

El Camino College
Mathematical Sciences Division

Division Council
Tuesday, September 16, 2014

Agenda

1. Representation on the Division Council
2. Hiring
3. Associate Dean Search
4. Other Issues?

EL CAMINO COLLEGE
MATHEMATICAL SCIENCES DIVISION COUNCIL
September 16, 2014

Present: Jill Evensizer, Anna Hockman, Ashod Minasian, Greg Scott, Jackie Sims,
Angie Snider, Susan Taylor, Lijun Wang, Paul Yun

REPRESENTATION OF DIVISION COUNCIL

- Computer Science – Greg Fry
- CM1 – Greg Fry
- CM2 – Linda Ho
- Distance Education – Lijun Wang
- Committee D – Susan Taylor
- Engineering – Jill Evensizer
- Classified – Angie Snider

HIRING

The college is in a growth mode. Spring offerings were increased, and Dr. Arce wants to hire at least twenty new full-time faculty.

Ms. Sims distributed the Faculty Position Identification Form from 2013-14 and asked Council members for suggestions. She's seeking to justify hiring two math faculty. Council members suggested adding an interest and desire to teach statistic and hybrid courses under the desired qualifications. Finding instructors to teach those courses is difficult.

Ms. Evensizer will be the division's faculty representative on the Faculty Position Identification Committee.

COURSE COMMITTEES

Many divisions post their course committee minutes online

as
