WELCOME TO
RUNWAY 25

Help us celebrate twenty-five years of cutting-edge student design work. This is our own 'Project Runway', where just like reality tv, dreams are made, along with the garments. Student designers sketch their ideas, drape or prepare flat patterns, then cut and sew their way to the big show. In the words of Tim Gunn, the students "make it work," with countless fittings, corrections and late nights spent by the sewing machine. It all beautifully comes together in this annual spring event. **RUNWAY 25**, our silver jubilee is about to begin!

Mrs. Melanie McFarland
Fashion Show Coordinator

El Camino initiated its first fashion show 25 years ago, not only to exhibit our fashion students, but also to inspire students and broaden their horizons. "Fashion Show Production" is a hands-on class that showcases the Design and Merchandising student projects produced throughout the school year. The Fashion Show Production Class is unique because the students get to decide everything about the show. From the title, to the graphics, to the music, models and spirit of the show, "It's all theirs!" A budget is calculated for advertising, promotion and staging. Models that are trained by the modeling committee display the student designs. The Tailor Made fashion club provides additional funding as a sponsor of this event. The event provides an avenue to share the departments pride to the campus and the community. All proceeds go towards next year's student design show and students scholarships.
