'23.
- E. Curriculum: Phys-12 should be deactivated because it has been canceled multiple times due to under-enrollment (5 students or less). E. Goldmann—Phys-2A isn't really good prep for Phys-1A. Can a course be created for 1A prep? SMC has Phys-20, a prep course specifically for 1A.
- F. Funding for Planetarium Shows: S. Kadakia—VP Lopez has offered funding.
