Report Spam/Phishing in Outlook Email

**Have you received spam/phishing email here at El Camino?
Like your manager asking you to buy \$100 gift card?**

You may be a potential victim of phishing or spam email. Phishing is a type of online scam that targets consumers by sending them an e-mail that appears to be from a well-known source – an internet service provider, a bank, or a mortgage company, for example. It asks the consumer to provide personal identifying information. Then a scammer uses the information to open new accounts, or invade the consumer’s existing accounts.

Spam email is unsolicited and unwanted junk email sent out in bulk to an indiscriminate recipient list. Typically, spam is sent for commercial purposes. It can be sent in massive volume by botnets, networks of infected computers.

Ways to protect yourself:

- Protect your accounts by using multi-factor authentication: El Camino College (ECC) utilizes Multi-Factor Authentication (MFA) while logging into ECC services, such as your email, MyECC, and more. To provide an extra layer of security, ECC requires that all students, faculty, and staff use MFA when authenticating to campus applications and services. More information here: <https://www.elcamino.edu/departments/its/mfa.php>
- You can report spam or phishing emails by clicking on the shield icon on the email toolbar in Outlook, if you have the newer Outlook email app or use the web browser. Using this tool to report, helps keep the entire campus community safe.

MEETINGS

Committee meets from 10 to 11am in LIB 202 on the 4th Thursday of every month.
