1. Vote for inactivation

1.1 The following courses have already received majority approval for inactivation from the English Dept. via an e-mail circulated 4/3/13:

ENG 23
ENG 41B
ENG 47

DCC voted to approve inactivation 4/16/13

1.2 FREN 24 – Evelyne Berman approved

DCC voted to approve inactivation 4/16/13

The rationale for inactivation of all courses listed above was that they have not been taught in several semesters and cannot possibly have SLO assessments done in a timely manner that coincides with the accreditation visit. These courses can be reactivated at a future time.

2. Course Reviews

2.1 ENG 32ABC---approved after discussion. The name should be changed to ENG 32, to reflect the non-repeatability clause eliminating previously repeatable courses.

2.2 CHIN 21 (Which appears as ENG 21)- approved.

2.3 CHIN 22 Approved after comments by Matt Kline discussed and edits made.

3. Other Business

3.1 Members viewed a course that was previously voted on in Fall 2012 under the “All Proposals” link in curricUNET so that they could view the typical review process as it appears online.

3.2 Discussing Outline of Subject Matter- it should be broken down as a brief outline instead of narrative prose format.

3.3 “Equivalent” –showing what equivalent means is important when defining prerequisites.

3.4 Upcoming approvals: TMC degrees in Japanese, French, Spanish

Meeting adjourned 2:00 p.m.
