1. There is limited enrollment and applicants are accepted as space is available.

Upon receipt of a conditional offer, applicants should print out any attached documents and choose one of the following options: Accept the offer or decline the offer. Acceptance or refusal of the conditional offer must be received in writing in the nursing office by the date specified in the email. Failure to reply by the specified date will result in the removal of the applicant’s name from the applicant pool. Upon receipt of the applicant’s signed acceptance letter and attendance at a mandatory orientation, the offer converts from a conditional place to a confirmed place.

There will be no waitlist. Students who are not admitted to the program may reapply during the next application period. Any applicant who accepts a place and attends an orientation but does not attend the first day of class will be dropped from the program and will not be eligible to reapply.

**REQUIRED PROGRAM GPA:**
Nursing students must maintain a minimum overall GPA of 2.0 to continue in the nursing program.

**PROGRAM READMISSION AND COURSE REPETITION:**
Students who leave the nursing program (self or faculty initiated) are eligible to be readmitted to the program subject to availability of space and the length of time out of the program. Only one single nursing course, in which a student has received a D or F grade, may be repeated. The repeat and stop out policy is available for review in the Nursing Office and is published in the Student Handbook. Student academic standing at the time of leaving the program will determine whether academic support courses will be prescribed for completion before re-entry. Students not eligible to re-enter the program may individually appeal their re-entry status through the Acceptance, Transfer and Progression Committee.

**CALIFORNIA STATE LICENSURE:**
- All 30 Unit Option completers of the Nursing Program are eligible to take the National Licensing Examination (NCLEX) and must pass the exam to practice in California. The California Board of Registered Nursing (BRN) requires that all students applying for the NCLEX be fingerprinted and submit live scans with the licensing examination application.
- The law provides for denial of licensure for crimes or misdemeanors that are substantially related to nursing qualifications, functions or duties. If the BRN determines that the denial of licensure is valid, it is the responsibility of the applicant to present sufficient evidence of rehabilitation.

Applicants who have questions regarding limitations related to licensure should contact the California Board of Registered Nursing, (916) 322-3350 prior to entering the program.
