Click REGISTRATION to view the registration menu.

- Click on Registration Appointment to learn the earliest date/time that you can register for classes. You can register for classes any time on or after your Registration Appointment for the term.

- Click on Search for Classes to add class sections to your schedule.

Search for Classes

Use the Search for Classes tool to search for class sections by term (fall, winter, spring, or summer).

Select the following:

- Term (in example: Summer 2023)
- Subject (in example: History)

You can also specify a Course Number (in example: 102), Section number, days of the week, location, class type, time of day, start and end times, or additional search criteria to help narrow down your search.

You can search for up to 6 subjects/courses by clicking the Add More button.

Click the Search button. Your search results will be displayed on the next page.
Add to Schedule

Each class section will show whether the class is open, waitlisted, or closed (full), start and end dates for the class, location, meeting information, and name of the faculty member assigned.

From your results, click the Add button to the left of the section(s) for which you would like to register.

View the Section Details, and then click the Add Section button.

You will receive a notice that the section has been placed on your schedule. NOTE: you are not yet registered in the class.

Register for Classes

To view the sections added to your schedule and to register for them, click the link to Register for Classes. This link is available in 3 places:

- In the navigation menu, click the “graduation cap” icon to find Academics > Register for Classes
- At the top of the page, click the breadcrumb for Academics > Register for Classes

On the **Register for Classes** screen, you can view all the sections that you have added to your schedule, along with a weekly calendar displaying class meeting days/times. (Online class sections have no required meeting days/times, so they appear underneath the calendar.)

Make sure you are viewing the correct term by clicking the left or right arrows.

To register for a class section, simply click the **Register** button for the desired section.

After your schedule updates, registered sections will appear with a green **Registered** notice and display a Drop button:

✓ **You are now registered for this section.**

NOTE: If you register for an Online or Hybrid class, your class will not appear in Canvas until the Start Date for the class.
