

Division of Natural Science
Physics/Astronomy Dept Meeting
September 8, 2022 1:15-2:05pm Phys 101

MINUTES

Present: E. Goldman, J. Rodriguez, Z. Murdock, S. Kadakia, J. Coroneus, D. Wright, A. Grant

- A. SLOs: Progressing well. Note that the Astr-12 SLO cannot be done online as it relates to an action specifically involving an actual. We may not offer online Astr-12 labs going forward. S. Kadakia will examine the PSCI-25 SLOs to make sure they are still appropriate after the course has undergone changes.

- B. Planning: Z. Murdock will take over.

- C. Public Planetarium shows: In the planning phase.

- D. Hiring: Physics and Astro would both like to request FT hires.

- E. Curriculum: Pre-reqs for major's physics classes were changed, but the change did not appear in the catalog. Z. Murdock is investigating.
